Garrison— HISTORY OF MEDICINE

A collector's item—again available in a new reprint

Fourth Edition. This unusual history of medicine, originally published in 1929, has been completely out of print for some 15 years. During this time, it has become a rare and sought-after volume by physicians and medical bibliophiles. It is again available in a limited reprint.

Dr. Garrison traces the history of medicine from primitive times up to the first quarter of the 20th Century—a period of particular interest when viewed from the 1960's.

By the late FIELDING H. GARRISON, A.B., M.D.

996 pages, illustrated

£4 14s. 6d.
