## PROCEEDINGS OF THE 117TH ANNUAL MEETING

### **The Reach and Limits of International Law to Solve Today's Challenges** **March 29–April 1, 2023** **Washington, DC**

*Proceedings of the ASIL Annual Meeting (Proceedings)* is the official record of the American Society of International Law's Annual Meeting. It documents the array of presentations, addresses and discussions among scholars, practitioners, judges, government officials, and advocates from around the world who meet each year to discuss the most salient international legal issues of the day. For over a century, the Annual Meeting has been among the most important gatherings of international law professionals, bringing together more than 1,200 participants from some 75 countries. *Proceedings* serves as an indispensable account of the state of international law throughout the world.

*Proceedings* does not accept unsolicited submissions. Each Volume documents the year's Annual Meeting. Shortly after each Meeting, presenters are invited to submit a written version of their presentation by a particular deadline.

As a nonpartisan organization whose members hold a diversity of views, the Society refrains from taking positions on policy matters, except in accordance with the formal process set forth in the ASIL Constitution and Regulations. The views expressed in the addresses, remarks, and discussions delivered at the ASIL Annual Meeting and appearing in *Proceedings* are those of the individual speakers and do not necessarily represent the views of the Society.

#### THE AMERICAN SOCIETY OF INTERNATIONAL LAW

The American Society of International Law (ASIL) is a nonprofit, nonpartisan, educational membership organization founded in 1906 and chartered by Congress in 1950. Headquartered in Washington, D.C., its mission is “to foster the study of international law and to promote the establishment and maintenance of international relations on the basis of law and justice.” ASIL holds Special Consultative Status with the Economic and Social Council of the United Nations and is a constituent society of the American Council of Learned Societies.

ASIL's 3,500 members come from more than one hundred nations with nearly 40 percent residing outside the United States. Its members include scholars, jurists, practitioners, government officials, leaders in international and nongovernmental organizations, students, and others interested in international law. Through its many publications, conferences, briefings, and educational events, ASIL seeks to serve the needs of its diverse membership and to advance understanding of international law among policymakers and the public.

ASIL is a volunteer-led organization governed by an elected Executive Council and administered by an executive director and professional staff.
