# The Journal of Agricultural Science

## Senior Editor (Animal papers)

Julian Wiseman, *University of Nottingham, UK*

## Senior Editor (Crops & Soils papers)

Paul Bilsborrow, *Newcastle University, UK*

*The Journal of Agricultural Science* publishes papers concerned with the advance of agriculture and the use of land resources throughout the world. It publishes original scientific work related to strategic and applied studies in all aspects of agricultural science, including: crop and animal physiology, modelling of crop and animal systems, the scientific underpinning of agronomy and husbandry, engineering solutions, decision support systems, land use, environmental impacts of agriculture and forestry, impacts of climate change, rural biodiversity, experimental design and statistical analysis, the application of new analytical and study methods (including molecular studies). The journal also publishes book reviews and letters.

# BJN

## BRITISH JOURNAL OF NUTRITION

**Editor-in-Chief**

G C Burdge, *University of Southampton, UK*

*British Journal of Nutrition* is a leading international peer-reviewed journal covering research on human and clinical nutrition, animal nutrition and basic science as applied to nutrition. The journal recognises the multi-disciplinary nature of nutritional science and includes material from all of the specialities involved in nutrition research, including molecular and cell biology, and the emerging area of nutritional genomics.

# Experimental Agriculture

## Editor

Dave Harris, *ICRISAT, Kenya*

*Experimental Agriculture* publishes the results of original research from any source on the agronomy of field, plantation and herbage crops grown for human or animal food; for industrial purposes; and on systems of agricultural production, particularly in the warmer regions of the world. It is especially concerned with experimental work designed to explain agronomic results in biological and environmental terms. The journal publishes accounts of new experimental techniques, new methods of crop production and discusses problems in countries where production is developing rapidly. There are regular book reviews and occasional, often invited, reviews of research.

# PNS

## PROCEEDINGS OF THE NUTRITION SOCIETY

### Editor-in-Chief

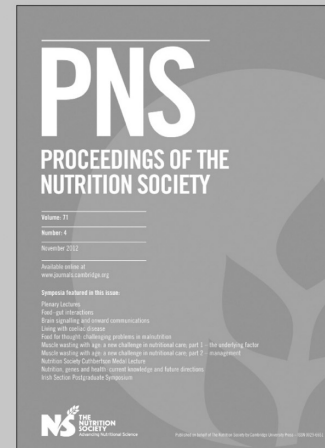

Maria O'Sullivan

*Trinity College Medical Centre, Republic of Ireland*

*Proceedings of the Nutrition Society* publishes papers and abstracts presented by members and invited speakers at the scientific meetings of The Nutrition Society. The journal provides an invaluable record of the scientific research currently being undertaken, contributing to 'the scientific study of nutrition and its application to the maintenance of human and animal health.'

# Seed Science Research

The official journal of the International Society for Seed Science (ISSS)

## Editor-in-Chief

H.W.M. Hilhorst, Wageningen University, The Netherlands

*Seed Science Research* is an international journal publishing original and opinion papers, as well as reviews. The Journal deals primarily with the fundamentals of seed research with emphasis on the physiology, biochemistry, molecular biology and ecology of seed development, dormancy and germination.

The importance of seeds to propagation, food, biofuel and biodiversity is of increasing interest and therefore submissions on seed genetics, seed biotechnology, seed treatment and seedling establishment are especially encouraged if they are novel and 'seed driven'.

# Renewable Agriculture and Food Systems

[journals.cambridge.org/raf](http://journals.cambridge.org/raf)

**Forum: Call-for-Commentaries for 'The potassium paradox: Implications for soil fertility, crop production and human health' by S.A. Khan, R.L. Mulvaney and T.R. Ellsworth**  
Charles A. Francis, Virginia L. Jin and Frederick L. Kirschenmann

1

## RESEARCH PAPERS

**The potassium paradox: Implications for soil fertility, crop production and human health**

S.A. Khan, R.L. Mulvaney and T.R. Ellsworth

3

**Biogas in organic agriculture—effects on productivity, energy self-sufficiency and greenhouse gas emissions**

Siri Pugesgaard, Jørgen E. Olesen, Uffe Jørgensen, and Tommy Dalgaard

28

**Nitrogen fertility in semiarid dryland wheat production is challenging for beginning organic farmers**

Drew J. Lyon and Gary W. Hergert

42

**Farmers' experiments in Cuba**

Friedrich Leifgeb, Susanne Kummer, Fernando R. Funes-Monzote and Christian R. Vogl

48

**Use of conservation practices by women farmers in the Northeastern United States**

Mary Barbercheck, Kathryn Brasier, Nancy Ellen Kiernan, Carolyn Sachs and Amy Trauger

65

**Soil properties in organic olive orchards following different weed management in a rolling landscape of Andalusia, Spain**

María-Auxiliadora Soriano, Sonia Álvarez, Blanca B. Landa and José A. Gómez

83

**Short- and full-season soybean in stale seedbeds versus rolled-crimped winter rye mulch**

Frank Forcella

92
