Bilingualism: Language and Cognition

Bilingualism: Language and Cognition is an international peer-reviewed journal focusing on bilingualism from a linguistic, psycholinguistic, and neuroscientific perspective. The aims of the journal are to promote research on the bilingual and multilingual person and to encourage debate in the field. Areas covered include: bilingual language competence, bilingual language processing, bilingual language acquisition in children and adults, bimodal bilingualism,

neurolinguistics of bilingualism in normal and brain-damaged individuals, computational modelling of bilingual language competence and performance and the study of cognitive functions in bilinguals. *BLC* carries articles and research notes on all aspects of the bilingual person, including articles presenting research methods and research tools pertinent to the field of bilingualism.
