New sections in the March issue

❖ The Calendar ❖

Currently events are featured in the front advertising section and in the General Notes section. As of March, we will also have a listing of future conferences and events every month in a diary form. To place a notice, fax the details to Richard Rice +44 (0) 1233 612345

❖ New Products ❖

*The section will enable advertisers to highlight new commercial developments in the ENT field. For more information please contact Richard Rice at
The Journal of Laryngology and Otology,
Headley Brothers Limited,
The Invicta Press,
Queen's Road, Ashford, Kent TN24 8HH
Tel: +44 (0) 1233 623131 Fax: +44 (0) 1233 612345*

INTERMARKET

HEAD, NECK & FACIAL PAIN SYMPOSIUM

BRIGHTON CENTRE

22nd-24th May 1996

The multidisciplinary meeting will for the first time bring together the many specialists that deal with the difficult problem of head, neck and facial pain. The aim of the symposium is to develop an understanding across speciality boundaries.

The symposium will be of interest to everyone involved in anaesthesia (pain control), base of skull surgery, dentistry, neurology, neurosurgery, maxillo-facial, oral surgery, ophthalmology, otolaryngology, psychiatry and psychology. Formal Lectures have been organised and we would like to call free papers and poster demonstrations.

SPEAKERS

Dr David Boucher

Private Practice Software

Debtor Management a Problem..?
Accountancy Changes Excessive..?
Secretary Deluged with Paperwork..?
Accountancy Software Too Complex or Inflexible..?

Not if you are using Practice Manager..!

The UK's Leading Private Practice Software Package.

- Written specifically and exclusively for private practice, genuinely easy-to-use.
- Fast and accurate billing using the licensed BUPA coding system.
- Fully integrated with commercial word processors, Practice Manager will significantly reduce secretarial workload. No more repeat typing of information!
- Automated, personalised debtor management in minutes as opposed to hours or even days - increases cash-flow and reduces bad debts.
- Individually tailored and configured to closely reflect the professional image you wish to portray on your printed output.
- Professional on-site training, backed by the highest possible level of ongoing support and continued development.

DGL have taken the "Pain" out of computerisation for over 700 Practice Manager users ranging from individual consultants through to major health care groups including BUPA, Nuffield and BMI.

Your private practice can benefit from Practice Manager together with the support, security and backing of DGL - the UK's leading supplier of private practice software.

Take the first step to increasing the efficiency and profitability of your private practice.

Ring today for a FREE no-obligation demonstration or to receive a detailed brochure.
