*Archaeological Reports* is published by the Society for the Promotion of Hellenic Studies and the British School at Athens, for their subscribers. It is now also available to subscribers to the *American Journal of Archaeology* (see back cover) and to members of the Society for the Promotion of Byzantine Studies under similar terms. Members of the public can purchase copies from the Secretary, The Society for the Promotion of Hellenic Studies, 31-34 Gordon Square, London WC1H 0PP, UK.

'Archaeology in Greece', compiled annually by the Director of the British School, is the only account of recent archaeological work in Greece published in English. It is supplemented each year by reports from other parts of the ancient Greek and Byzantine world: South Italy, Sicily, Sardinia, Cyprus, Asia Minor, the Black Sea and North Africa are covered regularly.

*Correction to AR 1989-90, 40-41:* The French School kindly informs us that Fig. 36 shows Kastro Tseresi, and that the towers at Serniakaki and Distomo had been previously identified by the Ephorate.

*Archaeological Reports* is very grateful for the support of the A.G. LEVENTIS FOUNDATION

*Editor:* Dr Lyn Rodley, The Society for the Promotion of Hellenic Studies,
