USED EQUIPMENT FOR SALE

- ➔ **Zeiss TEM Model EM-9S-2** is available for free. Purchased in 1974 for the University of Florida for \$54,700. Packing and shipping is responsibility of recipient. For further information, contact Geraldine Kaufman, New College, at (941)359-4442, Fax: (941)359-4396
- ➔ Contractor is selling a Kernco high vacuum/temperature chamber designed to test spacecraft components, a LKB Historange motorized microtome, a Reichert Polycut S motorized sliding microtome, LKB Nova ultramicrotome, Sorvall ultramicrotome, refrigerated and rotary microtomes, LKB knife makers (7800 and 2078), stereo microscopes, Perkin Elmer and Joyce Loebel microdensitometers. For specs sheets call: (202)544-0836.
- ➔ **Sorvall MT-5000, MT-2B, MT-2, MT-1 Ultramicrotomes, JB-4 microtome, TC-2 Tissue Sectioner**, each complete with accessories and warranty. Reconditioned by factory trained representative with over 30 years experience. For prices call Bill McGee at (315)451-1404, Microtome Service Company, Liverpool, NY 13088

Subscription Request/Correction Form

From (Please Print Clearly):

___ Dr., ___ Mr., ___ Ms.

Signature _____

Tel.#: _____ Date _____

- I am currently receiving the newsletter and the above is my correct address.
- I am not receiving the newsletter but would like a no cost copy and provide the following brief information:

- We would properly be considered a (check the most appropriate):
- A User of microscopy equipment/ materials/services.
- B Supplier of microscopy equipment/ materials/services.

- Our interests include (check all applicable):
- C Physical/Material Sciences.
- D Biological/Biomedical Sciences.
- E Earth Sciences.

- My own professional interests include (check all applicable):
- F Electron Microscopy.
- G Confocal Microscopy.
- H SPM/AFM.
- I Light Microscopy.
- J IR Microscopy.
- K Acoustic Microscopy.

MICROSCOPY TODAY

The objective of this publication, perhaps unlike many others, is simply to provide material of interest and value to working microscopists! It is produced ten times each year and mailed to just under 9,000 microscopists in the U.S. (each of which who have specifically requested subscriptions)—and to several hundred microscopists outside the U.S. Due to the financial support of advertisers, the publication is sent at no charge to microscopists in the U.S. However, due to the relatively few international readers (and the resulting lack of advertising income) and the very high postage costs, we must charge for international subscriptions:

Canada, Mexico, Latin and South America: \$40 for one year and \$70 for two years.

Other International: \$55 for one year and \$95 for two years.

Individuals requesting subscriptions, or wishing to change/correct their current address, may use the form to the left. This completed form may be mailed or faxed, or information sent by email, or the information may be provided via our www site.

We greatly appreciate article/material contributions from our readers—"users" as well as manufacturers/suppliers. The only criteria is that the subject matter be of interest to a reasonable number of working microscopists.
