# Journal of European Area Studies

## EDITORS

Spyros Sofos and Brian Jenkins, both at University of Portsmouth, UK

Jeremy Leaman and Martha Wörsching, both at University of Loughborough, UK

Supported by an International Editorial Advisory Board.

The **Journal of European Area Studies** (previously Journal of Area Studies) seeks to provide a forum for interdisciplinary debate about the theory and practice of area studies as well as for empirical studies of European societies, politics and cultures. The central area focus of the journal is European in its broadest geographical definition. However, the examination of European 'areas' and themes are enhanced as a matter of editorial policy by non-European perspectives. The Journal intends to attract the interest of both cross-national and single-country specialists in European studies and to counteract the worst features of Eurocentrism with coverage of non-European views on European themes.

This journal is also available online.
