Keywords Rehabilitation; schizophrenia; psychotic disorders; outcome studies; in-patients; corrigendum.

This notice is to correct an erroneous reference in the aforementioned paper. In the last paragraph of p. 2 of the paper, there is an erroneous mention of “HRUs”. This should be “HDUs” and the paragraph should read as follows:

Three CRU patients moved to a CCU, whereas one CCU patient moved to a ward specifically designated for infirmed older patients and another spent a period on a HDU before returning to the same complex care setting. Most movement occurred within HDUs: of the ten patients who changed ward, five moved to low or medium secure facilities, four moved to CCUs and one moved to a CRU (following a period of time on a low secure ward).
