UNIVERSITY PRESS

## CONTENTS

### Opinion paper

Turner, S. P., Conington, J. and Dwyer, C. M.

Opinion paper: is there a role for breeding for welfare improvement? 1265

### Breeding and genetics

Rose, G., Mulder, H. A., Thompson, A. N., van der Werf, J. H. J. and van Arendonk, J. A. M.

Breeding objectives for sheep should be customised depending on variation in pasture growth across years 1268

Fernandes, A. F. A., Neves, H. H. R., Carvalheiro, R., Oliveira, J. A. and Queiroz, S. A.

Body condition score of Nellore beef cows: a heritable measure to improve the selection of reproductive and maternal traits 1278

Chen, N. B., Ma, Y., Yang, T., Lin, F., Fu, W. W., Xu, Y. J., Li, F., Li, J. Y. and Gao, S. X.

Tissue expression and predicted protein structures of the bovine *ANGPTL3* and association of novel SNPs with growth and meat quality traits 1285

### Nutrition

Olgun, O.

The effect of dietary cadmium supplementation on performance, egg quality, tibia biomechanical properties and eggshell and bone mineralisation in laying quails 1298

Vilarrasa, E., Barroeta, A. C., Tres, A. and Esteve-Garcia, E.

Use of re-esterified palm oils, differing in their acylglycerol structure, in weaning-piglet diets 1304

Soumeh, E. A., van Milgen, J., Sloth, N. M., Corrent, E., Poulsen, H. D. and Nørgaard, J. V.

Requirement of standardized ileal digestible valine to lysine ratio for 8- to 14-kg pigs 1312

Strathe, A. V., Strathe, A. B., Theil, P. K., Hansen, C. F. and Kebreab, E.

Determination of protein and amino acid requirements of lactating sows using a population-based factorial approach 1319

Huuskonen, A. and Huhtanen, P.

The development of a model to predict BW gain of growing cattle fed grass silage-based diets 1329

### Physiology and functional biology of systems

Lupi, T. M., Nogales, S., León, J. M., Barba, C. and Delgado, J. V.

Characterization of commercial and biological growth curves in the Segureña sheep breed 1341

Đidara, M., Poljičak-Milas, N., Milinković-Tur, S., Mašek, T., Šuran, J., Pavić, M., Kardum, M. and Šperanda, M.

Immune and oxidative response to linseed in the diet of periparturient Holstein cows 1349

Gomez, E., Martin, D., Carrocera, S. and Muñoz, M.

PGF<sub>2α</sub> levels in Day 8 blood plasma are increased by the presence of one or more embryos in the uterus 1355

### Behaviour, welfare and health

Lau, Y. Y. W., Pluske, J. R. and Fleming, P. A.

Does the environmental background (intensive v. outdoor systems) influence the behaviour of piglets at weaning? 1361

Lambertz, C., Petig, M., Elkmann, A. and Gauly, M.

Confinement of sows for different periods during lactation: effects on behaviour and lesions of sows and performance of piglets 1373

Burnard, C. L., Pitchford, W. S., Hocking Edwards, J. E. and Hazel, S. J.

Facilities, breed and experience affect ease of sheep handling: the livestock transporter's perspective 1379

Brcsic, M., Ricci, R., Prevedello, P., Lonardi, C., De Nardi, R., Contiero, B., Gottardo, F. and Cozzi, G.

Synthetic rubber surface as an alternative to concrete to improve welfare and performance of finishing beef cattle reared on fully slatted flooring 1386

Kézér, F. L., Kovács, L. and Tőzsér, J.

Step behaviour and autonomic nervous system activity in multiparous dairy cows during milking in a herringbone milking system 1393

McConnel, C., Lombard, J., Wagner, B., Koprál, C. and Garry, F.

Herd factors associated with dairy cow mortality 1397

### Product quality, human health and well-being

Lebret, B., Ecolan, P., Bonhomme, N., Méteau, K. and Prunier, A.

Influence of production system in local and conventional pig breeds on stress indicators at slaughter, muscle and meat traits and pork eating quality 1404

Costa, P., Simões, J. A., Costa, A. S. H., Lemos, J. P. C., Navas, D., Hocquette, J. F., Calkins, C. R. and Bessa, R. J. B.

Repercussions of growth path on carcass characteristics, meat colour and shear force in Alentejana bulls 1414

Prado, I. N., Campo, M. M., Muela, E., Valero, M. V., Catalan, O., Olleta, J. L. and Sañudo, C.

Effects of castration age, protein level and lysine/methionine ratio in the diet on colour, lipid oxidation and meat acceptability of intensively reared Friesian steers 1423
