Asian Journal of Comparative Law

The *Asian Journal of Comparative Law* (AsJCL) is the leading forum for research and discussion of the law and legal systems of Asia. It embraces work that is theoretical, empirical, socio-legal, doctrinal, or comparative that relates to one or more Asian legal systems, as well as work that compares one or more Asian legal systems with non-Asian systems. The Journal seeks articles which display an intimate knowledge of Asian legal systems, and thus provide a window into the way they work in practice. The AsJCL is an initiative of the Asian Law Institute (ALI), an association established by 13 leading law schools in Asia and with a rapidly expanding membership base across Asia and in other regions around the world.
