Greek place-names: In order to standardize the spelling of site-names in *Archaeological Reports*, they will usually be transliterated using British Library conventions as follows:

α/a β/b γ/g (γγ/ng γκ/nk γξ/nx γχ/nch) δ/d ε/e ζ/z η/e θ/th ι/i κ/k λ/l

μ/m (μβ/b μπ/b) ν/n ο/o π/p ρ/r σ,ς/s τ/t υ/u or y φ/ph χ/ch ψ/ps ω/o

A few exceptions to this rule are made in cases in which anglicized place-names have long been in use (Rhodes, Corinth, Athens, etc.) and where V is a well-established rendering of β (Vergina, Veroia).

Archaeological Reports is published by the Society for the Promotion of Hellenic Studies and the British School at Athens, for their subscribers. It is now also available to subscribers to the *American Journal of Archaeology* (see back cover) and to members of the Society for the Promotion of Byzantine Studies under similar terms. Members of the public can purchase copies from the Secretary, The Society for the Promotion of Hellenic Studies, Senate House, Malet Street, London WC1E 7HU, UK.

'Archaeology in Greece', compiled annually by the Director of the British School, is the only account of recent archaeological work in Greece published in English. It is usually supplemented each year by reports from other parts of the ancient Greek and Byzantine world: South Italy, Sicily, Sardinia, Cyprus, Asia Minor, the Black Sea and North Africa are covered regularly.

Archaeological Reports is very grateful for the support of the A.G. LEVENTIS FOUNDATION
