

## Instructions for Contributors

*Bird Conservation International* publishes papers and communications on subjects relevant to the conservation of birds, with a general preference for those addressing international or high national priorities.

**Submission of manuscripts.** Authors are encouraged to submit their manuscripts with a covering letter by email to [bci.editor@mmu.ac.uk](mailto:bci.editor@mmu.ac.uk). Microsoft Word documents are preferred but other formats such as WordPerfect are also acceptable. Full instructions for authors can be found at <http://journals.cambridge.org/BCI>.

**Proofs.** The corresponding author will receive, by email, page proofs for checking which they are required to return within three days of receipt. Textual changes in proof cannot normally be countenanced and the publisher reserves the right to charge authors for excessive correction of non-typographical errors.

**Offprints.** A .pdf proof of the published article will be emailed to the first author unless otherwise requested; printed copies may be purchased if ordered at proof stage on the form provided.

**Copyright.** Authors of articles published in the journal assign copyright to BirdLife International (with certain rights reserved) and a copyright assignment form will be sent to the author for signature on acceptance of a paper.

*Printed in the United Kingdom, by the University Press, Cambridge*

This journal issue has been printed on FSC-certified paper and cover board. FSC is an independent, non-governmental, not-for-profit organization established to promote the responsible management of the world's forests. Please see [www.fsc.org](http://www.fsc.org) for information.

# Bird Conservation International

## CONTENTS

- **Tracking trends in key sites for biodiversity: a case study using Important Bird Areas in Kenya**  
M. A. Kiragu Mwangi, S. H. M. Butchart, F. B. Munyekenye, L. A. Bennun, M. I. Evans, L. D. C. Fishpool,  
E. Kanyanya, I. Madindou, J. Machekele, P. Matiku, R. Mulwa, A. Ngari, J. Siele and A. J. Stattersfield 215
- **Bird species richness and diversity at montane Important Bird Area (IBA) sites in south-eastern Nigeria**  
Shiwua Manu, Inaoyom Sunday Imong and Will Cresswell 231
- **Historical and current distribution, population size and possible migration routes of the Blue Swallow  
*Hirundo atrocaerulea* in Africa**  
Steven W. Evans and H. Bouwman 240
- **Rediscovery of the Honduran Emerald *Amazilia luciae* in western Honduras: insights on the distribution,  
ecology, and conservation of a 'Critically Endangered' hummingbird**  
David L. Anderson, Paul House, Robert E. Hyman, Ricardo Steiner, H. Ross Hawkins, Sherry Thorn,  
Manuel J. Rey, Mario R. Espinal and Leonel E. Marineros 255
- **Avian collisions with power lines: a global review of causes and mitigation with a South African perspective**  
Andrew R. Jenkins, Jon J. Smallie and Megan Diamond 263
- **Modelling the risk of collision with power lines in Bonelli's Eagle *Hieraetus fasciatus* and its  
conservation implications**  
Àlex Rollan, Joan Real, Rafel Bosch, Albert Tintó and Antonio Hernández-Matías 279
- **Introduced mammals, vegetation changes and seabird conservation on the Scott Islands,  
British Columbia, Canada**  
J. Mark Hipfner, Moira J. F. Lemon and Michael S. Rodway 295
- **Breeding biology of the Critically Endangered Galapagos Petrel *Pterodroma phaeopygia* on San  
Cristóbal Island: conservation and management implications**  
Francisco Cruz-Delgado, José A. González and David A. Wiedenfeld 306
- **Spatial overlap between foraging seabirds and trawl fisheries: implications for the effectiveness of a  
marine protected area at Golfo San Jorge, Argentina**  
Pablo Yorio, Flavio Quintana, Patricia Dell'Arciprete and Diego González-Zevallos 320
