

SHAMANS, HOUSEWIVES, AND OTHER RESTLESS SPIRITS

WOMAN IN KOREAN RITUAL LIFE

Laurel Kendall

"This book is a delight to read . . . It would make a valuable addition to the library of an anthropologist, folklorist, psychologist, traveler to Korea, the intellectually curious layman, and—especially—a culturally curious housewife—if only to find out how her Korean sister has devised a psychologically potent way to create harmony in her household." —*New York City Tribune* \$20.00 cloth

A JOURNAL OF THE CHINESE CIVIL WAR, 1864

Prosper Giquel

Edited by Steven A. Leibo and Debbie Weston

The discovery and translation of Giquel's journal represents the first serious study of the French-led contingent in the Chinese Civil War. \$20.00, cloth

A South Indian Subcaste

LOUIS DUMONT, *Ecole des Hautes Etudes en Sciences Sociales, Paris*; edited and translated by MICHAEL MOFFATT, *Rutgers University*. This is the first English translation of Dumont's widely-acclaimed study of the Pramalai Kallars of southern Tamilnadu, south India. Among the most comprehensive ethnographies of any Indian caste to date, the book traces the history and distribution of the Kallars and fully explores their social, cultural, material, economic, and political life. (*French Studies on South Asia*)
November 1985 48 photos, 48 drawings \$34.50

Wives of the God-King

The Rituals of the Devadasis of Puri

FREDERIQUE APFFEL MARGLIN, *Smith College*. The "devadasis"—or, literally, "female servants of the deity"—are among the 1500 devotees of the Hindu temple and cult of Jagannatha at Puri. Focusing on this intriguing group of women, this book examines ideas about kingship, power, sexual purity, the role and status of women, and other central concerns of Hindu religious and cultural life.
1985 388 pp.; 16 illus. \$32.50

Sadar-I-Riyasat

An Autobiography

Volume Two: 1953-1967

KARAN SINGH. "Worth reading. . . holds our interest effortlessly."—*Times Literary Supplement* (on Volume One: *Heir Apparent*). This second volume of Singh's autobiography covers a time when, as Head of State, Singh witnessed the wars in China and Pakistan in the early 1960s, the death of two Prime Ministers, and Indira Gandhi's rise to power.
1985 180 pp.; illus. \$16.95

The Heart of a Continent

A Narrative of Travels in Manchuria, Across the Gobi Desert, Through the Himalayas, the Pamirs and Chitral, 1884-94

SIR FRANCIS YOUNGHUSBAND; with an introduction by PETER HOPKIRK. First published in 1896, this book tells of Younghusband's journey through Manchuria and along the Silk Road into Chinese Turkistan. The rousing narrative allows the armchair traveler a vicarious enjoyment of the excitement, hardships, and achievements of the Great Game between Russia and Great Britain in Central Asia.
1985 445 pp.; illus., maps \$29.95

Visits to High Tartary, Yarkand and Kashgar

ROBERT SHAW; with an introduction by PETER HOPKIRK. Written over a century ago by British tea planter and pioneer explorer Robert Shaw, this volume recounts Shaw's now celebrated expedition into Central Asia in 1868. Here, Shaw offers a lively and detailed account of the course and events of his journey as well as the bloody warfare waged by Turkic autocrats and the elaborate social rituals of their elite.
1985 516 pp.; 7 illus.; maps \$29.95

Malay Politics in Sarawak, 1946-1966

The Search for Unity and Political Ascendancy

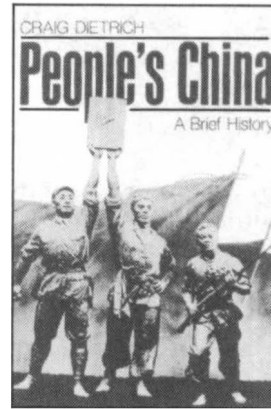

SAID SANIB, *University of Technology, Malaysia*. This is the first in-depth study of the political evolution of the Malay community during the crucial years following its cession to the British Crown in 1946, as it emerged from the trauma of the "cession controversy" and gradually found a united voice through the Parti Bumiputera.
1985 240 pp.; map \$34.50

People's China

A Brief History

CRAIG DIETRICH, *University of Southern Maine*. This balanced and lively history of the People's Republic of China sketches the historical circumstances and the rare cast of characters who seized power in 1949 after decades of national disintegration and defeat. *People's China* is clear, concise, and brimming with fascinating anecdotes, with biographical profiles of a dozen major leaders skillfully woven into the narrative.

January 1986 320 pp.; 6 portraits, 5 diagrams,
4 tables, 2 maps
cloth \$19.95 paper \$9.95*

Modern India

The Origins of an Asian Democracy

JUDITH M. BROWN, *University of Manchester*. This original study examines how India's stable and culturally-rich society interacted with Western industrializing forces to form one of the world's largest democratic states. The first book to incorporate the revisionist research of the 1970s, *Modern India* offers a new and exciting understanding of the resources, patterns, and problems of Indian political life at all levels. (*The Short Oxford History of the Modern World*)

1985 500 pp.; 2 maps, 2 figs. cloth \$29.95 paper \$12.95*

The Rise of Modern China

Third Edition

IMMANUEL C. Y. HSÜ, *University of California, Santa Barbara*. On an earlier edition: "Sound and rewarding. . . a major contribution to teachers of Chinese history."—*History: Reviews of New Books*. "The best textbook to date on modern China: comprehensive, thorough, scholarly, yet eminently readable."—Dilip Basu, *University of California, Santa Cruz*. Surveying the main currents of Chinese history since 1600, the third edition of this widely-used text now devotes considerable coverage to the period from 1949 to 1981 and includes an entirely new section on China since the death of Mao.

1983 1,024 pp.; 107 illus., maps, charts \$24.95*

Also by Immanuel C. Y. Hsü

China Without Mao

The Search for a New Order

"The author has done his research assiduously and his writing style is clear and concise. In terms of providing a historical account of recent events, it is excellent."—*Perspective*. Here, Hsü examines the dramatic modernization and transformation of post-Maoist China in light of concurrent political and economic trends and events.

Three Elegies of Ch'u

An Introduction to the Traditional Interpretation of the Ch'u T'zu

Geoffrey R. Waters

Geoffrey R. Waters provides a translation of three of the "Nine Elegies," ascribed to Ch'ü Yüan and recorded in the second-century A.D. anthology of Chinese literature known as the *Ch'u T'zu*.

He also has translated the four extant commentaries upon those three elegies written between the second and twelfth centuries A.D. By translating integrally and then analyzing the commentaries, Waters demonstrates that the traditional interpretation of the poems was radically different from that suggested by modern Western and Chinese scholars. This work will be of value not only to students of traditional Chinese literature, but—because of Waters' original methodology—to students of comparative literature and literary interpretation in any language.

Waters' systematic translation and use of the traditional commentaries is particularly crucial because it allows a reconstruction of the poems' traditional meaning in all their facets—philological, lexical, and historical. Contemporary scholars, by dismissing the traditional commentaries or using them sparingly, have reduced these elegies to examples of shaman lore. In fact, Waters argues,

the poems communicate a far more complex political statement, and were understood as doing so by the early commentators. Taking us step by step from text to commentaries, he suggests that the elegies represent the political philosophy, cosmology, and tragic allegory of Ch'ü Yüan, the high Minister of State driven to suicide because of his inability to reconcile himself with his king.

By illuminating the original meaning of the texts, Waters explicates more than a literary work. His ambitious scholarship ultimately reveals a society from the inside and allows us to glimpse a lost, uniquely Chinese world of cultural forms and processes.

Geoffrey R. Waters' translations of Chinese and Tibetan poetry have appeared in a variety of journals and literary magazines. He is the author of works on Asian literature, film, and business. His translation of the poetry of the T'ang poet Yü Hsuan-chi appeared in *A Book of Women Poets from Antiquity to Now* (Schocken Books, 1980).

Asian Studies from Princeton

Deference and Defiance in Nineteenth-Century Japan

William W. Kelly

Four times in the nineteenth century, popular protest movements spread across the northern Japanese rice plain of Shonai. Each of these movements combined deference to certain conventions and an implacable defiance of elite expectations. This study skillfully portrays the changing character of the protests, their relationship to one another, and their role in the societal transformation of Shonai first during Japan's shift from tributary polity to nation state and from mercantilism to capitalism. \$31.50

Agrarian Radicalism in South India

Marshall M. Bouton

Much recent literature locates the cause of Third World peasant rebellion in the impact of capitalism and imperialism on traditional agrarian society. This book, in contrast, argues for the primacy of internal sources of agrarian radicalism and for the importance of the variable local conditions that mediate forces of modernization. Focusing on the years from 1940 to 1972, Marshall Bouton analyzes the emergence and subsidence of agrarian radicalism in the district of Thanjavur in the southern Indian state of Tamil Nadu. He also explains why forces of commercialization and technological change have failed to produce a revolutionary response throughout India's still primarily agrarian society. \$42.00

The Dutch East India Company and the Economy of Bengal, 1630-1720

Om Prakash

Om Prakash reveals the central role played by Bengal in the Dutch East India Company's activities in India in the seventeenth and the early eighteenth century and the resulting integration of India into the world economy. By the early 1700s, Bengal provided almost 40 percent of the value of Asian goods sent to Holland, and over half of all textiles exported from Asia by the Company. Long before this, the Company had carried goods from Bengal all over Asia. Drawing on little-used documents in the General State Archives in The Hague, the author discusses the place of the Company in Bengal from the beginnings of its trading operations there in the 1630s until about 1720. \$38.50

Hindu Javanese Tengger Tradition and Islam *Robert W. Hefner*

"This book is an exemplary model of sophisticated use of sociological and semiotic theory in the analysis of complex historical and ethnographic materials."

'*Kokin Wakashū*' and the Court Style
in Japanese Classical Poetry

Helen Craig McCullough. This is the first full-scale study in English of one of the world's earliest and most important poetic anthologies. Compiled in about 905 and consisting of over 1,000 poems, *Kokin wakashū*, or *Kokinshū*, as it is usually called, fixed the basic style of Japanese poetry and defined the aesthetics of an entire literary tradition. In her wide-ranging analysis, the author discusses virtually every aspect of this monumental work, from the influence of Chinese poetry on Japanese writers and the content and form of typical *Kokinshū* poems, to the role of the principal compiler in shaping and transmitting the *Kokinshū* legacy. \$55.00

Kokin Wakashū

The First Imperial Anthology of Japanese Poetry
with 'Tosa Nikki' and 'Shinsen Waka'

Translated and Annotated by Helen Craig McCullough. Sparkling with wit and elegance, this new and complete translation of *Kokin wakashū* provides the Western reader fresh access to one of the enduring monuments of the unique culture of the Heian court. In addition to poems in the basic text, it includes the anthology's Chinese and Japanese prefaces, 11 so-called "deleted" poems, and 29 poems that appear in variant textual lines. Translations of two works by Ki no Tsurayuki, *Kokinshū*'s principal compiler, have also been appended. \$49.50

The Riverside Counselor's Stories

Vernacular Fiction of Late Heian Japan

Translated, with an Introduction and Notes, by Robert L. Backus. The 10 short narratives presented here are the only surviving examples of a Japanese literary tradition that flourished in the 11th and 12th centuries. Collected under the title *Tsutsumi Chūnagon monogatari*, the stories are both enjoyable as literature and historically significant. They pursue the vicissitudes of amorous relations between aristocratic men and women, developing the action in realistic settings and giving close attention to the emotional state of the characters. Unlike earlier excessively literal renderings, these new translations convey a remarkably lively literary quality. \$35.00

Stanford University Press

Okubo Diary

Portrait of a Japanese Valley

Brian Moeran. Part journal, part ethnographic observation and part social and moral commentary, *Okubo Diary* is a colorful and highly sensitive account of the intimate, day-to-day lives and complex relationships of people living in a remote area of the Japanese countryside. Based on four years of fieldwork among the valley people, it describes the process by which a dedicated, compassionate anthropologist tries—and eventually fails—to “become at one with” his informants. Though the locale has been disguised and a few composite characters have been created, everything else related in the book actually happened. \$32.50

Transforming the Past

Tradition and Kinship Among Japanese Americans

Sylvia Junko Yanagisako. This book is both a cultural history of Japanese American kinship and a contribution to the study of modern kinship systems in the United States. Focusing on first- and second-generation Japanese Americans in Seattle, it emphasizes the symbolic process through which people interpret and transform kinship relations. It presents the Issei and Nisei history of three key relations—marriage, filial relations, and siblinghood—to show how each generation interprets commonalities and differences in terms of a symbolic opposition between “Japanese” and “American.” \$39.50

Chinese Rural Development

The Great Transformation

William L. Parish, editor

As Chinese agriculture has moved rapidly from collective to family farming, there has been a tremendous spurt in production and income. This book comments critically on both past problems that helped create the recent changes and on the full range of causes and consequences of these transformations.

New from Cambridge

Trade and Civilisation in the Indian Ocean

An Economic History from the Rise of Islam to 1750

K.N. Chaudhuri

Chaudhuri argues that socially-determined demand operated through the medium of market forces and relative prices. He points out the unique and limiting features of Asian commercial capitalism, and the valuable contribution of the Asian merchants to culture and commerce worldwide.

Cloth \$42.50 Paper \$16.95

Warlord Soldiers

Chinese Common Soldiers, 1911-1935

Diana Lary

Diana Lary writes about the Chinese Common Soldiers from 1911-1935 who have not, until now, been the subject of study. Although in their time these soldiers were considered to be worthy of little respect, this book shows that their impact on their society was enormous.

Caste, Conflict and Ideology

Mahatma Jotirao Phule and Low Caste Protest in Nineteenth-Century Western India

Rosalind O'Hanlon

This study concentrates on the first leader of the Low Caste Protest movement in nineteenth-century India—Mahatma Jotirao Phule. As a study of a popular movement, this book attempts to view the structures of religious, political, and colonial power as they appeared "from beneath".

Cloth \$44.50

Peasants and Imperial Rule

Agriculture and Agrarian Society in the Bombay Presidency 1850-1935

Neil Charlesworth

This study examines the impact of British rule on Indian peasantry. The author concludes that significant long-term economic social change did occur, but that the highly "differential" pattern of commercialization prevented any structural transformation in the peasant economy and society.

Cambridge South Asian Studies 32

To the Storm

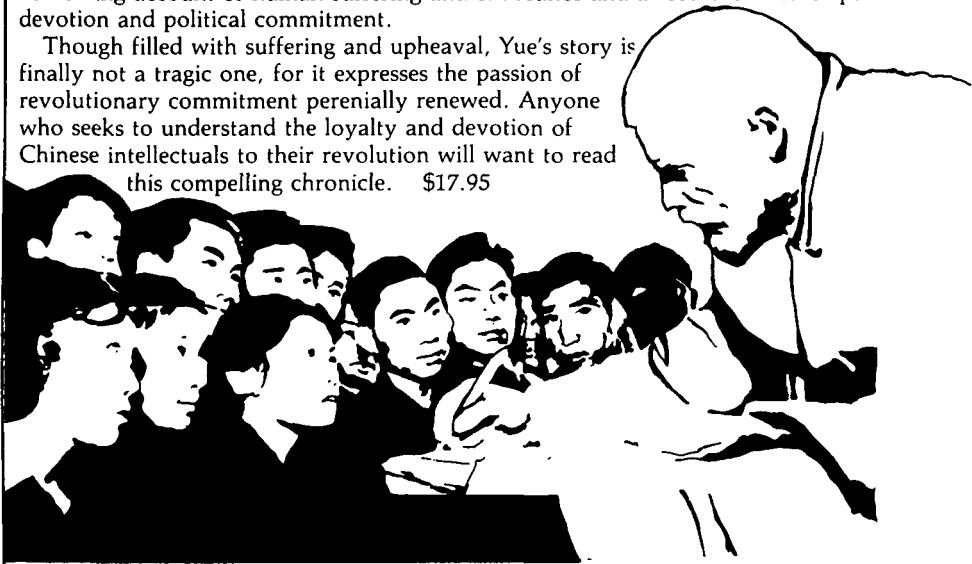

The Odyssey of a Revolutionary Chinese Woman YUE DAIYUN and CAROLYN WAKEMAN

"I have walked through these twenty-one years one step at a time, and I am convinced that not a single step was taken in vain. My only wish is that we firmly remember this lesson paid for in blood, tears, hardship, and unimaginable suffering so that the actual situation can recover its true features and be recorded in the annals of history."

—Wang Meng, *Bolshevik Salute*

Here for the first time a highly placed Chinese intellectual tells her own story—at once a harrowing account of human suffering and endurance and a record of intense patriotic devotion and political commitment.

Though filled with suffering and upheaval, Yue's story is finally not a tragic one, for it expresses the passion of revolutionary commitment perennially renewed. Anyone who seeks to understand the loyalty and devotion of Chinese intellectuals to their revolution will want to read this compelling chronicle. \$17.95

Chen Village

The Recent History of a Peasant Community in Mao's China ANITA CHAN, RICHARD MADSEN, and JONATHAN UNGER

"The authors . . . vividly bring to life the effect of the Chinese Communist Party's constantly changing policies on the villagers from the mid-1960's throughout the early 80's."

—*New York Times*

"Provides a highly personalized account of village life and of the human drama of revolutionary transformation. . . . It is a remarkably revealing portrait of how specific individuals, playing key roles in village life, adapted, survived, succeeded, and failed in the most turbulent period of China's recent history."—*Worldview*

"This is ethnography of the most exciting kind. . . . The story is told in a lively and informative fashion. Political movements come alive in this volume."—*Choice* \$8.95

CORNELL UNIVERSITY PRESS

P.O. Box 250, Ithaca, New York 14851

The eight letters published here (for the first time in English) are a fascinating chronicle of China in the Ming dynasty and of the efforts of Michele Ruggieri and the famed Matteo Ricci to establish a Jesuit mission there. The letters, as edited for European publication in 1586, reveal the extent to which these men committed themselves to a program of cultural respect and accommodation—how they learned both written and spoken Chinese, ingratiated themselves with the ruling classes, and seemed to become Chinese themselves. Rienstra compares these texts to the originals in the Jesuit Archives, and finds that, even though the degree of accommodation was muted by the European editor, the published letters still clearly convey the linguistic and cultural struggles experienced by the Jesuits. \$15.00 cloth

cultural history”

—Natalie Zemon Davis

THE MEMORY PALACE OF MATTEO RICCI

Jonathan D. Spence

In 1577, Matteo Ricci set out from Italy to bring Christian faith and Western thought to Ming Dynasty China. Following his trail in a masterful synthesis of intellectual, social, and political history, Jonathan D. Spence reveals the 16th century—West and East—as it has never been seen before. Spence's scholarship and command of detail vividly reconstruct the life of this classic Renaissance man. At the same time, he finds a voice for the hopes and fears of a largely forgotten world.

“An arresting portrait of a subtle, powerful, and complex mind.”

—William H. McNeill, president, American Historical Association

“Moving and strangely beautiful....Spence has actually written...the portrait of an age, as remarkable for its form as for its content.”

—Paul Robinson, Stanford University, in *The New York Times Book Review*

EASTERN WISDOM

The World of Thought in Ancient China

Benjamin I. Schwartz

In this bold, original work, Benjamin Schwartz offers a fresh view of the range of Chinese thought during the formative period of Chinese culture. He elucidates and interprets the meaning of seminal Chinese texts in their own light and challenges Western modes of thinking that have prevented a full understanding of East Asia.

"In spirit this work reminds us of the writing of Isaiah Berlin. Like Berlin, Schwartz is 'against the current.' He takes nothing for granted and completely frees himself from what is called the 'tyranny of concept.'"

—Ying-shih Yü, Yale University

Asian Power and Politics

The Cultural Dimensions of Authority

Lucian W. Pye with Mary W. Pye

In a major new book, Lucian Pye reconceptualizes Asian political development as a product of cultural attitudes toward power and authority.

Breaking with modern political theory, he shows how power differs profoundly from one culture to another by contrasting the great traditions of Confucian East Asia with Southeast Asian cultures and South Asian traditions of Hinduism and Islam. He also explores in depth the national differences within these larger traditions.

"Pye's thesis, closely reasoned and brilliantly argued, is a superb contribution to the international political debate." —*Kirkus Reviews*
