Announcement

The European Association for Mental Health in Mental Retardation was founded in 1993 as a non-profit making organisation. The purpose of the Association is to promote co-operation and exchange of knowledge in the field of mental health care for mentally retarded people throughout the European countries with a special emphasis on improving the standards of service provision. To this end, the Association will: organize international and regional scientific meetings, publish newsletters, journals and books, establish exchange programmes for researchers and professional care givers, promote collaborative research projects across the community, provide consultancy services on the development and provision of services at local, national and international levels, promote educational and training programmes.
