Art Director – *Randy White*

Subscription Information

The Journal is published quarterly by the Institute for Alternative Agriculture. Combination IAA membership and individual subscription to the Journal is \$30 a year domestic, \$15 student, and \$35 foreign. Membership alone is \$15 a year domestic, \$7.50 student, and \$20 foreign. Individual Journal subscription is \$20 a year domestic, \$10 student, and \$25 foreign. Institutional subscription is \$40 a year domestic, \$45 foreign. Single copies \$6.

The IAA is not responsible for statements and opinions expressed by authors. Address all mail relating to the Journal to the Institute for Alternative Agriculture, 9200 Edmonston Road, Suite 117, Greenbelt, MD 20770. Phone (301) 441-8777

Institute Information

The Institute for Alternative Agriculture is a nonprofit, tax-exempt research and education organization established in 1983 to encourage and facilitate the adoption of low-cost, resource-conserving and environmentally-sound farming methods. It works closely with producer groups, public research and education institutions, and government agencies in promoting a sustainable agriculture system.

Its programs include providing a national information clearinghouse, serving as a voice for sustainable agriculture in Washington, and developing and implementing research and educational outreach programs. It holds an annual scientific symposium and publishes a monthly newsletter.

The Institute is governed by a 12-member Board of Directors, which includes several commercial-scale organic farmers, and maintains a small professional staff. It is supported by memberships and donations and grants from foundations, corporations, and individuals.
