**NAGOYA
MATHEMATICAL JOURNAL**

VOL. 132

December 1993

**PUBLISHED BY
DEPARTMENT OF MATHEMATICS, SCHOOL OF SCIENCE
NAGOYA UNIVERSITY**

Correspondences concerning subscription, and back issues
of the journal should be addressed to

KINOKUNIYA COMPANY LTD.
17-7 Shinjuku 3-chome, Shinjuku-ku
Tokyo 163-91 JAPAN

The annual subscription price for 1993 is about \$ 268.00.

PUBLISHED BY
DEPARTMENT OF MATHEMATICS, SCHOOL OF SCIENCE
NAGOYA UNIVERSITY

Nagoya Mathematical Journal is, in principle, the official organ of the Department of Mathematics, Nagoya University, designed solely for the publication of research papers. However, some invited papers and other original papers in mathematics from all over the world are also regularly published in Nagoya Mathematical Journal. Currently, 4 volumes are published each year.

All manuscripts should be typewritten in English, French, or German with sufficient space between lines, and special letters such as bold-face, German, Greek, and script should be clearly marked. All single letters used in formulas will appear in italic, and mathematical symbols will appear in the standard style usual for mathematical literature. Therefore, it is not required to mark such letters and symbols. Instructions which conflict with the general printing rules of the journal will not be accepted. For example, each paragraph title should appear in bold-face. Good reproductions of a typewritten manuscript are acceptable.

As soon as we receive a manuscript, a receipt will be sent to the author. When a manuscript has been sent to a referee, the author will receive another notice. These receipts and notices, however, do not mean anything regarding the acceptability of the paper for publication. If the editorial committee has decided to accept a paper, the author will receive a notice containing the number of the volume in which the paper will appear.

Each author, as well as each co-author, will have 100 reprints, while only one set of proof will be prepared per paper for proof-reading by the author(s). Therefore, a joint paper must carry instructions as to whom the proof should be sent.

The actual business of the Nagoya Mathematical Journal is performed by the managing editor with the cooperation of editors residing in Nagoya.

The manuscript and general correspondence should be addressed to: Managing editor, Nagoya Mathematical Journal, Department of Mathematics, School of Science, Nagoya University, Chikusa-ku, Nagoya, 464-01, Japan.

CONTENTS

Oldřich Kowalski: A classification of Riemannian 3-manifolds with constant principal Ricci curvatures $\rho_1 = \rho_2 \neq \rho_3$	1
Alok Kumar Maloo: Generators for a maximally differential ideal in positive characteristic	37
Katsuhisa Mimachi: Reducibility and irreducibility of the Gauss-Manin system associated with a Selberg type integral	43
Katsumi Nomizu and Takeshi Sasaki: Centroaffine immersions of codimension two and projective hypersurface theory	63
Atsushi Murase and Takashi Sugano: Zeta functions of prehomogeneous affine spaces	91
Atanas Iliev: Algebraic threefolds with two extremal morphisms	115
Michihiko Kawamura and Shigeo Segawa: P -harmonic dimensions of ends	131
Toshiro Watanabe: Oscillation of modes of some semi-stable Lévy processes	141
Shin Kato and Shin Nayatani: Complete conformal metrics with prescribed scalar curvature on subdomains of a compact manifold	155
Hideo Yokoi: New invariants and class number problem in real quadratic fields	175
