

# ANIMAL PRODUCTION

JOURNAL OF THE BRITISH SOCIETY OF ANIMAL PRODUCTION

APRIL 1972

VOL. 14 PART 2

LONGMAN

## INFORMATION FOR CONTRIBUTORS TO *ANIMAL PRODUCTION*

Detailed notes for guidance in the preparation of manuscripts are printed in volume 13, pages ix to xx. A few general points are given below.

*Animal Production* publishes papers on original research provided that they have not been and, with the exception of authors' summaries, will not be published elsewhere without the Editors' written permission. Authors' summaries can be reproduced if full acknowledgement of the source is made.

*Contributions* may be in the field of animal production, or in any related scientific field. Reports on techniques will be published only as appendices to scientific papers. Results of research which do not warrant a comprehensive presentation may be submitted for consideration as *Notes*. *Notes* are not intended for the publication of interim results. They should not exceed 2000 words or the equivalent inclusive of tables and illustrations.

*Manuscripts* should be typewritten in double spacing with wide margins. Each page and the lines on each page should be numbered. *Two* copies of the typescript (and of illustrations) should be sent to

Dr. Gerald Wiener,  
Animal Production,  
A.R.C. Animal Breeding Research Organisation,  
West Mains Road, Edinburgh EH9 3JQ, Scotland

Manuscripts are not returned with proofs; authors should therefore retain copies.

*Units of measurement.* Metric units should be used. SI units will be accepted but are not obligatory.

*Symbols and abbreviations.* Authors should consult the notes prepared for guidance. Levels of statistical significance which can be indicated without explanation are : \* =  $P < 0.05$ , \*\* =  $P < 0.01$ , \*\*\* =  $P < 0.001$ .

*Illustrations.* The same material should not normally be presented in tables and figures. Legends should be typed on a separate sheet.

- (a) Diagrams should be drawn in Indian ink, about twice the size of the finished block, on Bristol board, stout tracing paper or plastic film. Photographed diagrams are also accepted. Lettering inside the framework of the diagram should be inserted in Indian ink. Marginal lettering may, if preferred, be inserted lightly in pencil.
- (b) Photographs intended for half-tone reproduction should be on glossy paper. They will be accepted only if found necessary by the Editors.
- (c) Colour plates are unlikely to be accepted unless authors bear the cost.

*Tables* should be as simple and as few as possible. When constructing tables, it would be helpful if authors would take into account the size and shape of the pages of *Animal Production*.

# AMERICAN SOCIETY OF ANIMAL SCIENCE

PUBLISHERS OF THE MONTHLY

## *Journal of Animal Science*

113 North Neil Street, Champaign, Illinois 61820

The Journal of Animal Science is published monthly by the American Society of Animal Science. It contains papers dealing with livestock production problems and review papers on subjects of general interest to those dealing with livestock production problems. Papers are classified in the table of contents under the following headings: Applied Animal Science, Breeding and Genetics, Meat Science and Muscle Biology, Nonruminant Nutrition, Physiology and Endocrinology, Ruminant Nutrition, and Teaching.

All persons engaged or previously engaged in investigation, instruction or extension in animal production or in the production of livestock products are eligible for membership in the Society. Membership may be obtained after formal application sponsored by one member of the Society in good standing, the payment of dues, and election by the membership committee. The annual membership dues are: U.S. and Canada, \$20.00; South and Central America, \$20.50; other countries, \$21.00; and this includes a subscription to the Journal of Animal Science.

Correspondence concerning subscriptions, purchase of single copies and back issues and related business should be addressed to the Business Manager, Claude Cruse, 425 Illinois Building, 113 North Neil Street, Champaign, Illinois 61820, U.S.A. The subscription price for nonmembers is \$24.00 in the United States and Canada, \$24.50 in the rest of North and South America, and \$25.00 in other places. Checks should be made payable to the American Society of Animal Science. Foreign subscribers are requested to remit by international money order or by a draft on a New York bank.

# The British Veterinary Journal

Contents of the January 1972 issue include:

Freedom of Movement and the Right of Establishment of Veterinary Surgeons Within the EEC by A. R. W. Porter

Reactions and Haematology in Imported Jersey Cattle Premunized in Ceylon by Priennie Ranatunga and L. Wanduragala

Recovery of Louping Ill Virus from the Red Grouse in Ireland by P. J. Timoney

Comparison of Oral Vaccination or Furazolidone Prophylaxis for *Salmonella typhimurium* Infection in Chicks by V. A. Knivett and J. F. Tucker

Published monthly

Annual Subscription £8·00

U.S.A. and Canada \$25.00

BAILLIÈRE  TINDALL

7/8 Henrietta Street London WC2E 8QE

## COMMONWEALTH BUREAU OF ANIMAL NUTRITION

The Bureau provides a comprehensive information service on all aspects of the nutrition of man and animals, primarily through the quarterly journal *Nutrition Abstracts and Reviews* in which about 10,000 bibliographical references are published annually, more than half of them accompanied by informative abstracts. The annual subscription, including Index and postage is for subscribers in countries which contribute to the Commonwealth Agricultural Bureaux and in other countries £45 (\$117).

Annotated Bibliographies on specific topics are published from time to time. The latest issued are:

No. 7A	Protein requirements of cattle (1951-1971)	133 refs	£2·70
No 32	Nutritive value of rapeseed meal for livestock and poultry (1951-1971)	136 refs	£2·70

A series of *Technical Communications* is also published, the latest being:

No. 25	"Vitamins in feeds for livestock" by F. C. Aitken and R. G. Hankin.	Price £3·25
--------	---	-------------

For further information about the Bureau and its publications write to

Commonwealth Bureau of Animal Nutrition,  
Buckburn, Aberdeen, AB2 9SB, Scotland.

# ANIMAL BREEDING ABSTRACTS

will keep you aware of the latest literature on livestock breeding and production for the reasonable outlay of £8 annually, or £15.75 if you live outside the British Commonwealth or the Republic of Ireland. If you are investigating a specific subject, why not avail yourself of our **Annotated Bibliography Service**. Here are some recent titles:

<i>Number</i>	<i>Subject</i>	<i>Period covered</i>	<i>Number of References</i>	<i>Price</i>
132	Heterosis in pigs	1960-68	17	30p
133	Inbreeding in pigs	1958-68	51	75p
134	Comparative milk yields of Friesian (Holstein) cattle of different origin	1960-69	17	30p
135	Meuse-Rhine-Yssel cattle	1952-66	12	30p
136	The Charolais and its use in crossbreeding	1963-69	101	£1.50
137	The performance of German Mutton Merino and Wurttemberg Merino sheep. (With special reference to mutton production in hot climates)	1955-69	31	45p
138	Milk recording in cattle: methods	1955-68	75	£1.05
139	Genetics of coat colour and type in the guinea-pig	1935-70	36	45p

These are duplicates of bibliographies prepared on request at the Commonwealth Bureau of Animal Breeding and Genetics, Edinburgh. In addition to the full title reference, the abstract published in *Animal Breeding Abstracts* is reproduced. They can be obtained on application to the Director of the Bureau, The King's Buildings, West Mains Road, Edinburgh, 9. The prices quoted include postage by ordinary mail, and the remittance should be sent with the order *unless you want it posted by air mail*. If the material is to be sent by air mail, do not send money with your request. You will receive an invoice which includes air mail postage.
