

HARPER'S COMPARATIVE GOVERNMENT SERIES

Michael Curtis, Advisory Editor

Recently published volumes:

EASTERN EUROPEAN GOVERNMENT AND POLITICS

Vaclav Benes, Andrew Gyorgy, and George Stambuk

This country-by-country study considers the development and structure of the Eastern European states, their individual Communist parties, the forces that shape their leadership, and their relations with the Soviet Union since World War II. The authors, each a native of the region and an expert in its affairs, strive to effect a balance between two diverging interpretations: that which recognizes very little change in the Eastern European scene and that which exaggerates any appearance of change. 247 pages; \$3.50 paper

THE GOVERNMENT OF THE GERMAN FEDERAL REPUBLIC

Robert G. Neumann

This analysis of the government and politics of the Federal Republic today includes a brief historical introduction, the controversial issue of German reunification and its political significance, Germany's place in the European and Atlantic worlds, reasons for her political stability and instability, and points of cooperation and friction between Germany and her neighbors. 192 pages; \$2.75 paper

JAPANESE POLITICAL STYLE

An Introduction to the Government and Politics of Modern Japan

Warren M. Tsuneishi

This book introduces the most important aspects of contemporary Japanese politics and government and discusses Japan's geographic and economic foundation, its national characteristics, and historical and constitutional background. 226 pages; \$2.50 paper

BRITISH GOVERNMENT AND POLITICS

Douglas V. Verney

In describing contemporary British political life, the author assumes the basic premise that its significance lies in its adjustment—or inability to adjust—to the loss of an Empire and to the impoverishment caused by two world wars. 226 pages; \$2.50 paper

The first three volumes:

LATIN-AMERICAN POLITICS AND GOVERNMENT

Robert J. Alexander
