

## GENERAL NOTES

ROYAL SOCIETY OF MEDICINE,

1 Wimpole Street, London, W.1.

*Section of Laryngology.* The next meeting of the Section will be held on Friday, February 4th, at 5 o'clock.

The meeting will be a clinical one. There will be a short paper by Mr. W. G. Scott-Brown on "The Use of Radium in Hyperplastic Rhinitis." There will be a demonstration of cases.

*President* : C. A. Scott Ridout, M.S., Clarendon Road, Southsea.

*Hon. Secretaries* : Terence Cawthorne, F.R.C.S., 149 Harley Street, W.1; M. L. Formby, F.R.C.S., 4 Queen Anne Street, W.1.

\* \* \*

*Section of Otology.* The next meeting of the Section will be held on Friday, February 4th, at 9.30 a.m.

There will be a discussion on "Otitis Externa." This will be opened by Dr. H. McCormac and Dr. Ewart Martin.

*President* : F. J. Cleminson, M.Ch., 100 Harley Street, W.1.

*Hon. Secretaries* : R. Scott Stevenson, M.D., 31 Harley Street, W.1; C. Hamblen Thomas, F.R.C.S., 26 Harley Street, W.1.

# Peroral Endoscopy Table

Fitted with Head Rest for BRONCHOSCOPY, ŒSOPHAGOSCOPY,  
NASAL OPERATIONS Etc.

Designed by V. E. NEGUS, M.S., F.R.C.S.

The head rest enables the operator himself to place the patient in the desired position for a variety of operations. All parts touched by the operator are sterilisable.

The apparatus is an elaboration of Haslinger's Bronchoscopic head rest, but its range of utility is extended to enable the patient to be supported with the shoulders beyond the end of the table for œsophagoscopy, and to be kept in the correct attitude during operations performed in the sitting or semi-sitting position.
