

INDEX TO VOL. LXXXI.

The General Index covers original articles, reviews and the epitome, and includes subjects dealt with as well as the title of articles.

The following names are printed in SMALL CAPITALS: authors of original articles and of books reviewed. Names of authorities referred to in the text are in ordinary type.

(R.) indicates a *Review*; the title of the book reviewed is followed by the author's name, thus: "Psycho-analysis and its Derivatives, by H. Crichton-Miller (R.)."

(E.) indicates the *Epitome* section; the title of the abstract is followed by the author's name, thus: "Age and human ability. Miles, W. R. (E.)."

Obituary notices and references appear under the heading "Obituaries".

The names of authors referred to in the Epitome section are listed in Part II.

PART I.—GENERAL INDEX.

- Ability and Knowledge, The Standpoint of the London School, by F. C. Thomas (R.), 931
- Acetic-anhydride reaction in cerebro-spinal fluid in neuro-psychiatry (E.), 712
- Acetylcholine and choline, distribution of, in suprarenal glands (E.), 936
- " contained in blood? Ammon, R. (E.), 963
- " for epilepsy (E.), 479
- " for neurotic anxiety, 396-412
- " heart-slowing action of (E.), 963
- " in muscle (E.), 963
- " in the brain. Dikshit, B. B. (E.), 232
- " in the suprarenals (E.), 197
- " liberation during nerve excitation. Kruta, V. (E.), 696
- " rôle of, in bladder contractile mechanism and in parasympathetic ganglia. Henderson, V. E., and Roepke, M. H. (E.), 233
- Achlorhydria in the psychoses: with special reference to coincident anæmia, by Ruby O. Stern, 358-369
- Acid-base equilibrium during mental work (E.), 695
- Action-current responses in deaf-mutes during sleep, sensory stimulation and dreams. Max, L. W. (E.), 940
- Adenylic acid in the central nervous system. Riebeling, C. (E.), 476
- Adrenal cortex, sensitiveness to, in schizophrenics and normals (E.), 214
- Adrenaline and the emotions, 785
- " and the excitation of sympathetic nerves, action of oxygen inhibitors on, the effects of. Bacq, Z. M. (E.), 696
- " catatonia (E.), 708
- " effect of, in schizophrenia (E.), 958
- " effect on complex muscular activity. Landis, C. (E.), 697
- " mechanism for nervous discharge of. Feldberg, W., Minz, B., and Tsudzimura, H. (E.), 197
- " psychological effect of. Lindemann, E. (E.), 706
- After-histories of discharged mental hospital patients: an investigation, by L. H. Wootton, R. W. Armstrong and Dorothy Lilley, 168-172
- After-history of 90 patients discharged against advice, by Louis Minski, 509-513
- Agglutinations of *B. coli* by the serum of psychotics, especially schizophrenics, by G. Beck, W. Ogden, and M. Whelen, 524-527
- Aggression (E.), 701
- Agoraphobia, a case of. Dreikurs, R. (E.), 479
- " and its relation to hysterical attacks and to traumas. Weiss, E. (E.), 701

- Aids to Psychiatry, by W. S. Dawson (R.), 3rd. edn., 191
- Alcohol injected intravenously, effects of. Newman, H. W. (E.), 955
- Alcoholic intoxication, acute, psychiatric concept of (E.), 951
- Alcoholism, chronic, brain changes in (E.), 228, 475
- Alimentary system, effects of emotions on functions of (Wittkower), 561-607, 658
- Alkali reserve in blood and cerebro-spinal fluid. Thurzo, J., and Katzenelbogen, S. (E.), 712
- Allergy associated with neurosis in asthma (Wittkower), 547-550
- " " " in migraine-like headache. Sheldon, J. M., and Randolph, T. C. (E.), 954
- Alzheimer's disease. Rothschild, D. (E.), 471
- Amaurotic family idiocy (E.), 962
- " " " studies of the infantile form. Bertrand, I., and van Bogaert, L. (E.), 478
- Amidopyrin, detoxification of, by sodium amytal. Rose, C. M. (E.), 959
- Ammonia content of brain in uræmia. Stefl, J., and Kunzova, H. (E.), 962
- " poisoning, acute, histological changes in the central nervous system in. Fazekas, Gy. I. v. (E.), 227
- Amnesia, temporary. Leavitt, F. H. (E.), 711
- Amyl nitrite, effect of, on cerebro-spinal fluid pressure (E.), 958
- Amytal, effect of, on schizophrenics (E.), 955
- " sodium as a means of obtaining contact in stuporose and uncommunicative cases. Schwartz, D. K. (E.), 221
- " " detoxification of amidopyrin by (E.), 959
- " " effects on the metabolism. Dameshek, W., Myerson, A., and Loman, J. (E.), 221
- " " in catatonia (E.), 958
- " " psycho-pharmacology of. Thorner, M. W. (E.), 959
- Anæmia, pernicious, psychoses in. Goldkuhl, E. (E.), 217
- " with achlorhydria in the psychoses, 358-369
- Anatomy and physiology (E.), 196, 460, 695, 935
- ANDERSON, E. W., variations in the blood-sugar in a case of depression with diabetes mellitus, 427-434
- ANDERSON, G. W., *see* Line
- Annual Meeting of the Association, July, 1935, 970
- Anorexia nervosa (Wittkower), 579
- Anthropometry record cards, 299
- Anxiety and hyperadrenalism, 400
- " and the vegetative system, 393
- " attack, agitated, 392
- " " somatic therapy of, 395
- " biliary (E.), 953
- " " Baruk, H., Briand, H., Camus, L., and Cornu, R. (E.), 703
- " biological significance of, 409
- " equivalents, 392
- " Freud's revised concept of (E.), 700
- " " sexual theory of, 402
- " somatic genesis of, 401
- " syndrome of neurotic: the somatic and psychic components of its genesis and therapy, by Walter Misch, 389-414
- " " " treated by acetylcholine, 396-412
- Apraxia, constructive: psychological views on the conception of space. van der Horst, L. (E.), 198
- " " in corpus callosum lesions. Bell, A. (E.), 220
- ARMSTRONG, R. W., *see* Wootton
- Aschner treatment of schizophrenia. Appel, K. E., Farr, C. B., and Braceland, F. J. (E.), 956
- Ascorbic acid content of suprarenals and liver, control of. Beznak, A. B. L., and Hariss, Z. (E.), 475
- Asthma, bronchial, as a neurotic symptom. Holub, A. (E.), 205
- " influence of the emotions on (Wittkower), 5
- Atropine assay in epilepsy (E.), 951
- " in high doses for sequelæ of chronic encephalitis. Askgaard, V. (E.), 959
- " sulphate in treatment of post-encephalitic Parkinsonianism (E.), 959, 960
- Auditory perceptibility: acuity and dominance. Twitmeyer, E. B., and Nathanson, Y. (E.), 463
- Autacoid function of parasympathetic nerves. Beznak, A. B. L. (E.), 935
- Autohæmotherapy in epileptics. Bongiorno, A. (E.), 222

- Autonomic nervous system in schizophrenia, pharmaco-dynamic investigation of. Freeman, H., and Carmichael, H. T. (E.), 958
 " " " tone of, in puerperal state. Pérez, M. L., and Rosenvasser, J. (E.), 965
 " responses to electrical stimulation of hypothalamus, pre-optic region, and septum. Ranson, S. W., Kabat, H., and Magoun, H. W. (E.), 937
- Bacteriology, pathology and biochemistry (E.), 712-716
 Balance tests on urine, effects of emotion on (Wittkower), 620
 BANISTER, H., Psychology and Health (R.), 694
 Barbitol poisoning, acute. Scheidegger, S. (E.), 226
 Barbitals, action and degradability. Gutschmidt, J. (E.), 226
 " effect on sugar regulation, 226
 " gastro-intestinal inhibition caused by. Quigley, J. P., and Phelps, K. R. (E.), 226
 Barbiturate poisoning, coma due to. Carrière, G., and Huriez, C. (E.), 718
 Barbiturates. VII: experimental analysis of their action. Koppányi, T., and Dille, J. M. (E.), 477
 " VIII: distribution in the brain; IX: effect on embryo and pregnancy; X: acute poisoning. Koppányi, T., Dille, J. M., and Krop, S. (E.), 719
 Barbituric acid derivatives, acute poisoning by. Buzzo, A., and Carratala, R. E. (E.), 719
 Basal ganglia, share of, in epilepsy. Hanón, J. L. (E.), 966
 " metabolism, effects of emotion on (Wittkower), 622
 " " in general paralysis (E.), 474
 " " in paralysis agitans (E.), 474
 Baths, prolonged, and wet packs (E.), 222
 Beauty shop (occupation therapy). Larson, A. (E.), 224
 BECCLE, H. C., action of certain drugs in schizophrenia, 46-60
 " some recent investigations into the hæmatology of the psychoses, 840-847
 BECK, A., OGDEN, W., and WHELEN, M., agglutinations of *B. coli* in the serum of psychotics, especially schizophrenics, 524-552.
 " " " experimental studies on the connection between schizophrenia and tuberculosis, 514-523
 Behaviour disorders in children, medical approach to the study of. Lurie, L. A. (E.), 942
 " problems, physical associations in adults with. Rowe, A. W., and van Waters, M. (E.), 941
 Bell's mania (acute delirium). Kraines, S. H. (E.), 218
 Bellini, footnote to an allegory of. Goitein, P. L. (E.), 464
 BERESFORD, J. D., The Case for Faith Healing (R.), 933
 Berger rhythm, the, potential changes from occipital lobes in man. Adrian, E. D., and Matthews, B. H. C. (E.), 940
 Bile secretion, influence of emotions on (Wittkower), 604-607, 659
 Biliary anxiety (E.), 703, 953
 Biochemistry and pathology (E.), 226, 474, 960-967
 " pathology and bacteriology (E.), 712-716
 Bismuth, penetration of, into central nervous system. Huang, Chin Tsing (E.), 959
 " " the nervous system. Klauder, J. V., and Brown, H. (E.), 716
 Blood, acetylcholine, calcium, sugar, etc., in, *see* Acetylcholine, etc.
 " and cerebro-spinal fluid, alkaline reserve in (E.), 712
 " " " distribution of chlorine, phosphorus, sugar and urea in (E.), 234
 " " animal inoculation tests for tuberculosis, 519
 Blood-brain barrier, effect of uric acid on. Brunelli, B. (E.), 474
 " " in infectious diseases. Friedemann, U., and Elkeles, A. (E.), 230
 Blood-cerebro-spinal fluid barrier in mental disorders. Rothschild, D., and Hamberg, C. N. (E.), 713
 Blood, chemical changes in epilepsy (E.), 965
 " culture for T.B., 518
 " effects of emotion on (Wittkower), 607-618, 659
 Blood-pressure, effect of emotions on (Wittkower), 552-561, 658
 Blood-serum in schizophrenics, inorganic composition of. Minker-Bogdanova, E. T., Povorinskaya, S. A., and Povorinskii, Y. A. (E.), 963
 Board of Control, Twelfth Annual Report, 1934 (R.), 456
 Boarding-out system (E.), 222
 Boltz acetic-anhydride reaction in cerebro-spinal fluid in neuro-psychiatry. Borgarello, G. (E.), 712

- BOWMAN, L., Diffuse Sclerosis (R.), 693
- Brain, acetylcholine in (E.), 232

The Charter

(DATED MARCH 13, 1926.)

George the Fifth by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India :

To all to whom these presents shall come, GREETING :

WHEREAS in the year One thousand eight hundred and forty-one an unincorporated Association known as The Medico-Psychological Association of Great Britain and Ireland was formed for the promotion and cultivation of science in relation to mental disorder and the care and treatment of the insane :

AND WHEREAS on the Ninth day of September One thousand nine hundred and twenty-five we were pleased to grant to the said Medico-Psychological Association of Great Britain and Ireland permission to use the prefix "Royal" and we commanded that the said Association should thenceforth be known as "The Royal Medico-Psychological Association" :

AND WHEREAS the said Voluntary Association now existing and known as The Royal Medico-Psychological Association hath petitioned us for a Charter of Incorporation such as is in and by these presents granted :

AND WHEREAS we are minded to comply with the Prayer of such Petitioner :

NOW, THEREFORE, We, by virtue of Our Royal Prerogative in that behalf, and of all other powers enabling Us so to do of our Special Grace, certain knowledge and mere

motion do hereby, for Us, our Heirs, and Successors, will, grant, direct, appoint, and declare to the said Voluntary Association as follows :—

1. The persons now Members of the said Voluntary Association known as The Royal Medico-Psychological Association, and all such persons as may hereafter become Members of the Body Corporate hereby constituted pursuant to or by virtue of the powers granted by these Presents, and their Successors, shall for ever hereafter (so long as they continue to be such Members) BE by virtue of these Presents one Body Corporate and Politic by the name of “The Royal Medico-Psychological Association” and by the same name shall have perpetual succession and a Common Seal, with power to break, alter, and make anew the said Seal from time to time at their will and pleasure, and by the same name shall and may implead and be impleaded in all Courts, and in all manner of actions and suits, and shall have power to do all other matters and things incidental or appertaining to a Body Corporate.

2. We do also hereby, for Us, Our Heirs, and Successors, license, authorize, and for ever hereafter enable The Royal Medico-Psychological Association hereby incorporated, or any person on its behalf, to acquire for the purposes of the Association any lands, tenements, or hereditaments whatsoever within Our United Kingdom of Great Britain and Ireland, not exceeding in the whole the annual value of five hundred pounds (to be determined according to the value thereof at the time when the same are respectively acquired) and to hold the same in perpetuity and from time to time to grant, demise, alienate or otherwise dispose of the same or any part thereof.

3. And We do hereby also, for Us, Our Heirs, and Successors, give and grant Our Licence to any person or persons and any Body Politic or Corporate to assure in perpetuity, or to demise to or for the benefit of The Royal Medico-Psychological Association (hereinafter called “the Association”) any lands, tenements or hereditaments whatsoever within Our United Kingdom of Great Britain and Ireland, so as the same do not exceed at any one time the annual value aforesaid.

4. The objects and purposes for which the Association is hereby constituted are for the promotion and cultivation of science in relation to mental disease and the improvement in

the treatment of persons suffering from mental disorder and to facilitate the exchange of information and ideas on those subjects amongst the Members of the Association and otherwise and for that purpose—

(A) To hold periodical and other Meetings of the Association and conferences with other Associations whether in the United Kingdom or elsewhere.

(B) To publish such information as may be thought desirable in the form of a periodical journal.

(C) To print, publish, translate, sell, lend, and distribute any books, pamphlets, or treatises on or connected with science in relation to mental disease, or with the treatment of persons suffering from mental disorder, or with allied sciences, and to cause translations into any language to be made of any such books, pamphlets, or treatises, and to print, publish, sell, lend, and distribute the same in the United Kingdom or elsewhere.

(D) To make any expenditure which the Association may think fit for sending and maintaining in any part of the United Kingdom or elsewhere any person or persons chosen by the Association for the investigation of science in relation to mental disease, or of the treatment of persons suffering from mental disorder, or of allied subjects, the convening of Meetings, and inviting thereto any person or persons desired by the Association, for discussing and promoting the objects of the Association, and for sending and defraying the expenses of representatives of the Association to any Meetings convened for similar objects in any part of the United Kingdom or elsewhere, and for making researches and observations on subjects connected with psychological medicine.

(E) The consideration of all questions affecting the interests of the Association and of the medical profession generally in its relation to mental disease, the treatment of persons suffering from mental disorder and allied subjects, the petitioning of Parliament, or the promotion of deputations in regard to measures affecting the objects for which the Association is established, and the promotion of improvements in the principles or administration of the law relating to mental disease, the treatment of persons suffering from mental disorder, and allied subjects.

§

(F) To grant sums of money out of the funds of the Association for the promotion of the objects of the Association in such manner as may be from time to time determined on.

(G) To promote and encourage the study of science in relation to mental disease, of the scientific treatment of persons suffering from mental disorder, and of allied subjects:—

(1) By the provision, institution, and maintenance of lectures, classes, examinations and other means of instruction therein upon such terms and conditions, and upon payment of such fees as the Association may from time to time determine by regulations or otherwise: provided always that the surplus of such payments over the expenditure necessary for the provision, institution and maintenance of such means of instruction shall be devoted to such of the objects of the Association as may be deemed expedient; and

(2) by the institution, maintenance, and grant of scholarships, prizes, certificates, or other awards, or distinctions, on such terms and conditions as may from time to time be prescribed by regulation or otherwise.

(H) To establish, or promote branches or local divisions of the Association, whether in the United Kingdom or elsewhere.

(I) To provide, if the Association think fit, legal assistance to Members of the Association in enforcing or defending their legal rights, whether under the Lunacy Acts or otherwise, if and so far as such assistance may be lawfully afforded, having regard to the laws against maintenance.

(J) To borrow and raise money for the purposes of the Association and to secure the repayment thereof by bonds, debentures, mortgages, or other securities, or in such other manner as may be determined, and for this purpose to mortgage or charge all or any of the property of the Association.

5. The Association shall not carry on any trade or business or engage in any transaction with a view to the pecuniary gain or profit of the members thereof. No member shall have any personal claim on any property of the Association or make

any profit out of his membership, except in the case of and as a salaried Officer of the Association.

6. There shall be a Council of the Association consisting of the Officers of the Association and of such number of Members with such qualifications and to be elected or constituted as such Members of Council in such manner and to hold office for such period, and on such terms as to re-election, and otherwise, as the Bye-laws for the time being of the Association shall direct.

7. The Association shall have such Officers, with such functions, tenure, and terms of office, as the Bye-laws of the Association may prescribe and such other Officers and Servants as the Council of the Association may from time to time appoint.

8. Among the Officers of the Association there shall be a President, a President-elect, an Ex-President, a Treasurer and a General Secretary. The said Officers shall be nominated and elected in such manner, and shall hold office for such period, and on such terms as to re-election and otherwise, as the Bye-laws for the time being of the Association shall direct.

9. The Council shall have the management and control of the Association and its affairs subject to the provisions of these presents and to the Bye-laws of the Association, and may subject as aforesaid do all such things as appear to the Council to be necessary or expedient for giving effect to the objects of the Association. The business of the Council shall be conducted in such manner as the Council may prescribe.

10. Unless and until the Bye-laws of the Association shall otherwise provide there shall be three classes of Members of the Association, namely : (A) Ordinary Members, (B) Honorary Members, and (C) Corresponding Members. The Members of the said Voluntary Association, the Royal Medico-Psychological Association who by virtue of these Presents become Members of the Association shall be deemed to have entered the Association as Members of the same class as that to which they belonged in the said Voluntary Association.

11. The qualifications, method and terms of admission, privileges, and obligations, including liability for expulsion or suspension of Members of each of the said classes respectively, shall be such as the Bye-laws for the time being of the Association shall direct.

12. A General Meeting of the Members of the Association entitled under the Bye-laws to be present and vote thereat shall have power from time to time to make such Bye-laws of the Association as to them shall seem requisite and convenient for the regulation, government, and advantage of the Association, its Members and property, and for the furtherance of the objects and purposes of the Association, and from time to time to revoke, alter or amend any Bye-law theretofore made so that the same be not repugnant to these Presents or to the Laws and Statutes of this our Realm: Provided that no such Bye-law, revocation, alteration, or amendment shall take effect until the same shall have been allowed by the Lords of Our Privy Council of which allowance a Certificate under the hand of the Clerk of Our Privy Council shall be conclusive evidence.

13. The first Bye-laws to be made under these Presents shall be made by a General Meeting of the Members of the Association entitled to be present and vote thereat within the period of six months from the date of these Presents, unless the Lords of Our Privy Council shall see fit to extend such period, of which extension the Certificate of the Clerk of Our Privy Council shall be conclusive evidence.

14. Pending the making and approval of the Bye-laws to be made under these Presents but no longer the Articles of Association of the existing Voluntary Association known as The Royal Medico-Psychological Association and the Bye-laws made thereunder shall be the Bye-laws of the Association, and shall have effect as though the Association, its Officers and Members, had therein been referred to throughout in lieu of the said Voluntary Association, its Officers and Members.

15. The property and moneys of the Voluntary Association known as The Royal Medico-Psychological Association shall from the date of these Presents become and be deemed to be the property and moneys of the Association and shall as soon as may be be formally transferred to the Association or such person or persons on its behalf as the Bye-laws may prescribe.

16. And We do hereby for Us, Ours Heirs and Successors, Grant and Declare that these Our Letters Patent or the enrolment or exemplification thereof shall be in all things good, firm, valid and effectual according to the true intent and meaning of the same and shall be taken, construed and adjudged in all Our Courts or elsewhere in the most favourable

and beneficial sense and for the best advantage of the said Association, any mis-recital, non-recital, omission, defect, imperfection, matter or thing whatsoever notwithstanding.

IN WITNESS whereof We have caused these Our Letters to be made Patent.

Witness Ourselves at Westminster the 13th day of March in the year of Our Lord One thousand nine hundred and twenty-six and in the sixteenth year of Our Reign.

BY WARRANT UNDER the King's Sign Manual.

SCHUSTER

Bye-Laws

Adopted at the Annual Meeting held on July 13, 1926, and Allowed from that Date by the Lords of the Privy Council.

Revocations and Alterations adopted at the Annual Meeting held at Wakefield on July 11, 1928, and allowed by the Lords of the Privy Council, October 29, 1928; further Revocations and Alterations adopted at the Annual Meeting held at Northampton on July 5, 1934, and allowed on October 30, 1934.

Classes of Members.

1. The Association shall consist of three classes: (a) Ordinary Members, (b) Honorary Members, and (c) Corresponding Members.

Qualification and Election of Ordinary Members.

2. Medical Practitioners who are registered in the United Kingdom under the Medical Acts, Medical Practitioners who reside in any part of the British Empire and are so registered, and Medical Practitioners who hold such medical qualifications as satisfy the Council shall be qualified for election as Ordinary Members.

3. (a) Every Candidate for admission to the Association as an Ordinary Member shall be proposed or recommended by three Members, of whom one at least shall be personally acquainted with him.

(b) The proposers of such Candidate shall send to the General Secretary, or the Secretary of the Division in which the Candidate resides, a proposal in writing, setting forth the full Christian name and surname of the Candidate, with address, qualifications, and appointments if any.

(c) A list of such Candidates so proposed shall accompany the circular convening General or Divisional Meetings, and no Candidate shall be submitted for election whose name does not appear on such list.

4. The election of Ordinary Members shall take place at the General and Divisional Meetings, and shall be by ballot, and no such Candidate shall be declared elected unless he shall have in his favour three fourths of the total number of Members balloting. Such Candidates may be voted for as a whole, but in the event of a single black ball each shall be separately voted for until a Candidate is reached for whom a black ball is cast, after which the remaining Candidates shall be voted for as a whole, and the election shall proceed as before.

5. A list of all Ordinary Members elected at Divisional Meetings shall be forthwith forwarded by the Secretary for the Division in which such Meeting is held to the General Secretary; and such list shall contain the full name, address, qualification and proposers of each such Member elected.

6. Every person elected an Ordinary Member shall forthwith receive notice of the fact in writing from the General Secretary, but no election of an Ordinary Member shall be considered complete until the person elected has paid his subscription and signed, either in the books of the Association or by means of a copy transmitted to him by the General Secretary, the following obligation :—“ *I hereby promise that I will promote the objects of the Royal Medico-Psychological Association to the best of my ability, and I admit that I am bound by its Charter and Bye-laws for the time being in force.*”

7. The election or re-election of every person as an Ordinary Member shall be entered on the Minutes of the Meeting and recorded by the General Secretary in the Register of Members; but if it should appear upon a ballot that any person proposed is not elected, no notice of the decision arrived at shall be taken in the Minutes.

Qualification and Election of Honorary Members.

8. Distinguished members of the medical profession and others who are eminent in psychology or in those branches of science that are connected with the service of mental disorder and allied conditions, or who have rendered signal service to the cause of humanity in relation to the treatment of any form of mental disorder or allied conditions, or to the Association, shall be qualified for election as Honorary Members.

9. The number of Honorary Members elected annually shall not exceed three, and the total number shall not exceed forty.

10. The election of Honorary Members shall be conducted in the same manner as that provided by Bye-laws 3 and 4 and for the case of Ordinary Members, with the exception that (a) they shall be elected only at Annual Meetings, (b) they shall be recommended by six Members (personal acquaintance not being requisite), (c) they shall be approved by the Nominations Committee and the Council. The names of Candidates shall be printed, with the names of Members recommending them, on the Agenda of the Annual Meeting at which they will be proposed for election.

11. As soon as convenient after their election, Honorary Members shall be presented with a diploma in the form "A" appended to these Bye-laws, and signed by the President, General Secretary, and at least four Members of the Council.

Qualification and Election of Corresponding Members.

12. British, Overseas Dominion, Colonial and Foreign Physicians residing abroad may be elected Corresponding Members.

13. Corresponding Members shall be elected in the same manner as Honorary Members, but their recommendation shall require the signatures of only four Ordinary Members.

14. Corresponding Members shall as soon as may be after their election receive a diploma in the form "B" appended to these Bye-laws, and signed by the President, General Secretary, and at least four Members of the Council.

Withdrawal and Expulsion of Members.

15. Any Member of the Association may withdraw from it on signifying his desire to do so by letter under his hand addressed to the General Secretary, but such resignation shall not in the case of an Ordinary Member take effect until his subscription is paid up to the end of the year then current.

16. Any Member whose name has been removed from the Medical Register shall *ipso facto* cease to be a Member of the Association.

§§

17. Any Ordinary Member who shall in respect of two successive years omit, after a special application of the Treasurer, to pay his annual subscription, shall be reported by the Treasurer to the Council, who may give directions for the removal of the name of the defaulting Member from the roll of the Association, or may take such action with regard to him as it decides upon.

18. Whenever there shall appear cause in the judgment of the Council for the expulsion of any Member from the Association, a minute shall be made thereof, and a copy of such minute sent forthwith in a registered letter by the General Secretary to the Member in question, who shall be invited to attend the next Meeting of the Council. If, after further consideration at their next Meeting, the Council still regard the expulsion of the Member as advisable, they shall frame a resolution to that effect, which shall be submitted to the next Annual Meeting and decided by ballot, a majority of three fourths of the Members voting being required to carry the resolution.

Payments and Privileges of Members.

19. The annual subscription of each Ordinary Member shall be one and a half guineas, or such larger sum as may be determined by the Annual Meeting. In the case of husband and wife a smaller compounded subscription may be allowed by the Council. Subscriptions for each year become payable on January 1 in that year. Ordinary Members elected after July 1 shall pay a subscription of one guinea only for the year of their election, or they may delay taking up their election until the succeeding January 1. Ordinary Members shall be entitled to receive gratis the JOURNAL of the Association and such supplements as the Council may authorise to be issued without extra payment. In the event of any member being in default in the payment of his annual subscription he shall only be entitled to receive the JOURNAL on payment of the usual published charge therefor.

20. Honorary Members shall be exempt from all payments to the Association, and shall enjoy all the privileges of Ordinary Members.

21. Corresponding Members shall be exempt from all payments to the Association, and shall enjoy the privilege of

attending the Meetings of the Association and of introducing friends to them in the same manner as Ordinary Members, but shall not be entitled to any further privileges without special leave granted by the Council.

Divisions.

22. There shall be Divisions of the Association for the cultivation of science in relation to mental disorder and allied conditions, the improvement of the treatment of those suffering from mental disorder and allied conditions, and the promotion of good-fellowship among its Members.

23. Upon the application of a sufficient number of Members the Association, on the recommendation of the Council, may constitute a new Division of the Association in the United Kingdom or in the Overseas Dominions or in the Colonies.

24. No Division shall have the power to speak or act in the name of the Association, or to commit the Association to any engagement.

25. Each Division shall have power to hold meetings, to appoint its own Chairman and Secretary, to elect Members of the Association, and to conduct its own business. Each Division shall appoint annually a Standing Committee of Management, the retiring members to be eligible for immediate re-election. Each Division shall have the power to appoint other Standing Committees, but only with the sanction of, or at the request of, the Council. Each Division may appoint Special Committees at its pleasure. Each Division shall annually elect Members to act as representatives of the Division on the Council. The Chairman of a Division (a Vice-President *virtute officii*) shall be one of its Representative Members of the Council. He shall be appointed annually and be eligible for re-appointment for two years, after which he shall not again be eligible. His appointment shall be made by show of hands or ballot, and shall follow immediately upon the election of Representative Members of the Council.

26. The appointments of the Divisional Secretaries and the election of Representative Members shall proceed upon voting papers issued to Members of Divisions at the same time as the Agenda papers for the Divisional Meeting at which such appointment or election is to take place. These voting papers

shall be in Form "E" appended to these Bye-laws and shall show the names of those proposed for election, together with the names of six Members of the Division recommending each; but no recommendation of any Member shall be made until his consent to serve shall have been obtained. Any ordinary Member of the Division may vote by deleting the name or names of any or all the proposed members and by substituting the name or names of any other Member of the Division whose consent to serve has been received. In such case it shall not be necessary for such last mentioned member to have been recommended by six members of the Division as aforesaid. Voting papers must be handed in at the Meeting at which election takes place, or must be sent by post to the Divisional Secretary so as to reach him seven clear days before the said Meeting. The voting papers shall be subjected to the scrutiny of the said Meeting, and the results of election shall be declared and reported by the Divisional Secretary to the General Secretary in time for that Meeting of Council which is held at least six weeks before the Annual Meeting of the Association. In the event of equality of votes the Divisional Meeting shall decide any question thus raised. On an application by a Divisional Secretary the Council may authorise elections to be held by show of hands instead of by ballot. At the Meeting at which such election is to take place any Member may move a resolution that the election shall be by ballot, and if such resolution is carried by a majority of at least two-thirds present at such Meeting the election shall be postponed to take place in accordance with the provisions of this Bye-law at a Special Divisional Meeting to be held within 14 days of the Meeting at which such resolution was carried.

27. All Members of the Association shall have a right to attend any of the Divisional Meetings and take part in all business of the Meetings, save such as refers to the internal management of the Division.

28. The expenditure of each Division shall be subject to the control of the Council, and no expenses shall be incurred by a Division without the Consent of the Council, except those necessary for convening and holding its Meetings, and for election of Representatives and Secretary.

29. A Divisional Meeting may transmit through its Secretary a Resolution to the General Secretary with a demand

that such Resolution be discussed at the next General Meeting; but such Resolution must be sent to the General Secretary in time to be placed on the Agenda of the General Meeting, and must be submitted by him to the Council for consideration.

30. The Association may, at an Annual Meeting, on the recommendation of the Council, dissolve a local Division, provided that a notice to dissolve such Division be placed on the Agenda of the business to be considered at the Meeting.

Officers.

31. The Officers of the Association shall consist of the President, Vice-Presidents, President-elect, ex-President, Treasurer, General Secretary, Divisional Secretaries, the Chairmen, Vice-Chairmen and Secretaries of Standing Committees, Registrar, Editor or Editors of the JOURNAL, and Librarian, all of whom shall hold office for one year from the date of their election, unless otherwise directed by these Bye-laws, and all Officers shall have such paid clerical assistance as from time to time shall be determined by the Council.

32. The Officers, with the exception of the Divisional Chairmen* and Secretaries, the Chairmen, Vice-Chairmen and Secretaries of Standing Committees, shall be nominated in manner provided by Bye-law 79, shall be elected in manner provided by Bye-law 73, and shall assume office on the taking of the chair by the President for the ensuing year.

The President.

33. The President for the ensuing year shall enter on his duties after the private business of the Annual Meeting has been disposed of or adjourned, and shall then deliver his inaugural address. He shall preside at all Meetings, at which he is present, of the Association and of the Council.

34. He shall have the same right of voting as an Ordinary Member, and in the case of an equality of votes shall have a second or casting vote.

* Vice-Presidents *virtute officii*.

35. He shall regulate the proceedings of Meetings in accordance with the Charter and these Bye-laws, and shall maintain order.

Vice-Presidents.

36. The Chairman of a Division (Vice-President *virtute officii*) shall, when present, preside at ordinary meetings of his Division and at meetings of the Divisional Committee of Management. He shall be under no obligation to preside at meetings of Special Committees, but shall be an *ex-officio* member of all Committees appointed by his Division.

37. He shall, as far as possible, become personally acquainted with all new members of his Division and shall ascertain their particular interests and needs, and shall put them in communication with the appropriate branch or branches of the Association's work.

The Treasurer.

38 [36*]. The Treasurer shall receive for the use of the Association all sums of money due to it, and shall pay and disburse all sums of money that may be due by the Association, and shall see that every payment exceeding £5 in amount is authorised in writing by the President and either an Editor, General Secretary, Registrar, or Chairman of Division or Committee in whose department or in whose Committee respectively the liability for such payment has been incurred, and report in writing to the Council at its Meetings.

39 [37]. All moneys received for the use of the Association shall be paid into a separate banking account in the name of the Association.

40 [38]. The Treasurer shall keep accurate accounts of all his receipts and payments on behalf of the Association, and shall present a report at each Annual Meeting, together with the Revenue Accounts (including separate accounts of the Maudsley Bequest and Gaskell Fund, or any other bequest or fund of a similar nature) and Balance-sheet for the year last ending before such Annual Meeting.

41 [39]. He shall engage the services of a professional accountant to assist him in the preparation of the accounts.

* Old numbers in brackets throughout.

42 [40]. He shall invest in securities in which Trustees are for the time being by law authorised to invest, in the name of the Association, such sums of money as the Council may from time to time direct.

43 [41]. He shall intimate to each Ordinary Member of the Association at the proper time that his annual subscription is due, and on receipt of the same shall transmit to such Member a printed and numbered check receipt signed by him, on the counterfoil of which in the book from which all such receipts must be taken he shall enter the name of the Member and the date of payment.

44 [42]. He shall make a second demand for the payment of annual subscriptions at the end of three months after the time at which they may have become due, of such Members as shall then have neglected to pay them, and he shall report to the Council, as required by Bye-law 17, the names of all Members who have failed to discharge their obligations to the Association.

The Auditors.

45 [43]. Two Auditors shall be appointed annually by the Association in Annual Meeting, on the recommendation of the Nominations Committee and the Council. These Auditors shall not be chosen from the Council, but from the unofficial Members of the Association.

46 [44]. The accounts of the Treasurer shall be balanced yearly, and shall be examined by the Auditors at such times as they may appoint; and a short time preceding the Annual Meeting a report shall be prepared by them showing the financial position of the Association and the balance in the Treasurer's hands, and making such suggestions as may seem expedient.

47 [45]. The Report of the Auditors shall be printed and presented to the Annual Meeting of the Association, and shall be published in the next ensuing number of the JOURNAL.

The General Secretary.

48 [46]. The General Secretary shall carry on the correspondence of the Association (except as is otherwise provided in

these Bye-laws), summon General and Special Meetings when due, or when called upon by competent authority to do so, prepare reports (for which he may obtain the services of a reporter) of all such Meetings for publication in the JOURNAL, enter in proper books minutes of all such Meetings, summon Meetings of the Council, as required in these Bye-laws, and enter in proper books minutes of Council Meetings, keep a Register of Members and send a copy thereof annually to the Editors, send to the Editors for publication in the JOURNAL the yearly official lists of the Association, and perform such other duties as are required by the Charter or by these Bye-laws and other the regulations for the time being in force.

49 [47]. The General Secretary shall inform Ordinary, Honorary, and Corresponding Members of their election, and shall be responsible for their names being enrolled in the Register of Members.

Divisional Secretaries.

50 [48]. The Divisional Secretaries shall from time to time convene Meetings of their respective Divisions in accordance with Bye-law 27, shall send notices of such Meetings to the Editors of the JOURNAL, shall keep minutes of the Meetings and shall report forthwith to the General Secretary the names, addresses, qualifications and proposers of all Members elected at Meetings of their respective Divisions. They shall be *ex-officio* members of all Committees of their respective Divisions.

51 [49]. The Secretary of each Division shall report to the Council at the last Meeting of the Council held at least six weeks before each Annual Meeting—

- (a) The number of Members belonging to his Division.
- (b) The number of Meetings held by the Division since the last report.
- (c) The number of Members present at each such Meeting.
- (d) The expenses which have been incurred in connection with such Meetings.
- (e) The names of the Chairman and Secretary and of Representative Members of Council elected by the Division.

52. He shall submit all agendas of ordinary Divisional

meetings and meetings of the Divisional Committee of Management to the Chairman of his Division for consideration and approval before issue.

The Editors.

53 [50]. The JOURNAL of the Association, under the designation of *The Journal of Mental Science*, shall be published quarterly or at such times as shall be determined by the Council, and shall be conducted by an Editor or Editors, who may appoint one or more Assistant Editors as found necessary.

54 [51]. The Editors shall be responsible for the management of the JOURNAL and for such of its contents as are not signed with the names of the writers.

55 [52]. The JOURNAL shall be forwarded to every Ordinary and Honorary Member free of charge. On payment of the full subscription for the year the former shall be entitled to a complete set of the numbers of the JOURNAL for that year.

56 [53]. After the payment of the ordinary working expenses of the year of the Association, including the publication of the JOURNAL, the surplus funds in the hands of the Treasurer may be appropriated in special aid of the JOURNAL in such amounts as the Council may from time to time determine.

57 [54]. Any Member objecting to the decision of the Editor or Editors, or to the manner in which the JOURNAL is conducted, or feeling aggrieved by any comments in the JOURNAL, may appeal to the Annual Meeting; but before doing so he shall submit to the Council any objection or complaint he may desire to make.

58 [55]. The Editors shall insert in each number of the JOURNAL the date and place of the next Meeting of the Association. A complete list of the Officers, and Honorary, Corresponding, and Ordinary Members of the Association, a roll of past Presidents, of past Maudsley Lecturers, of holders of the Gaskell Gold Medal, of holders of the Association's Bronze Medal, and a list of recognised Training Institutions for the Nursing Certificates shall be printed annually in the number of the JOURNAL published in January.

59 [56]. All papers read at the General or Divisional Meetings of the Association shall be the property of the Association, unless the author shall have previously obtained the written consent of the President, after consultation with the Editors, to the contrary.

The Registrar.

60 [57]. The Registrar shall have the management of the business and arrangements of, and shall carry on all correspondence in connection with the Certificates in Psychological Medicine, the Gaskell Prize, the Prize Dissertation, the Divisional Prizes, the Certificates of Proficiency in Nursing and other Examinations held under the authority of the Association.

61 [58]. As soon as possible after each Examination he shall send a list of the successful candidates to the Editors for publication.

62 [59]. He shall keep a Register containing the names of all those who have received Certificates in Psychological Medicine and Prizes, and record the dates on which such Certificates and Prizes were awarded.

63 [60]. He shall keep a Register containing the names of all those who have received Certificates of Proficiency in Nursing.

64 [61]. He shall report to the Educational Committee, and thereafter to the Council without unnecessary delay, any complaints which may be brought to his notice respecting the holders of the Nursing Certificates of the Association, and shall, if instructed to do so by a minute of the Council, remove the name of any holder from the Register, at the same time placing on record therein the reason for doing so.

The Librarian.

65. The Librarian (subject to the Library Committee) shall have charge and be responsible for the good order of the Library and the custody of its contents.

66. He shall be Chairman of the Library Committee.

67. He shall have the direction of the Assistant Librarian.

The Council.

68 [62]. The affairs of the Association shall, subject to the Charter and Bye-laws, be managed by a Council consisting of the Officers, who shall be *ex-officio* members thereof, and non-official members of the Association.

69 [63]. The Non-Official Members of the Council shall be of two classes: (1) Representative Members of Council and (2) Nominated Members of Council.

70 [64]. The Representative Members of Council shall be elected annually by the Divisions, subject to the following regulations:

(a) Each Division having a membership of less than 150 shall elect two Representative Members of Council.

(b) Each Division having a membership of 150 or more shall elect one Representative Member of Council for each complete fifty of its membership.

(c) Of the Representative Members of Council elected by any Division having a membership of 200 or more, one at least shall be an Assistant Medical Officer.

(d) The election shall be carried out in manner provided by Bye-law 26.

71 [65]. The Nominated Members of Council shall be elected at each Annual Meeting, subject to the following regulations:

(a) One Nominated Member of Council shall be elected for every two Representative Members of Council elected under Bye-law 70.

(b) Such additional Nominated Members of Council shall be elected as shall bring up the number of the non-official Members of the Council to eighteen.

(c) Of the Nominated Members of Council such number shall be Assistant Medical Officers as shall bring up the number of Assistant Medical Officers elected to be non-official Members of the Council to four.

72 [66]. No non-official Member of the Council shall be eligible to hold office for more than three successive years, but he may be re-elected at the Annual Meeting after that at which he retires, or at any succeeding Annual Meeting, except as provided by Bye-law 74.

73 [67]. The election of the Officers of the Association and

of the Nominated Members of Council shall be carried out in the following manner :

(a) The General Secretary shall send to each Member of the Association with the circular convening the Annual Meeting a list in the Form "C" appended to these Bye-laws, of all the Officers and Members of the Council for the year about to expire, against the names of each of whom shall be placed the number of all his attendances at the Council Meetings for the past two years, in such manner as to show the number of possible and actual attendances.

(b) The General Secretary shall at the same time send to each Ordinary Member a voting paper in the Form "D" appended to these Bye-laws, showing the offices vacant, the number of vacancies then impending for Nominated Members of the Council, and the nominations made thereto by the Council under Bye-law 79. The names of a sufficient number of Members who have consented to serve to fill the vacancies on the Council shall be placed on the voting paper by the Council, such list to be furnished to all ordinary Members one month before the Annual Meeting, so that any ordinary Member may have power to vote for the election of Officers of the Association and nominated Members of the Council by deleting the name or names of any or all of the proposed Members, and substituting the name or names of any other Member or Members of the Association whose consent to serve has been received.

(c) Voting papers must be handed in at the Annual Meeting, or sent by post to the General Secretary so as to reach him at least seven clear days before the Annual Meeting. Such papers must be legibly marked on the outside "Voting Paper," and shall be opened by the Scrutineers only at the Annual Meeting. Provided that the Council shall have the same power to authorise elections by a show of hands as is contained in Bye-law 26, with reference to Divisional elections, except that any application under this Bye-law shall be made by the General Secretary instead of a Divisional Secretary. If at the Meeting at which an election by a show of hands has been approved by the Council, objection to this form of voting is raised, then the remainder of Bye-law 26 will apply, save that the election will take place at a Special Meeting of the Association, not at a Divisional Meeting.

(*d*) The President shall appoint from the Members present at the Annual Meeting two or more Scrutineers, who shall count the votes and report the result to him.

(*e*) The President shall declare those Members elected who have received the largest number of votes, and in the event of an equality of votes shall declare that Member elected who has belonged to the Association for the longest time. Provided, nevertheless, that for the purpose of obtaining the requisite number of Assistant Medical Officers in accordance with Bye-law 71 (*c*) (but not further or otherwise), a candidate who is such an officer shall be declared elected in preference to another candidate not so qualified, although the latter may have received an equal or larger number of votes.

74 [68]. In the event of a vacancy in the Council occurring between the time of the Annual Meetings, the Council may co-opt a Member to fill the vacancy until the next Annual Meeting, except in the case of a Representative Member of Council, in which case the Division may elect a Member to fill the vacancy until the next Annual Meeting; and such temporary co-option or election shall not disqualify, as under Bye-law 72, such Member from being immediately re-elected.

75 [69]. The Council shall meet not less than four times a year, at such times as shall be fixed at the Annual Meeting, and at such places as the President shall appoint. Six shall form a quorum.

76 [70]. The Secretary shall send an Agenda paper to each Member of the Council before each Meeting of the Council.

77 [71]. On the nomination of the Educational Committee the Council shall appoint six Examiners for the Certificate of Psychological Medicine: two for England, two for Scotland, and two for Ireland; in the case of the English Examiners one shall be specially qualified to judge in research work. The Senior Examiner for each Division of the Kingdom shall retire annually, but shall be eligible for election as Junior Examiner. The Council shall similarly appoint Examiners for the Gaskell and other Prizes and the Preliminary and Final Examinations for the Nursing Certificates, the senior of whom in each case shall retire annually.

78 [72]. At least six weeks before each such Meeting the President or Council shall determine the place at which each General Meeting shall be held.

79 [73]. The Council shall prepare a report upon the general state and proceeding of the Association each year, and shall submit the same to the Annual Meeting. Not less than six weeks before each Annual Meeting the Council shall consider the recommendations of the Nominations Committee and nominate Members for election at the Annual Meeting as officers, save as provided for in Bye-laws 26, 88 and 90, and Nominated Members of Council for the ensuing year.

Committees.

80 [74]. Committees of the Association shall be of two kinds :

- (a) Standing.
- (b) Special.

81 [75]. Standing Committees shall be appointed by the Association at an Annual Meeting, and shall continue in office subject to any alteration in their constitution by an Annual Meeting. With the exception of the Nominations Committee, they shall report to the Annual Meetings, and may report to a Quarterly Meeting. The Standing Committees have power to appoint sub-committees and to co-opt to those sub-committees members interested in their special work. The Standing Committees shall be :

- (a) Parliamentary.
- (b) Educational.
- (c) Library.
- (d) Research and Clinical.
- (e) Mental Deficiency.
- (f) Nominations.

82 [76]. The Parliamentary Committee shall be empowered to watch the course of legislation which may affect persons suffering from any form of mental disorder and allied conditions or those who have to deal with such persons, and to take such measures with regard to such legislation as it may decide upon.

83 [77]. The Educational Committee shall be entrusted with the regulations of the Examinations for the Certificates of the Association and other matters touching the teaching of psychological medicine, including post-graduate education in

relation to degrees and diplomas in Psychological Medicine of the Universities and Medical Schools, and nursing. The Registrar and the Examiners shall be *ex-officio* Members of the Committee.

84 [78]. The Library Committee shall legislate, subject to report to the Council, for the good order and utility of the Library, the custody, replenishment and cataloguing of its contents, the loan and return of books, and the purchase and circulation of appropriate journals.

85 [79]. The Research Committee shall have as its object the encouragement and guidance of original work in psychiatry. Also the collection of clinical, pathological and other statistics of interest to psychiatry and the furtherance of clinical psychiatry generally.

86. The Committee on Mental Deficiency shall have as its object the special study of that subject and its clinical, pathological and administrative problems.

87 [80]. The Nominations Committee shall consist of the President, President-Elect, the two immediately preceding Past-Presidents surviving, the Treasurer, the General Secretary, the Divisional Secretaries, and one of the Editors. They shall recommend to the Council, at the Meeting held at least six weeks before the Annual Meeting, Members for nomination by the Council under Bye-law 79, other than the President-Elect. They shall also annually revise the lists of names on the Standing Committees, and adjust the same for the consideration of the Council. They shall also in their discretion nominate as Honorary and Corresponding Members those whose names are proposed under Bye-laws 10 and 13 for the consideration of the Council.

88. The nomination of the President-Elect shall be made to the Council at its Meeting held previously to the Annual Meeting of the Association in each year by an *ad hoc* Committee which shall consist of the President, the General Secretary, the Treasurer, the Registrar and the surviving Past-Presidents.

89 [81]. Special Committees may be appointed at any Meeting of the Association for any purpose which, in the opinion of the Meeting, can best be served by the appointment of a Committee. Provided that no Committee shall be appointed for the revision of the Charter or Bye-laws for the time being in

force, except at an Annual or Special Meeting, nor shall any Committee appointed for the latter purposes report to any meeting except an Annual Meeting.

90 [82]. Every Committee at its first Meeting shall forthwith appoint a Chairman and Secretary, and, if authorised by the Council, a Vice-Chairman.

91 [83]. Every Committee may incur such reasonable expense as is necessary for the summoning of its Meetings and the record of its proceedings.

92 [84]. The President, President-Elect, General Secretary, Treasurer, Editors and the Divisional Secretaries shall be *ex-officio* Members of Standing Committees.

93 [85]. The Reports of all Committees shall be presented to the Council and, if the Council shall deem such course expedient, subsequently wholly or partly read at one of the Quarterly Meetings of the Association. This Bye-law does not affect the Annual Reports, which, after consideration by the Council, shall be presented to the Annual Meeting.

94 [86]. Committees shall render to the Council an account of all moneys received by them.

Meetings.

95 [87]. The Meetings of the Association shall be of three kinds: General, Divisional, and Special, at any of which ten shall form a quorum. General Meetings will be Annual or Quarterly. The dates of the General Meetings for each year shall be fixed at the Annual Meeting; but should any necessity arise for altering such dates, such alteration may be made by the General Secretary, with the consent of the President not less than six weeks before the date originally appointed for the Meeting. Notice of all Meetings shall be sent with list of names of Candidates for Membership to the Editors of the JOURNAL.

96. Expenditure of the funds of the Association exceeding £100 may not be entertained, except at a General or Special Meeting of the Association.

97 [88]. The following Standing Orders shall govern the proceedings at Meetings:

(a) In the absence of the President the Meeting shall elect a Chairman, who, while occupying the Chair, shall have the same powers as the President.

(*b*) No Motion shall be discussed until it has been seconded.

(*c*) When a Motion has been made and seconded it shall be put from the Chair, and discussion thereon invited by the Chairman.

(*d*) No Member shall speak to the same question more than once, except as provided in Sub-section (*i*) of this Bye-law.

(*e*) At any time after discussion has been invited, and before the Motion has been put to the vote, any Member who has not previously spoken in the debate may propose an Amendment.

(*f*) No Amendment shall be entertained until it has been seconded.

(*g*) When an Amendment has been proposed and seconded it shall be put from the Chair, and then the debate may proceed on the Amendment and the original Motion together.

(*h*) No second Amendment may be moved while a previous Amendment is before the Meeting.

(*i*) A Member who has spoken to the original Motion may speak again to the Amendment.

(*j*) When the debate is concluded the Chairman shall put the Amendment to the vote. If the Amendment is negatived the original Motion shall again be put and another Amendment may be moved.

(*k*) If the Amendment is carried, the question as amended shall be put from the Chair, and further Amendments may be moved.

(*l*) Votes shall be taken by a show of hands, the hands being counted by the Chairman and Secretary. If the Chairman and Secretary do not agree as to the numbers there shall be a division, and the Chairman shall decide the manner in which the division shall be taken.

(*m*) In case the voting is equal the Chairman shall have a second or casting vote.

(*n*) Upon the demand of any two Members present the names of the Members voting and their votes shall be taken down, entered on the Minutes, and published in the JOURNAL.

(*o*) Any of the Standing Orders in any case of urgency, or upon any Motion made or a notice duly given, may be suspended at any Meeting so far as regards any business at such Meeting, provided that three fourths of the Members present shall so decide.

Annual General Meetings.

98 [89]. The General Secretary shall convene in each year an Annual Meeting, at a place to be fixed by the President-Elect or Council not less than six weeks previously, and shall at the earliest possible date issue to each Member of the Association a circular notifying each Member of the forthcoming Meeting and requesting the contribution of papers and other scientific matter therefor.

99 [90]. A notice convening an Annual Meeting shall be sent to every Member of the Association not less than fourteen days before the date fixed for the Meeting, and shall contain a list of the business to be transacted at the Meeting.

100 [91]. Any Member who wishes to bring forward any business at an Annual Meeting must state in writing to the General Secretary not less than six weeks beforehand the nature of the business.

101 [92]. At the Annual Meetings the business shall be taken in the following order :

- (a) Confirmation of Minutes of preceding Annual Meeting.
- (b) Election of the Officers and Council.
- (c) Reports of the Council, Officers, and Standing Committees.
- (d) Reports of Special Committees and motions arising therefrom.
- (e) Motions involving alterations of the Charter or of the Bye-laws for the time being in force.
- (f) Motions involving expenditure of funds.
- (g) Fixing the dates of General Meetings of the Association, and of Quarterly Meetings of the Council.
- (h) Election of Members.
- (i) Complimentary motions and announcements.
- (j) Other business of which due notice has been given, and motions arising therefrom.

(The above constitutes the private business.)

At midday the Meeting shall adjourn for a short recess, and on reassembling the President for the ensuing year shall take the Chair. He shall, after the completion or adjournment of the private business, present any prizes that may have been awarded and shall thereafter deliver his address, after which papers may be read and discussed.

102 [94]. Both the private and the public business of an

Annual Meeting may be adjourned jointly and severally to any time or times and place or places agreed on by the Meeting.

103 [95]. No business shall be transacted at any Annual Meeting notice of which has not appeared in the circular convening the Meeting, unless the introduction thereof has been approved by the Council.

Quarterly General Meetings.

104 [96]. Quarterly Meetings, of which there shall be not less than three yearly, shall be convened by the General Secretary. The place of each Quarterly Meeting shall be fixed by the President or Council, and announced in the JOURNAL if practicable not less than two months previously.

105 [97]. Every Member who desires to bring forward any business at a Quarterly Meeting shall give notice thereof in writing to the General Secretary not less than three weeks before the day fixed for the Meeting.

106 [98]. Not less than fourteen days before each Meeting the General Secretary shall send to each Member a notice of the time and place of meeting, together with a list of the business to be transacted.

107 [99]. No business shall be transacted at any Quarterly Meeting notice of which has not appeared in the circular convening the Meeting, unless the introduction thereof has been approved by the Council.

108 [100]. At every Quarterly Meeting the business shall be taken in the following order :

- (a) Confirmation of Minutes of the last Quarterly Meeting.
- (b) Complimentary motions and announcements.
- (c) Reports of Committees and motions arising out of the previous Council Meeting.
- (d) Motions.
- (e) Election of Members.
- (f) Reading and discussion of papers.

109 [101]. No resolution shall be put to the vote at a Quarterly Meeting unless it has been submitted to the President or Council, who may in his or their discretion declare that a vote thereon shall only be taken at an Annual or Special Meeting called for that purpose. But full discussion on the resolution shall be allowed at such Quarterly Meeting.

Special Meetings.

110 [102]. A Special Meeting of the Association shall be convened :

(a) By the President if he think fit.

(b) By the President at the written request of six Members of the Council.

(c) By the President at the written request of twelve Members of the Association.

111 [103]. The written request to the President must state the nature of the business for which the Special Meeting is to be summoned, and no other business shall be transacted thereat.

112 [104]. The date of the Special Meeting shall be fixed by the President.

113 [105]. On resolving to call a Special Meeting, or on receiving a requisition as aforesaid, the President shall give notice to the General Secretary of the object and date of the Meeting to be called.

114 [106]. The General Secretary shall thereupon send to every Member a notice convening the Meeting and specifying the time, place, and object thereof.

Strangers at Meetings.

115 [107]. The President and Council may, in the name of the Association, invite strangers to be present at any Meeting.

116 [108]. Any Member may introduce a stranger to any Meeting, and the stranger so introduced may join in the discussion but not in the voting.

Supplementary.

117 [109]. Subject to the Provision of the Charter and these Bye-laws, a notice may be served on behalf of the Association upon any Member, either personally, or by sending it in a prepaid letter addressed to such Member either at his registered address, or at his address in the current volume of the Medical Register ; and all such notices shall be deemed sufficient for the purposes of the Charter and Bye-laws.

118 [110]. Any notice sent through the post shall be deemed to have been served at the time when the letter containing the

same would be delivered in ordinary course of post, and in proving such last service it shall be sufficient to prove that the notice was properly addressed and posted.

119 [111]. No proceeding of the Association shall be invalidated by reason of a Member not having received any notice by these Bye-laws required to be given.

120 [112]. In these Bye-laws, unless there be something in the subject or context inconsistent therewith—

“The Association” means the Royal Medico-Psychological Association.

“Member” means Member of the Association.

“Annual Meeting” means the Annual General Meeting of the Association.

“Quarterly Meeting” means the General Meeting of the Association other than the Annual Meeting or a Special Meeting.

“Assistant Medical Officer” means any Medical Officer in a Psychiatric, Neurological or Mental Deficiency Institution or Service, other than a Medical Superintendent.

“In writing” means written, lithographed, or printed, or partly written and partly lithographed, or partly printed.

Words importing the singular number only include the plural number, and words importing the plural number only include the singular.

Words importing the masculine gender only include the feminine.

APPENDIX.

(FORM A.)

The **Royal Medico-Psychological Association** having from time to time recognised that certain persons in whatever Country in the World have rendered to **Psychological Medicine** such eminent services that they are worthy of the highest honour which it is in the power of the Association to bestow.

Did on the _____ day of _____ in the year One thousand nine hundred and _____ in General Meeting assembled

Resolve that the name of

_____ be added to the Association's **Roll of Honorary Members**.

And in Proof that this Resolution has been duly and effectively carried out **Let all men witness** hereunder our Signatures and the Seal of the Association.

_____ *President.*

_____) *Members of
the Council.*

_____ *General Secretary.*

Note.—Every Member of the Division is entitled to one vote for each vacancy at each election of the Secretary and Representative Members of Council, but shall not give more than one vote to any Candidate. Every voting paper which appears to contain more votes than there are vacancies, or which records more than one vote for any Candidate, shall be invalid, and shall not be counted, and no voting paper shall be counted unless signed by the Member voting.

Voting papers must be handed in at the Divisional Meeting to be held on the day of next, or sent by post to the Divisional Secretary so as to reach him at least seven clear days before the Meeting. Such papers must be legibly marked on the outside "Voting Paper," and shall be opened by the Scrutineers only at the Meeting.

ADLARD AND SON, LIMITED, LONDON AND DORKING.
