A Squibb Company

55 Kennedy Drive, Smithtown, NY 11787

PRO-GUARD™ is a trademark of Surgicot.

For two decades we've been conducting germ warfare.

There's no room in today's hospitals for cost overruns due to germ infection. That's why CIDEX* Solutions are tackling some major problems facing infection control. From staph to TB. From herpes to influenza.

CIDEX Solutions are the proven leader in asepsis. And your SURGIKOS representative can show you how CIDEX Solutions can help control costs as well as infections. We can help you with in-service training and information about infection control problems.

All you have to do is call 1-800-433-5009. In Texas, call collect 817/467-3555. Remember, with CIDEX Solutions on your side, you can win the battle against infections.
