Analytical theory of homogeneous mean shear turbulence – ERRATUM

Jerome Weinstock

doi:10.1017/jfm.2014.13, Published by Cambridge University Press,
20 June 2013

It has been brought to our attention that two articles published in *Journal of Fluid Mechanics* were assigned the same Digital Object Identifier (DOI). As a result of this, if readers attempted to use the DOI to resolve to the article, they would have reached only one (Guardone *et al.* 2014). We have corrected this error by assigning a new unique DOI to Weinstock (2013), namely <https://doi.org/10.1017/jfm.2014.13>. This has been corrected in the original, a footnote added to explain the circumstances, and the record in CrossRef updated.

We apologise to the authors of the two articles, and to readers who have been affected in their navigation to the respective articles.
