## INFORMATION FOR AUTHORS

*American Antiquity* publishes original papers in the field of American archaeology, as well as comments, reviews, and discussions on matters pertaining to this field. Articles on other regions, or on such related subjects as geography, history, and ethnography, may be accepted if of special significance to American archaeology.

Accepted papers are published in the order of their receipt, and when printed all papers bear the date of submission.

Manuscripts must be typewritten on standard 8½×11 inch paper, double spaced, and on one side of the page only. Footnotes, if any, should be on separate sheets, also double spaced and on one side only. Bibliographies must follow a standard form. Citations from journals and series should be given as follows:

JENKS, ALBERT E., and LLOYD, A. WILFORD

1938. The Sauk Valley Skeleton. *Bulletin of the Texas Archaeological and Paleontological Society*, Vol. 10, pp. 136-68. Abilene.

Citations from separate books or pamphlets:

JENKS, ALBERT E.

1936. *Pleistocene Man in Minnesota.* Minneapolis: University of Minnesota Press.

Footnotes should be held to a minimum, used only when essential information cannot be incorporated into the text. All bibliographic citations should follow the documentation style commonly used in archaeological publications in which all reference to published or manuscript material is made directly in the text by citing author, year of publication, and page or figure number; such citations are set off from the text by parentheses. For examples of style consult articles in Smithsonian Miscellaneous Collections, Volume 100 (whole volume), 1940.

When illustrations and/or tables cost more than the price of one full page of halftones, the author must pay for the excess. Photographs for reproduction should be on a glossy paper, unmounted, and of a proportion suitable for reduction to 5¾×8⅜ inches or a portion thereof, making due allowance for captions. Line drawings should be in India ink on smooth, hard-surfaced paper, with figures written lightly in pencil on the margin or the back.

Galley proof, only, will be sent to authors, who will be charged for excessive correction costs. Upon publication, manuscripts, illustrations, and engravings will be destroyed unless their return has been specifically requested.

Reprints without covers are supplied at the following minimum prices, and must be ordered when corrected galley proofs are returned.
