J. W. C. TURNER

Kenny's *Outlines* first appeared in 1902. Since that date it has run to fifteen editions and has been reprinted twenty times. New developments and new problems in criminal law since the author's death have now made necessary a thorough revision of the whole work, which has been carried out by Mr J. W. C. Turner, Barrister-at-Law and Fellow of Trinity Hall, Cambridge. This sixteenth edition, entirely redesigned and reset, runs to 576 pages. 42s. net

TOLSTOY on DIVORCE

Third Edition

Tolstoy on Divorce is a complete statement of the law and practice in matrimonial causes, including proceedings in the magistrates' courts. It achieves its compactness, as it does clarity, by stating the law as it is without discussion.

To those whose acquaintance with the subject is rudimentary and to those who are experts, *Tolstoy* is equally welcome for its simplicity, accuracy and completeness.

This third edition gives effect to the Matrimonial Causes Act, 1950, the Matrimonial Causes Rules and the very considerable accretion of case law since the last edition.

THE HAMLYN LECTURES

No. 4.

English Law ^{and} _{the} Moral Law

By A. L. GOODHART, K.B.E., Q.C.

“Anything written by Dr. Goodhart is bound to be of interest. These lectures (and especially the first two) are more than that: they are also of importance. As Hamlyn lectures, they are addressed to a general public; but they are likely to be particularly helpful to the lawyer and above all to the law student; and they may have a lasting influence in enabling him to avoid the arid jejunities of Austin and Kelsen.”—*Cambridge Review*

The Queen's Peace

By SIR C. K. ALLEN, Q.C.

“This latest book in the series of Hamlyn Lectures is worthy of its distinguished predecessors in point of learning and authority. . . . The author traces the conception of the King's Peace and the means of its preservation through history from Anglo-Saxon times to the present day, and has succeeded in producing a masterpiece of compression with little loss of accuracy and none of readability.”
