Framed	\$105.00

Thomas Point Light

Image Size 16 × 24

Print Only	\$75.00
Framed	\$150.00

H.T. Becker's work is perceptive and clear. He uses luminescent techniques that seem to spread a diffused light over the surface of the painting. This combined with the realism in which his work is created evokes a haunting quality. Mr. Becker has won numerous awards and his works are in public and private collections nationally and abroad. Editions limited to 950 signed and numbered by the artist. Printed in full color.

Sporicidin® brand
Disinfectant Spray

Disinfect Scopes Safely and Completely in just 10 Minutes

COURTESY OF OLYMPUS AND ACMI

Recommended by All Major Scope Manufacturers

Sporicidin is a "tamed" glutaraldehyde that does not yellow or irritate skin or mucous membranes.

Sporicidin is safe for delicate instruments and it will not cloud lenses or clog air/water channels.

Sporicidin (1:16) is tuberculocidal, bactericidal, fungicidal & virucidal (including Herpes I & II, Influenza A₂ and Polio I).

Proof Comes from 15 Years of Research and Clinical Use

"In 5000 procedures the cystoscopes were used directly from the Sporicidin soak; there were no known incidents of iatrogenic infection or post-operative irritation. Sporicidin is safe and effective in 10 minutes."

Urology, Vol. 23, No. 2, 1984

"After 3 years and 4001 procedures (laparoscopy, cystoscopy and colonoscopy), we observed
(1) no post-operative tissue irritation or infection
(2) no lens clouding or endoscope damage
(3) preferred by our staff."

*Journal Of The Operating Room
Research Institute, Vol. 3, No. 8, 1983*

"Sporicidin . . . was both more stable and more active against test spores than . . . Cidex and Cidex-7."

Infection Control, Vol. 1, No. 2, 1980
