

## Index of Subjects

- Adipose tissue**  
The effect of triacylglycerol-fatty acid positional distribution on postprandial metabolism in subcutaneous adipose tissue 79, 141, 1998
- Adiposity**  
Fat balance and ageing: results from the Québec Family Study 79, 413, 1998
- Ageing**  
Effect of glucocorticoid excess on skeletal muscle and heart protein synthesis in adult and old rats 79, 297, 1998
- Amino acids**  
Free amino acids in milks of human subjects, other primates and non-primates (Short communication) 79, 129, 1998
- Anaemia**  
Comparison of oral and intraperitoneal iron supplementation in anaemic rats: a re-evaluation of the mucosal block theory of iron absorption 79, 533, 1998
- Anger**  
Alterations in mood after changing to a low-fat diet 79, 23, 1998
- Apolipoproteins**  
Apolipoprotein E genotype modulates the effect of black tea drinking on blood lipids and blood coagulation factors: a pilot study 79, 133, 1998
- Ascorbic acid**  
A comparison of iron absorption in adults and infants consuming identical infant formulas 79, 31, 1998  
Ascorbic acid levels in maternal milk: differences with respect to ascorbic acid status during the third trimester of pregnancy 79, 431, 1998
- Basal metabolic rate**  
No evidence for an ethnic influence on basal metabolism: an examination of data from India and Australia 79, 333, 1998
- Bifidobacterium**  
Effects of soya milk and Bifidobacterium-fermented soya milk on plasma and liver lipids, and faecal steroids in hamsters fed on a cholesterol-free or cholesterol-enriched diet 79, 97, 1998
- Bile**  
Effects of soya milk and Bifidobacterium-fermented soya milk on plasma and liver lipids, and faecal steroids in hamsters fed on a cholesterol-free or cholesterol-enriched diet 79, 97, 1998  
Cholesterol lowering in pigs through enhanced bacterial bile salt hydrolase activity 79, 185, 1998  
Effect of different varieties of pectin and guar gum on plasma, hepatic and biliary lipids and cholesterol gallstone formation in hamsters fed on high-cholesterol diets 79, 463, 1998  
Faecal pH, bile acid and sterol concentrations in premenopausal Indian and white vegetarians compared with white omnivores 79, 495, 1998
- Biochemical markers**  
The effect of dietary sodium intake on biochemical markers of bone metabolism in young women 79, 343, 1998
- Bioelectrical impedance**  
Prediction of the chemical composition of lamb carcasses from multi-frequency impedance data 79, 169, 1998
- Body composition**  
Lipid accumulation in obese Zucker rats is reduced by inclusion of raw kidney bean (*Phaseolus vulgaris*) in the diet 79, 213, 1998  
No evidence for an ethnic influence on basal metabolism: an examination of data from India and Australia 79, 333, 1998  
Major determinants of fasting heat production and energetic cost of activity in growing pigs of different body weight and breed/castration combination 79, 509, 1998
- Bone**  
The effect of dietary sodium intake on biochemical markers of bone metabolism in young women 79, 343, 1998
- Book review**  
Good Nutrition? fact & fashion in dietary advice 79, 311, 1998  
Antioxidants in Science, Technology, Medicine and Nutrition 79, 473, 1998
- Brain-specific nutrition**  
Rift Valley lake fish and shellfish provided brain-specific nutrition for early Homo 79, 3, 1998
- <sup>13</sup>C-breath tests**  
Importance of measuring CO<sub>2</sub>-production rate when using <sup>13</sup>C-breath tests to measure fat digestion (Technical Note) 79, 541, 1998
- <sup>13</sup>C-labelled triolein**  
Metabolism of parenterally administered fat emulsions in the rat: studies of fatty acid oxidation with 1-<sup>13</sup>C- and 8-<sup>13</sup>C-labelled triolein 79, 381, 1998
- Caffeine**  
Utilization of lipids during exercise in human subjects: metabolic and dietary constraints 79, 117, 1998
- Calcium**  
Calcium levels in maternal milk: relationships with calcium intake during the third trimester of pregnancy 79, 501, 1998  
Rat adipose tissue rapidly accumulates and slowly releases an orally-administered high vitamin D dose 79, 527, 1998
- Carcass composition**  
Prediction of the chemical composition of lamb carcasses from multi-frequency impedance data 79, 169, 1998
- Cardiovascular disease**  
Apolipoprotein E genotype modulates the effect of black tea drinking on blood lipids and blood coagulation factors: a pilot study 79, 133, 1998
- Cardiovascular response**  
Metabolic and cardiovascular responses to liquid and solid test meals 79, 241, 1998
- L-Carnitine**  
Utilization of lipids during exercise in human subjects: metabolic and dietary constraints 79, 117, 1998

**Carotenoids**

Intestinal absorption of  $\beta$ -carotene, lycopene and lutein in men and women following a standard meal: response curves in the triacylglycerol-rich lipoprotein fraction **79**, 149, 1998

**Cerebral palsy**

Diet during pregnancy and the risk of cerebral palsy **79**, 407, 1998

**Cholecalciferol**

Rat adipose tissue rapidly accumulates and slowly releases an orally-administered high vitamin D dose **79**, 527, 1998

**Cholecystokinin**

Elevation of feed intake in parasite-infected lambs by central administration of a cholecystokinin receptor antagonist **79**, 47, 1998

**Cholesterol**

Effects of soya milk and Bifidobacterium-fermented soya milk on plasma and liver lipids, and faecal steroids in hamsters fed on a cholesterol-free or cholesterol-enriched diet **79**, 97, 1998

Effect of different varieties of pectin and guar gum on plasma, hepatic and biliary lipids and cholesterol gallstone formation in hamsters fed on high-cholesterol diets **79**, 463, 1998

**Chylomicrons**

Comparison of short- and long-term effects of different dietary fats on the hepatic uptake and metabolism of chylomicron remnants in rats **79**, 203, 1998

**Coffee**

Lignan and isoflavonoid concentrations in tea and coffee **79**, 37, 1998

**Compensatory growth**

Compensatory nutrition-directed mammary cell proliferation and lactation in rats **79**, 177, 1998

**Conditioned flavour aversions**

Conditioned flavour aversions in sheep: the relationship between the dose rate of a secondary plant compound and the acquisition and persistence of aversions **79**, 55, 1998

**Copper**

Metal (molybdenum, copper) accumulation and retention in brain, pituitary and other organs of ammonium tetrathiomolybdate-treated sheep (Short communication) **79**, 329, 1998

**Corrigenda**

Dose-response effects of raw potato starch on small-intestinal escape, large-bowel fermentation and gut transit time in the rat **79**, 223, 1998

Vitamin C and copper interactions in guinea-pigs and a study of collagen cross-links **79**, 313, 1998

Particulate matter loss and the nylon-bag method—Reply by France *et al.* **79**, 314, 1998

**Cystic fibrosis**

Importance of measuring CO<sub>2</sub>-production rate when using <sup>13</sup>C-breath tests to measure fat digestion (Technical note) **79**, 541, 1998

**Deficiency stigmata**

The remedying of iron deficiency: what priority should it have? **79**, 227, 1998

**Deoxycholic acid**

Faecal pH, bile acid and sterol concentrations in premenopausal Indian and white vegetarians compared with white omnivores **79**, 495, 1998

**Depression**

Alterations in mood after changing to a low-fat diet **79**, 23, 1998

**Diet selection**

Conditioned flavour aversions in sheep: the relationship between the dose rate of a secondary plant compound and the acquisition and persistence of aversions **79**, 55, 1998

**Dietary fat**

Comparison of short- and long-term effects of different dietary fats on the hepatic uptake and metabolism of chylomicron remnants in rats **79**, 203, 1998

**Dietary intervention**

Apolipoprotein E genotype modulates the effect of black tea drinking on blood lipids and blood coagulation factors: a pilot study **79**, 133, 1998

**Dietary protein**

Further studies on carry-over effects of dietary crude protein and triiodothyronine (T<sub>3</sub>) in broiler chickens **79**, 89, 1998

Periodic fluctuations of gut regulatory peptides in phase with the duodenal migrating myoelectric complex in preruminant calves: effect of different sources of dietary protein **79**, 287, 1998

**Drug-nutrient interactions**

Drug-nutrient interactions: inhibition of amino acid intestinal absorption by fluoxetine **79**, 439, 1998

**Duodenum**

Periodic fluctuations of gut regulatory peptides in phase with the duodenal migrating myoelectric complex in preruminant calves: effect of different sources of dietary protein **79**, 287, 1998

**East Africa Rift Valley Lakes**

Rift Valley lake fish and shellfish provided brain-specific nutrition for early Homo **79**, 3, 1998

**Editorial**

'Judge not according to the appearance' **79**, 1, 1998

**Energy intake**

Fat balance and ageing: results from the Québec Family Study **79**, 413, 1998

**Energy metabolism**

Major determinants of fasting heat production and energetic cost of activity in growing pigs of different body weight and breed/castration combination **79**, 509, 1998

**Enzyme activity**

Enzyme activities of rumen particles and feed samples incubated *in situ* with differing types of cloth **79**, 161, 1998

**Ethnic origin**

No evidence for an ethnic influence on basal metabolism: an examination of data from India and Australia **79**, 333, 1998

**Exercise**

Utilization of lipids during exercise in human subjects: metabolic and dietary constraints **79**, 117, 1998

**Fasting heat production**

Major determinants of fasting heat production and energetic cost of activity in growing pigs of different body weight and breed/castration combination **79**, 509, 1998

**Fat intake**

Alterations in mood after changing to a low-fat diet **79**, 23, 1998

Utilization of lipids during exercise in human subjects: metabolic and dietary constraints **79**, 117, 1998

The effect of test meal monounsaturated fatty acid:saturated fatty acid ratio on postprandial lipid metabolism **79**, 419, 1998

- n*-3 Fatty acids**  
Diet during pregnancy and the risk of cerebral palsy 79, 407, 1998
- Fatty acids**  
The effect of different dietary fatty acids on lipoprotein metabolism: concentration-dependent effects of diets enriched in oleic, myristic, palmitic and stearic acids 79, 195, 1998
- Feed intake**  
Elevation of feed intake in parasite-infected lambs by central administration of a cholecystokinin receptor antagonist 79, 47, 1998  
Excretion of endogenous and exogenous purine derivatives in sheep: effect of increased concentrate intake (Short communication) 79, 237, 1998
- Fermentation**  
The use of cumulative gas and volatile fatty acid production to predict *in vitro* fermentation kinetics of Italian ryegrass leaf cell walls and contents at various time intervals 79, 519, 1998
- Ferritin**  
The determinants of iron status in early pregnancy 79, 249, 1998
- Fish**  
Rift Valley lake fish and shellfish provided brain-specific nutrition for early Homo 79, 3, 1998
- Fluoxetine**  
Drug-nutrient interactions: inhibition of amino acid intestinal absorption by fluoxetine 79, 439, 1998
- Formula intake**  
A comparison of iron absorption in adults and infants consuming identical infant formulas 79, 31, 1998
- Gallstones**  
Effect of different varieties of pectin and guar gum on plasma, hepatic and biliary lipids and cholesterol gallstone formation in hamsters fed on high-cholesterol diets 79, 463, 1998
- Gastrointestinal parasites**  
Elevation of feed intake in parasite-infected lambs by central administration of a cholecystokinin receptor antagonist 79, 47, 1998
- Gastrointestinal tract**  
Urea recycling in sheep: effects of intake 79, 79, 1998  
Glutamine metabolism in the gastrointestinal tract of the rat assessed by the relative activities of glutaminase (*EC* 3.5.1.2) and glutamine synthetase (*EC* 6.3.1.2) 79, 365, 1998
- Genotype**  
Apolipoprotein E genotype modulates the effect of black tea drinking on blood lipids and blood coagulation factors: a pilot study 79, 133, 1998
- Glucocorticoids**  
Effect of glucocorticoid excess on skeletal muscle and heart protein synthesis in adult and old rats 79, 297, 1998
- Glutaminase**  
Glutamine metabolism in the gastrointestinal tract of the rat assessed by the relative activities of glutaminase (*EC* 3.5.1.2) and glutamine synthetase (*EC* 6.3.1.2) 79, 365, 1998
- Glutamine synthetase**  
Glutamine metabolism in the gastrointestinal tract of the rat assessed by the relative activities of glutaminase (*EC* 3.5.1.2) and glutamine synthetase (*EC* 6.3.1.2) 79, 365, 1998
- Glutathione peroxidase**  
Glutathione peroxidase (*EC* 1.11.1.9) and superoxide dismutase (*EC* 1.15.1.1) activities in riboflavin-deficient rats infected with *Plasmodium berghei* malaria 79, 305, 1998
- Grass**  
The use of cumulative gas and volatile fatty acid production to predict *in vitro* fermentation kinetics of Italian ryegrass leaf cell walls and contents at various time intervals 79, 519, 1998
- Growth hormone**  
The interaction between nutritional status and growth hormone in young cattle: differential responsiveness of fat and protein metabolism 79, 275, 1998
- Guar gum**  
Effect of different varieties of pectin and guar gum on plasma, hepatic and biliary lipids and cholesterol gallstone formation in hamsters fed on high-cholesterol diets 79, 463, 1998
- Guest editorial**  
Public health nutrition comes of age 79, 225, 1998
- Gut peptides**  
Periodic fluctuations of gut regulatory peptides in phase with the duodenal migrating myoelectric complex in preruminant calves: effect of different sources of dietary protein 79, 287, 1998
- Hospital patients**  
Nutritional status of hospitalized acute stroke patients 79, 481, 1998
- Human disease risk**  
Phyto-oestrogens: where are we now? 79, 393, 1998
- Hypoalbuminaemia**  
Lowering of plasma triiodothyronine level and sympathetic activity does not alter hypoalbuminaemia in rats fed on a diet of low protein concentration 79, 455, 1998
- Infants**  
A comparison of iron absorption in adults and infants consuming identical infant formulas 79, 31, 1998
- Insulin-like growth factor-binding proteins**  
Effect of protein restriction on messenger RNA of insulin-like growth factor-I and insulin-like growth factor-binding proteins in liver of ovariectomized rats 79, 447, 1998
- Insulin-like growth factor-I**  
Effect of protein restriction on messenger RNA of insulin-like growth factor-I and insulin-like growth factor-binding proteins in liver of ovariectomized rats 79, 447, 1998
- Intestinal absorption**  
Drug-nutrient interactions: inhibition of amino acid intestinal absorption by fluoxetine 79, 439, 1998
- Intestine**  
Comparison of oral and intraperitoneal iron supplementation in anaemic rats: a re-evaluation of the mucosal block theory of iron absorption 79, 533, 1998
- Invited commentary**  
Gene-nutrient interactions: an important area for consideration 79, 115, 1998  
Malnutrition in hospital: the case of the stroke patient 79, 477, 1998  
Information and communication technology in nutrition and dietetic education 79, 479, 1998
- Iron**  
A comparison of iron absorption in adults and infants consuming identical infant formulas 79, 31, 1998  
The remedying of iron deficiency: what priority should it have? 79, 227, 1998

- The determinants of iron status in early pregnancy 79, 249, 1998
- Comparison of oral and intraperitoneal iron supplementation in anaemic rats: a re-evaluation of the mucosal block theory of iron absorption 79, 533, 1998
- Isoflavones**  
Phyto-oestrogens: where are we now? 79, 393, 1998
- Kidney bean**  
Lipid accumulation in obese Zucker rats is reduced by inclusion of raw kidney bean (*Phaseolus vulgaris*) in the diet 79, 213, 1998
- <sup>15</sup>N kinetics**  
Urea recycling in sheep: effects of intake 79, 79, 1998
- Lactation**  
Compensatory nutrition-directed mammary cell proliferation and lactation in rats 79, 177, 1998  
Ascorbic acid levels in maternal milk: differences with respect to ascorbic acid status during the third trimester of pregnancy 79, 431, 1998  
Calcium levels in maternal milk: relationships with calcium intake during the third trimester of pregnancy 79, 501, 1998
- Lactobacilli**  
Cholesterol lowering in pigs through enhanced bacterial bile salt hydrolase activity 79, 185, 1998
- LDL receptor**  
The effect of different dietary fatty acids on lipoprotein metabolism: concentration-dependent effects of diets enriched in oleic, myristic, palmitic and stearic acids 79, 195, 1998
- Letters to the Editors**  
Information technology in nutrition and dietetic education 79, 547, 1998
- Leucine**  
The interaction between nutritional status and growth hormone in young cattle: differential responsiveness of fat and protein metabolism 79, 275, 1998
- Lignans**  
Lignan and isoflavonoid concentrations in tea and coffee 79, 37, 1998  
Phyto-oestrogens: where are we now? 79, 393, 1998
- Lipogenesis**  
Further studies on carry-over effects of dietary crude protein and triiodothyronine (T<sub>3</sub>) in broiler chickens 79, 89, 1998
- Lipoprotein lipase**  
The effect of triacylglycerol-fatty acid positional distribution on postprandial metabolism in subcutaneous adipose tissue 79, 141, 1998
- Lipoproteins**  
The effect of different dietary fatty acids on lipoprotein metabolism: concentration-dependent effects of diets enriched in oleic, myristic, palmitic and stearic acids 79, 195, 1998
- Liquid/solid test meal**  
Metabolic and cardiovascular responses to liquid and solid test meals 79, 241, 1998
- Lithocholic acid**  
Faecal pH, bile acid and sterol concentrations in premenopausal Indian and white vegetarians compared with white omnivores 79, 495, 1998
- Liver**  
Alternative models for analyses of liver and mammary transorgan metabolite extraction data 79, 63, 1998
- Long-chain PUFA**  
Rift Valley lake fish and shellfish provided brain-specific nutrition for early Homo 79, 3, 1998
- Loxiglumide**  
Elevation of feed intake in parasite-infected lambs by central administration of a cholecystokinin receptor antagonist 79, 47, 1998
- Lupin seed**  
The influence of live weight, live-weight change and diet on protein synthesis in the skin and skeletal muscle in young Merino sheep 79, 267, 1998
- Lutein**  
Intestinal absorption of  $\beta$ -carotene, lycopene and lutein in men and women following a standard meal: response curves in the triacylglycerol-rich lipoprotein fraction 79, 149, 1998
- Lycopene**  
Intestinal absorption of  $\beta$ -carotene, lycopene and lutein in men and women following a standard meal: response curves in the triacylglycerol-rich lipoprotein fraction 79, 149, 1998
- Malaria**  
Glutathione peroxidase (*EC* 1.11.1.9) and superoxide dismutase (*EC* 1.15.1.1) activities in riboflavin-deficient rats infected with *Plasmodium berghei* malaria 79, 305, 1998
- Malawi**  
Is zinc a limiting nutrient in the diets of rural pregnant Malawian women? 79, 257, 1998
- Mammary tissue**  
Alternative models for analyses of liver and mammary transorgan metabolite extraction data 79, 63, 1998  
Compensatory nutrition-directed mammary cell proliferation and lactation in rats 79, 177, 1998
- Maternal diet**  
Diet during pregnancy and the risk of cerebral palsy 79, 407, 1998
- Maternal obesity**  
Are overweight women at increased risk of obesity following pregnancy? 79, 489, 1998
- Mathematical modelling**  
Alternative models for analyses of liver and mammary transorgan metabolite extraction data 79, 63, 1998
- Meal eating**  
Rapid chylomicron appearance following sequential meals: effects of second meal composition 79, 425, 1998
- Medium-chain triacylglycerols**  
Utilization of lipids during exercise in human subjects: metabolic and dietary constraints 79, 117, 1998
- Metabolic response**  
Metabolic and cardiovascular responses to liquid and solid test meals 79, 241, 1998
- Milk**  
Free amino acids in milks of human subjects, other primates and non-primates (Short communication) 79, 129, 1998
- Molybdenum**  
Metal (molybdenum, copper) accumulation and retention in brain, pituitary and other organs of ammonium tetrathio-molybdate-treated sheep (Short communication) 79, 329, 1998
- Monounsaturated fatty acids**  
The effect of test meal monounsaturated fatty acid:saturated fatty acid ratio on postprandial lipid metabolism 79, 419, 1998
- Mood**  
Alterations in mood after changing to a low-fat diet 79, 23, 1998

**Mucosal block**

Comparison of oral and intraperitoneal iron supplementation in anaemic rats: a re-evaluation of the mucosal block theory of iron absorption 79, 533, 1998

**Muscle**

Lipid accumulation in obese Zucker rats is reduced by inclusion of raw kidney bean (*Phaseolus vulgaris*) in the diet 79, 213, 1998

Effect of glucocorticoid excess on skeletal muscle and heart protein synthesis in adult and old rats 79, 297, 1998

**Myoelectrical activity**

Periodic fluctuations of gut regulatory peptides in phase with the duodenal migrating myoelectric complex in preruminant calves: effect of different sources of dietary protein 79, 287, 1998

**Neutral-detergent fibre**

Enzyme activities of rumen particles and feed samples incubated *in situ* with differing types of cloth 79, 161, 1998

**Nutrition Discussion Forum**

The role of dietary nucleotides in nutrition (reply) 79, 107, 1998

Partitioning between protein and fat during starvation and refeeding: is the assumption of intra-individual constancy of P-ratio valid? 79, 107, 1998

Energy partitioning between body storage of protein and fat during starvation and refeeding: sources of intra-individual variation of P-ratios (reply) 79, 109, 1998

Energy partitioning and the regulation of body weight (reply) 79, 111, 1998

Dietary lipids and evolution of the human brain 79, 389, 1998

Dietary lipids and evolution of the human brain (Reply) 79, 390, 1998

**Nutrition status**

Nutritional status of hospitalized acute stroke patients 79, 481, 1998

**Obesity**

Lipid accumulation in obese Zucker rats is reduced by inclusion of raw kidney bean (*Phaseolus vulgaris*) in the diet 79, 213, 1998

**Ovariectomy**

Effect of protein restriction on messenger RNA of insulin-like growth factor-I and insulin-like growth factor-binding proteins in liver of ovariectomized rats 79, 447, 1998

**Oxalic acid**

Conditioned flavour aversions in sheep: the relationship between the dose rate of a secondary plant compound and the acquisition and persistence of aversions 79, 55, 1998

 **$\beta$ -Oxidation**

Metabolism of parenterally administered fat emulsions in the rat: studies of fatty acid oxidation with 1-<sup>13</sup>C- and 8-<sup>13</sup>C-labelled triolein 79, 381, 1998

**Palmitate**

The interaction between nutritional status and growth hormone in young cattle: differential responsiveness of fat and protein metabolism 79, 275, 1998

**Pectin**

Effect of different varieties of pectin and guar gum on plasma, hepatic and biliary lipids and cholesterol gallstone formation in hamsters fed on high-cholesterol diets 79, 463, 1998

**Perfused rat liver**

Comparison of short- and long-term effects of different dietary fats on the hepatic uptake and metabolism of chylomicron remnants in rats 79, 203, 1998

**Physical activity**

Fat balance and ageing: results from the Québec Family Study 79, 413, 1998

**Phytate**

A comparison of iron absorption in adults and infants consuming identical infant formulas 79, 31, 1998

**Phyto-oestrogens**

Lignan and isoflavonoid concentrations in tea and coffee 79, 37, 1998

Phyto-oestrogens: where are we now? 79, 393, 1998

**Placenta**

Maternal nutrition in early-mid gestation and placental size in sheep 79, 359, 1998

**Plasma**

Rapid chylomicron appearance following sequential meals: effects of second meal composition 79, 425, 1998

**Plasma 25-hydroxyvitamin D**

Rat adipose tissue rapidly accumulates and slowly releases an orally-administered high vitamin D dose 79, 527, 1998

**Postprandial metabolism**

The effect of triacylglycerol-fatty acid positional distribution on postprandial metabolism in subcutaneous adipose tissue 79, 141, 1998

The effect of test meal monounsaturated fatty acid:saturated fatty acid ratio on postprandial lipid metabolism 79, 419, 1998

Rapid chylomicron appearance following sequential meals: effects of second meal composition 79, 425, 1998

**Pregnancy**

The determinants of iron status in early pregnancy 79, 249, 1998

Is zinc a limiting nutrient in the diets of rural pregnant Malawian women? 79, 257, 1998

Growth and metabolism of fetal and maternal muscles of adolescent sheep on adequate or high feed intakes: possible role of protein kinase C- $\alpha$  in fetal muscle growth 79, 351, 1998

Maternal nutrition in early-mid gestation and placental size in sheep 79, 359, 1998

Ascorbic acid levels in maternal milk: differences with respect to ascorbic acid status during the third trimester of pregnancy 79, 431, 1998

Are overweight women at increased risk of obesity following pregnancy? 79, 489, 1998

Calcium levels in maternal milk: relationships with calcium intake during the third trimester of pregnancy 79, 501, 1998

**Premenopausal women**

The effect of dietary sodium intake on biochemical markers of bone metabolism in young women 79, 343, 1998

**Protein intake**

Lowering of plasma triiodothyronine level and sympathetic activity does not alter hypoalbuminaemia in rats fed on a diet of low protein concentration 79, 455, 1998

**Protein kinase C**

Growth and metabolism of fetal and maternal muscles of adolescent sheep on adequate or high feed intakes: possible role of protein kinase C- $\alpha$  in fetal muscle growth 79, 351, 1998

**Protein restriction**

Effect of protein restriction on messenger RNA of insulin-like growth factor-I and insulin-like growth factor-binding proteins in liver of ovariectomized rats 79, 447, 1998

**Protein synthesis**

Effect of glucocorticoid excess on skeletal muscle and heart protein synthesis in adult and old rats **79, 297, 1998**

**Purines**

Excretion of endogenous and exogenous purine derivatives in sheep: effect of increased concentrate intake (Short communication) **79, 237, 1998**

Urinary excretion of purine derivatives as an index of microbial-nitrogen intake in growing rabbits **79, 373, 1998**

**Rapeseed**

The influence of live weight, live-weight change and diet on protein synthesis in the skin and skeletal muscle in young Merino sheep **79, 267, 1998**

**Riboflavin**

Glutathione peroxidase (EC 1.11.1.9) and superoxide dismutase (EC 1.15.1.1) activities in riboflavin-deficient rats infected with *Plasmodium berghei* malaria **79, 305, 1998**

**Rumen**

Enzyme activities of rumen particles and feed samples incubated *in situ* with differing types of cloth **79, 161, 1998**

**Saturated fatty acids**

The effect of test meal monounsaturated fatty acid: saturated fatty acid ratio on postprandial lipid metabolism **79, 419, 1998**

**Serum cholesterol**

Cholesterol lowering in pigs through enhanced bacterial bile salt hydrolase activity **79, 185, 1998**

**Short communication**

Free amino acids in milks of human subjects, other primates and non-primates **79, 129, 1998**

Excretion of endogenous and exogenous purine derivatives in sheep: effect of increased concentrate intake **79, 237, 1998**

Metal (molybdenum, copper) accumulation and retention in brain, pituitary and other organs of ammonium tetrathiomolybdate-treated sheep **79, 329, 1998**

**Sodium**

The effect of dietary sodium intake on biochemical markers of bone metabolism in young women **79, 343, 1998**

**Soya milk**

Effects of soya milk and Bifidobacterium-fermented soya milk on plasma and liver lipids, and faecal steroids in hamsters fed on a cholesterol-free or cholesterol-enriched diet **79, 97, 1998**

**Stable isotopes**

Importance of measuring CO<sub>2</sub>-production rate when using <sup>13</sup>C-breath tests to measure fat digestion (Technical note) **79, 541, 1998**

**Stroke**

Nutritional status of hospitalized acute stroke patients **79, 481, 1998**

**Superoxide dismutase**

Glutathione peroxidase (EC 1.11.1.9) and superoxide dismutase (EC 1.15.1.1) activities in riboflavin-deficient rats infected with *Plasmodium berghei* malaria **79, 305, 1998**

**Supplementation**

The remedying of iron deficiency: what priority should it have? **79, 227, 1998**

**Syndrome X**

Inadequate vitamin D status: does it contribute to the disorders comprising syndrome 'X'? **79, 315, 1998**

**Tea**

Lignan and isoflavonoid concentrations in tea and coffee **79, 37, 1998**

Apolipoprotein E genotype modulates the effect of black tea drinking on blood lipids and blood coagulation factors: a pilot study **79, 133, 1998**

**Tension**

Alterations in mood after changing to a low-fat diet **79, 23, 1998**

**Tetrathiomolybdate**

Metal (molybdenum, copper) accumulation and retention in brain, pituitary and other organs of ammonium tetrathiomolybdate-treated sheep (Short communication) **79, 329, 1998**

**Total parenteral nutrition**

Metabolism of parenterally administered fat emulsions in the rat: studies of fatty acid oxidation with 1-<sup>13</sup>C- and 8-<sup>13</sup>C-labelled triolein **79, 381, 1998**

**Toxicity**

Metal (molybdenum, copper) accumulation and retention in brain, pituitary and other organs of ammonium tetrathiomolybdate-treated sheep (Short communication) **79, 329, 1998**

**Triacylglycerols**

The effect of triacylglycerol-fatty acid positional distribution on postprandial metabolism in subcutaneous adipose tissue **79, 141, 1998**

**Triiodothyronine**

Further studies on carry-over effects of dietary crude protein and triiodothyronine (T<sub>3</sub>) in broiler chickens **79, 89, 1998**

Lowering of plasma triiodothyronine level and sympathetic activity does not alter hypoalbuminaemia in rats fed on a diet of low protein concentration **79, 455, 1998**

**Urea**

Urea recycling in sheep: effects of intake **79, 79, 1998**

**Vegetarians**

Faecal pH, bile acid and sterol concentrations in premenopausal Indian and white vegetarians compared with white omnivores **79, 495, 1998**

**Vitamin D**

Inadequate vitamin D status: does it contribute to the disorders comprising syndrome 'X'? **79, 315, 1998**

**Volatile fatty acids**

The use of cumulative gas and volatile fatty acid production to predict *in vitro* fermentation kinetics of Italian ryegrass leaf cell walls and contents at various time intervals **79, 519, 1998**

**Weight gain**

Are overweight women at increased risk of obesity following pregnancy? **79, 489, 1998**

**Wool**

The influence of live weight, live-weight change and diet on protein synthesis in the skin and skeletal muscle in young Merino sheep **79, 267, 1998**

**Xanthine oxidase**

Urinary excretion of purine derivatives as an index of microbial-nitrogen intake in growing rabbits **79, 373, 1998**

**Zinc**

Is zinc a limiting nutrient in the diets of rural pregnant Malawian women? **79, 257, 1998**
