EARTH OPOLIS

A Biography of
Our Urban Planet

Carl H. Nightingale

A sweeping six-continent, six-millennia tour of the world's cities, culminating in the last 250 years, when we vastly accelerated our planetary realms of action, habitat, and impact, courting dangerous new consequences and opening prospects for new hope.

“Majestic in scale, full of fascinating detail about stones, bricks and systems of segregation”

Jeremy Adelman, author of
Worldly Philosopher: the Odyssey of Albert O. Hirschman

“History is merely prelude to the future: on a planet of cities, our survival depends on seizing some of the clues this book contains”

Bill McKibben, author of *Falter: Has the Human Game Begun to Play Itself Out*

VIC GATRELL
CONSPIRACY
ON CATO STREET
A TALE OF LIBERTY
AND REVOLUTION IN
REGENCY LONDON

In 1820, twenty-five impoverished craftsmen assembled in an obscure stable in Cato Street, London, with a plan to massacre the whole British cabinet at its monthly dinner. By attending to the ‘real lives’ and habitats of the men, women, and children involved, Gatrell throws fresh light on the troubled and tragic world of Regency Britain, and on one of the most compelling and poignant episodes in British history.

“Erudite, engaging and brilliantly wide-ranging, Vic Gatrell’s *Conspiracy on Cato Street* is peppered with revealing detail and is compulsively readable. This is historical scholarship at its very finest.”

Emma Griffin, author of *Bread Winner: An Intimate History of the Victorian Economy*.
