DIRECTORY OF LIBRARIANS AND INFORMATION SCIENTISTS IN POLITICAL SCIENCE

The Association has published a new *Directory of Librarians and Information Scientists in Political Science*. The volume, edited by Robert Goehlert, Indiana University, contains biographical information on 124 librarians and information scientists in political science. It may be ordered from the Association, prepaid, \$5 for members; \$7 for non-members.

The aim of this *Directory* is to form a network of librarians and information scientists willing to provide reference and research assistance in the field of political science. This *Directory* is intended to serve political scientists and librarians by facilitating the exchange of information and ideas about the bibliography of political science, methods of library instruction and research. The *Directory* is expected to aid political scientists who are planning to do research at another library or special collection and want to contact the librarian who works in that geographical area. By knowing the name of a librarian at a particular library or research center, political scientists can inquire directly about an institution's resources or seek reference assistance.

Instructions to Contributors: Address correspondence about contributions to the *Review* to Charles O. Jones, *American Political Science Review*, Department of Political Science, University of Pittsburgh, Pittsburgh, Pennsylvania 15260. Please submit *four* copies of a manuscript to be considered for publication. *Unfortunately, due to increased postage costs, we can no longer return manuscripts to the author.* Manuscripts must be typed and mimeographed or photocopied, with all written material *double-spaced* (including quotations and footnotes). Use standard typewriter paper—avoid colored and light-weight stock. The typewritten lines should not exceed 5½ or 6 inches in length. Please do not send the original typescript. Since manuscripts are sent out anonymously for evaluation, the author's name and affiliation should appear only on a separate covering sheet. An abstract of *less than 150 words* should accompany the manuscript.

The reference form is that used by most scientific journals (for illustration, see any issue of the *Review*, June 1978, and after); brief parenthetical references are included in the text and all sources are listed alphabetically at the end of the article. The work of classical authors such as Aristotle or Plato may be cited by the standardized code familiar to scholars in the field and passing allusions to such authors do not require mention in the list of references. Conventional foot-of-column notes are used only for explanatory comments or in unusual cases to avoid lengthy in-text references.

Articles which draw on survey data not documented through the Inter-University Consortium for Political and Social Research should include the following information in an appendix: (1) a description of the population sampled, including definition of the geographical area covered, and details about how the sample was drawn sufficient to permit fairly exact replication; (2) response rate (for quota designs, the number of refusals); (3) exact question wordings; and (4) interviewer characteristics.

Manuscripts over 30 pages will be reviewed with particular care to determine if such length is warranted. Those over 50 pages will be returned to the author. Resubmission may follow compliance with the page limit. Manuscripts must be double-spaced throughout, with standard margins. Tables, charts, footnotes, and references will be included in the page count.

Figures should be professionally presented: use high-quality white paper and India ink for maximum sharpness and clarity of line. Copies only should accompany the submitted manuscript, original art work being retained until requested by the editorial office. Tables should be typed on separate pages, with guides, e.g., "Table 1 about here" at the appropriate places in the manuscript.

Communications must follow the form of regular manuscripts (including reference listings where appropriate). They must not exceed five double-spaced pages, including references, footnotes, and tables. All but the briefest letters will be refereed.

Books intended for review and all book review correspondence should be sent to Holbert N. Carroll, Book Review Editor, *American Political Science Review*, Department of Political Science, University of Pittsburgh, Pittsburgh, Pennsylvania 15260. Authors are urged to call their books to the attention of the Book Review Editor to insure that the books will be considered for review.

Information, including News and Notes, for the Association's news-journal, *PS*, should be sent to 1527 BNew Hampshire Avenue, N.W., Washington, D.C. 20036. Advertising, reprint and circulation correspondence should be sent to the Executive Director at the Washington office. Domestic claims for non-receipt of issues must be made within four months of the month of publication; overseas claims, eight months. Advertising information and rates are available from Eloise French, Advertising Manager, APSA, 1527 New Hampshire Avenue, N.W., Washington, D.C. 20036.
