

EHES Summer School

Groningen, 18-25 June 1995

Economic Growth and Distribution in the 19th and 20th Centuries

This is the main theme for the *second* summer school of the European *Historical* Economics Society. The school will be held in Groningen, The Netherlands 18-25 June 1995 and is co-sponsored by the European Commission's Human Capital and Mobility Programme and the N. W. Posthumus Institute. Main themes covered by the school are:

*Convergence and divergence in the world economy
Income distribution, wage levels and human capital
Urbanization, migration and labour markets Institutions,
the open economy and economic growth*

Principal lecturer: Jeffrey G. **Williamson**, Harvard.

Senior experts include

Steve **Dowrick**, Australian National University; Giovanni **Federico**, Pisa; Jan Luiten van **Zanden**, Utrecht; Bart van **Ark**, Groningen; Tim **Hatton**, Essex; James **Foreman-Peck**, Oxford; Vera **Zamagni**, Bologna.

The school encourages young researchers to present own work, and in case You intend to do so You are asked to send an abstract with Your application.

Travel expenses and accommodation will be reimbursed by the organizers. To be eligible for support You are in the final phase of Your Ph. D-programme or early in Your post-doctoral career. Applicants must be EU nationals or permanent residents in an EU country.

For application forms write to

European School of *Historical* Economics
Institute of Economics
att. Anne-Marie **Hansen**
Studiestraede 6
DK 1455 Copenhagen K.
e-mail: okoakh@pc.ibt.dk
Director of the school:

Karl Gunnar **Persson**, Institute of Economics, University of Copenhagen.

Applications must be submitted before March 15 1995.
