The Damages Lottery

P.S. Atiyah

An Introductory Guide to EC Competition Law and Practice (6th Edn)

Valentine Korah

Written originally as a guide for business people, this book has long since outstripped that role and is now among the list of books considered essential for students and practitioners of competition law. This sixth edition maintains the standard of earlier editions by analysing the most recent legislation, notices and cases, and by suggesting how the subject may develop in future years.
