Institute of Sound and Vibration Research,  
The University of Southampton.

### CLINICAL AUDIOLOGY COURSE, MARCH 1974

A FURTHER non-residential Course in Clinical Audiology will be given by the Operational Acoustics and Audiology Group of the Institute of Sound and Vibration Research during the period 25 to 29 March 1974. The course, now of five days, is intended primarily for specialists in otolaryngology and trainees in the speciality and will consist of lectures and demonstrations of the latest audiological and vestibulometric techniques.

To prevent overcrowding of demonstrations, the course number will be limited to twenty-four, and early application is therefore advised. The fee will be £50.

## General notes

Further information may be obtained from the I.S.V.R. Conference Secretary (Mrs. O. G. Hyde), The University, Southampton SO9 5NH. Telephone: Southampton (0703) 559122 Extension 2310.

**THIRD ASIA OCEANIA CONGRESS OF OTORHINOLARYNGOLOGY**  
THE Third Asia Oceania Congress of Otorhinolaryngology will take place in Bali, Indonesia, 13-17 July, 1975.

Interested otorhinolaryngology colleagues are cordially invited.

For further information please contact Dr. D. Affandi, Secretary General, P.O. Box 2380, Jakarta, Indonesia.

### UNIVERSITY OF TORONTO, TORONTO, CANADA COURSE IN SEPTO-RHINOPLASTY

A postgraduate course in Septo-Rhinoplasty will be offered 3-8 February 1974, by the University of Toronto, Faculty of Medicine, in conjunction with the American Academy of Facial, Plastic and Reconstructive Surgery.

This workshop in surgery of the nose, septum and related areas will focus attention on the external approach to rhinoplasty. The standard method of rhinoplasty will also be demonstrated and taught.

For further information write to The Director, Division of Postgraduate Medical Education, University of Toronto, Toronto, Ont. M5S 1A8.

### UNIVERSITY OF BRISTOL AND SOUTH-WESTERN LARYNGOLOGICAL ASSOCIATION

#### 11TH PATRICK WATSON-WILLIAMS MEMORIAL LECTURE

This lecture will be delivered by Professor Wm. Burns, C.B.E., D.Sc., M.B., Professor of Physiology, Charing Cross Hospital Medical School, on 19 January 1974, at 11.30 a.m. in the New Medical School, Bristol University. The title of his paper is 'Physiological, acoustic and legislative aspects of noise induced deafness'.

### COURSE IN LARYNGOLOGY AND BRONCHOSOPHAGOLOGY

The Department of Otolaryngology, Abraham Lincoln School of Medicine of the University of Illinois and the Eye and Ear Infirmary of the University of Illinois Hospital, will conduct a continuing education course in Laryngology and Bronchoesophagology 18 to 23 March 1974. The course is limited to twenty physicians and will be under the direction of Paul H. Holinger, M.D. It will be held largely at the Eye and Ear Infirmary, 1855 West Taylor Street, Chicago, and will include visits to a number of other Chicago hospitals. Instruction will be provided by means of animal demonstrations and practice in bronchoscopy and esophagoscopy, diagnostic and surgical clinics, as well as didactic lectures.

Interested physicians will please write directly to the Department of Otolaryngology, Eye and Ear Infirmary, 1855 West Taylor Street, Chicago, Illinois 60612.
