

	PAGE
Studies on protein deficiency and calorie deficiency in rats. 1. Plasma amino acid ratios and urinary hydroxyproline excretions. By ELSIE M. WIDDOWSON and R. G. WHITEHEAD	xxxii
Studies on protein deficiency and calorie deficiency in rats. 2. Haematocrit, and haemoglobin and plasma protein concentrations. By ELSIE M. WIDDOWSON and J. W. T. DICKERSON	xxxiii
The absorption of vitamin A after a meal of liver. By I. M. SHARMAN, T. MOORE and Z. A. LEITNER	xxxiii
Investigations of the passage of α -linked glucose polymers into the duodenum of the sheep. By J. C. MACRAE and D. G. ARMSTRONG	xxxiii
The application of FAO protein allowances to British data. By J. P. GREAVES and JANE TAN	xxxiv
Vitamin A requirements of intensively fattened cattle. By J. H. TOPPS, R. C. ELLIOTT, P. D. JOHNSON and W. D. C. REED	xxxv
Food requirements of African cattle for survival. By R. C. ELLIOTT, W. R. MILLS, W. D. C. REED and J. H. TOPPS	xxxvi
The relationship between endogenous loss of magnesium and faecal output in the rat. By B. S. W. SMITH	xxxvii
The thermic response to meals of varying size in the resting and active human subject. By M. J. STOCK	xxxviii
The effect of a meal on the rate of ethanol metabolism in man. By D. S. MILLER and J. L. STIRLING	xl
Delayed protein supplementation of barley diets for weanling pigs. By M. L. YEO and A. G. CHAMBERLAIN	xli
Determination of the oxygen consumption and the carbon dioxide production of the rat. By M. J. STOCK	xli

FORTHCOMING ISSUE

It is hoped to publish in the next issue of the *Proceedings of The Nutrition Society* reports of symposia on Absorption of Nutrients from the Intestine (15-16 July 1966) and Nutrition Balance Techniques and their Limitations (29 October), a Lecture by Dr Howard A. Schneider on Some Nutritional Parameters in the Ecology of Infectious Disease (22 July 1966) and abstracts of communications to be presented at a meeting on 12 October 1966.

CONTENTS OF VOLUME 25, No. 2, 1966

SYMPOSIUM PROCEEDINGS

One Hundred and Seventy-eighth Scientific Meeting

NUTRITION AND PHYSICAL PERFORMANCE	PAGE
The diet of Greek athletes. By H. A. HARRIS	87
The metabolic effects of exercise. By PETER HARRIS	91
Nutrition and its relation to body composition in exercise. By JANA PAŘÍZKOVÁ ..	93
Obesity: physical activity and nutrition. By D. S. MILLER and PAMELA MUMFORD ..	100
Age, physical activity and energy expenditure. By J. V. G. A. DURNIN	107
Food intakes and weight changes in climatic extremes. By O. G. EDHOLM and R. GOLDSMITH	113

One Hundred and Seventy-ninth Scientific Meeting

FISH FARMING—THE INTENSIVE PRODUCTION OF FISH FOR HUMAN FOOD

Fish cultivation. By C. E. LUCAS	120
Ecological problems of marine fish farming. By J. H. STEELE	126
Engineering aspects of fish farming. By W. FRAZER	129
Sea fish culture in Britain. By J. E. SHELBORNE and C. E. NASH	133
Socio-economic aspects of fish farming. By C. F. HICKLING	140

ABSTRACTS OF COMMUNICATIONS

One Hundred and Seventy-seventh Scientific Meeting

The low nutritive value of dried beef tendon. By J. ATKINSON and K. J. CARPENTER	xvii
A technique for quantitative measurement of hydrogenation of long-chain fatty acids in the fore-stomachs of the sheep. By M. J. ULYATT, J. W. CZERKAWSKI and K. L. BLAXTER	xviii
Partition of nitrogen in the urine of African sheep given low-protein diets. By J. H. TOPPS and R. C. ELLIOTT	xix
Effect of water intake on the metabolism of magnesium in the sheep. By N. F. SUTTLE and A. C. FIELD	xx
The zinc requirement of Friesian calves fed on an artificial diet. By C. F. MILLS, A. C. DALGARNO, R. B. WILLIAMS and J. QUARTERMAN	xxi
The energy cost of standing in sheep. By A. J. F. WEBSTER and DOROTHY VALKS ..	xxii
Strain differences in the response of Blackface sheep to injections of sodium selenate. By J. QUARTERMAN, C. F. MILLS and A. C. DALGARNO	xxiii
A method for determining the body composition of sheep based on dissolution of the carcass in nitric acid. By A. C. FIELD and N. F. SUTTLE	xxiii
The influence of dietary additions of starch and casein in the later stages of pregnancy upon the nitrogen retention of pregnant gilts. By F. W. H. ELSLEY, D. M. ANDERSON and R. M. MACPHERSON	xxiv
Circadian rhythm of ruminants. By J. G. GORDON	xxv

One Hundred and Eightieth Scientific Meeting

Comparison of two simple measures of activity in old women. By MOLLY M. DISSELDUFF and EDNA MURPHY	xxv
A study of the role of iodine deficiency in simple goitre in the Glasgow area. By W. R. GREIG, J. A. BOYLE, ANNE DUNCAN, JANNETTE NICOL, MARY GRAY, W. W. BUCHANAN and E. M. MCGIRR	xxvi
Influence of EDTA on the digestibility of calcium in rats. By G. VARELA and A. MURILLO	xxvii
Extent of human vitamin A deficiency. By D. S. McLAREN, W. W. C. READ and MARIE TCHALIAN	xxviii
Ruminant faecal fat. By R. ANDREWS and D. LEWIS	xxviii
The passage of vitamin C across biological membranes. By R. E. HUGHES and S. C. MATON	xxix
The effect of infusing bile salts into the rumen of sheep. By J. L. CLAPPERTON, J. W. CZERKAWSKI and A. K. MARTIN	xxx
