## INFORMATION FOR CONTRIBUTORS

*Medical History* is devoted to all aspects of the history of medicine, but is concerned primarily with the evolution of scientific and social concepts in medicine, as well as with the many disciplines such as economics, ethnology, literature, philosophy, politics, theology, science, technology, etc., that impinge upon it. It is published quarterly in January, April, July and October.

*Manuscripts.* Original articles should not normally exceed 10,000 words in length. Previously unpublished texts and documents as well as short papers will also be considered for publication.

Manuscripts must be submitted in duplicate, with double spacing and wide margins. The author should retain a copy. The Editors reserve the right to make stylistic or bibliographical emendations.

*References.* No paper will be considered for publication if it is not satisfactorily and adequately documented. References must be typed in double space and be arranged by number in order of their citation in the text. Strict adherence to the standard form is requested: see previous numbers of *Medical History*.

*Illustrations.* Two illustrations are allowed free of charge, at the Editors' discretion. Any in addition will be charged to the author. Each legend must include particulars of the source of the illustration and should be typed on a separate sheet.

*Proofs.* Each contributor will receive a galley proof, which should be corrected and returned to the Assistant Editor as quickly as possible. Any corrections other than of typographical errors will be charged to the author.

*Offprints.* Authors will receive free of charge twenty-five offprints. Particulars of the cost of additional copies will be sent before publication, and orders must be made by return.

*Editorial office.* Manuscripts, review copies of books, and all correspondence should be addressed to The Editors, *Medical History*, The Wellcome Institute for the History of Medicine, 183 Euston Road, London NW1 2BP.
