The Monkey as Mirror

Symbolic Transformations in
Japanese History and Ritual

Emiko Ohnuki-Tierney

Emiko Ohnuki-Tierney examines the historical transformations of the concept of self and other in Japan by inquiring into the meanings assigned to the monkey and the "special status" people (often referred to as "outcastes"), who produce the monkey performances still popular in Japan. What emerges is a clear picture of how structures of meaning change over a long period of time.

The Language of Balinese Shadow Theater

Mary Sabina Zurbuchen

Bali's shadow puppet theater, like others in Southeast Asia, is a complex tradition with many conventions that puzzle Western observers. Mary Zurbuchen demonstrates how the linguistic codes of this rich art form mediate between social groups, cultural influences, historical periods, and conceptual schemes. She argues that the performers of shadow theater deliberately maintain distinctions between different kinds of language and that playing on as many such registers as possible gives meaning to their productions.

Flexible OCLC CJK350 Word Processing Offers More Than Just CJK

Chinese, Japanese, Korean, (CJK) and English scripts, *all in one word processing package*. That's what sets the OCLC CJK350 system apart from other CJK word processors.

OCLC CJK350 is a powerful, cost-effective automated system with a full range of editing features, including insert, delete, scrolling, search and replace. Plus, block commands for deleting, inserting, moving, or merging text.

With OCLC CJK350, you can process information not only in Chinese, Japanese, and Korean, but also in Vietnamese, English, French, German, Spanish, and other Roman-alphabet languages. And, for maximum flexibility, you can use any one of five different input methods: Tsang-chieh, Wade-Giles, Pin-yin, Modified Hepburn, and McCune-Reischauer.

For ease of use and maximum cost-savings, the OCLC CJK350 software will run on the IBM PC, XT, or AT equipment you already own, upgraded with hardware available from OCLC. And, because it uses a standard keyboard, you won't have to waste valuable time learning the operation of a special keyboard.

Want to know more? Visit the OCLC Booth at the AAS Conference for continuous demonstrations of the OCLC CJK350 system.

Family, Fields, and Ancestors

A Social and Economic History of China, 1550-1949

LLOYD E. EASTMAN, *University of Illinois*

The first book to synthesize and make available important recent research on the social and economic history of China in late Imperial and modern times, this is a much-needed supplement to existing political histories. Lloyd E. Eastman clarifies the complex and confusing facets of Chinese society while paying tribute to its extraordinary regional, social, and historical diversity. He covers a wide range of topics, from population trends, family life, and popular religion, to agriculture, commerce, manufacturing, and class structure while providing a clear, cogent introduction to a fascinating culture. 1987 320 pp.; 14 illus., 12 maps paper \$10.95 cloth \$29.95

SHARP, ENTERTAINING VIGNETTES OF THE REAL PEOPLE BEHIND TODAY'S JAPAN

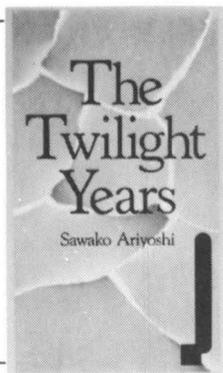

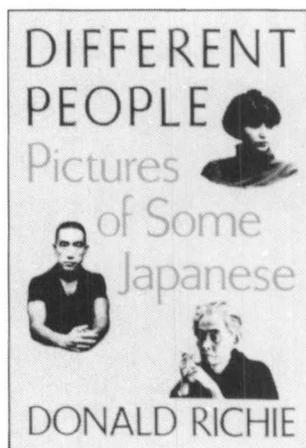

DIFFERENT PEOPLE

Pictures of Some Japanese

DONALD RICHIE

This extraordinary collection of individual portraits is perhaps the first book about the Japanese to view them entirely as real people, unhindered by the various theories about them; people as complicated, as simple, as inscrutable and as understandable as anyone else. Donald Richie introduces 48 colorful men and women, from the famous—Toshiro Mifune, Akira Kurosawa, Yukio Mishima—to the ordinary—a sushi chef, an office worker, a bar hostess. A 40-year resident of Japan, Richie captures as few writers could the varied personalities, ambitions, and lifestyles of the people who have helped shape, or who help illustrate, the nature of postwar Japanese society.

Prison Writings

KIM DAE JUNG

Translated by Choi Sung-Il
and David R. McCann

Foreword by David R. McCann

His jailers allowed him only one letter home a month, and only one aerogramme sheet on which to write. The paper was scarcely larger than postcard size, but in minuscule characters, Kim Dae Jung poured out his thoughts and feelings. Kim became a hero to many of his countrymen as a leader of the democratic opposition to the whole sequence of authoritarian regimes in South Korea after WWII. But great popular support never shielded him from constant personal danger; he spent most of the time between 1973-1979 either in prison or under house arrest. This book offers extraordinary insight into modern Korean history and into one man's struggle for democracy and human rights.

The Origins of the Boxer Uprising **JOSEPH W. ESHERICK**

Using archival and oral-history sources, previously unavailable to scholars of the Boxer movement, Esherick carefully reconstructs the early history of the Boxers. He challenges the traditional view that they grew from earlier anti-dynastic sects, stressing instead the impact of social ecology and popular culture. It is a distinguished contribution to the study of modern Chinese history. \$45.00

FOR THE LORD OF THE ANIMALS—POEMS FROM THE TELUGU

The *Kālahastīśvara Śatakamu* of Dhūrjaṭi

Translated with Introduction and Notes by

HANK HEIFETZ and

VELCHERU NARAYANA RAO

The *Kālahastīśvara Śatakamu*, a 16th-century collection of lyrics in the Telugu language, is one of the most important works of the classical poets of the Andhra region of India. In this first presentation of this literature in English translation, Heifetz and Rao combine informed scholarship and literary skill to present the voice of the poet. The lyrics are charged with deep feelings as Dhurjati deals with such issues as sensuality, death, aesthetics, politics, family life, devotionalism and mysticism. \$25.00
