

GENERAL NOTES

THE Editors are anxious to improve the clinical aspect of the Journal and would welcome more reports of interesting cases. These clinical records need not be at all elaborate and it would be unnecessary to go minutely into the ætiology or the literature of the subject. Senior Registrars have unique opportunities for seeing a large variety of cases, many with unusual features. It is in many ways regrettable that these should go unrecorded. It is hoped that all those in charge of clinics will help us in this matter and see that such cases are not overlooked.

OTOLARYNGOLOGY LECTURES 1957-58

THE following lecture, arranged jointly by the Royal College of Surgeons of England and the Institute of Laryngology and Otology, will be delivered in the Lecture Hall of the College, at 5.30 p.m.

1958

July 3rd. Mr. Norman C. Tanner. Haemorrhage from the Œsophagus.

INTERNATIONAL CONGRESS ON THE MODERN EDUCATIONAL TREATMENT OF DEAFNESS

AN International Congress on the Modern Educational Treatment of Deafness will be held at the University of Manchester from July 15th-23rd, 1958.

The Congress is being organized with the approval and support of the Council of the University, with financial help from the Ministry of Education, the National College of Teachers of the Deaf, and the Rathbone Trustees, and with the co-operation of the British Council and the Alexander Graham Bell Association for the Deaf, Inc., Washington, D.C., U.S.A.

The Congress is being planned to bring together educators, otolaryngologists, pædiatricians, medical officers, audiologists and educational psychologists, to consider and discuss the significance, to the future development of their work, of the results of modern research on problems of deafness in childhood.

Arrangements are being made to offer accommodation to members of the Congress in University Halls of Residence. The cost of this type of accommodation is expected to be about £1 2s. per day, including bed, breakfast and dinner. The University Refectory will be available for meals during each day.

Forms of application for membership of the Congress will be supplied upon request, to Professor A. W. G. Ewing, Department of Education of the Deaf, the University, Manchester 13, England.

General Notes

THE BÁRÁNY JUBILEE MEDAL

IN conjunction with the graduation ceremonies at the Uppsala University, Sweden, the Bárány Jubilee Medal was awarded to Dr. Charles Skinner Hallpike, M.D., F.R.C.P., F.R.C.S., F.R.S., Medical Research Council, Otological Research Unit, National Hospital, London.

By the ceremony Dr. C. O. Nylén, successor of Bárány in the chair of Otology at Uppsala University gave an outline of Hallpike's works.

The Medical Faculty of Uppsala has awarded this outstanding distinction for 1958 to the eminent and internationally known scientist, Dr. C. S. Hallpike, London. By his clinical and experimental investigations he has increased to a high degree our knowledge of the functions of the vestibular system and of optomotorial nystagmus.

The Dean of the Medical Faculty then handed the golden medal over to Dr. Hallpike.

ROYAL COLLEGE OF SURGEONS OF ENGLAND

REPORT, DATED THE 30TH MAY, 1958 OF THE COURT OF EXAMINERS

THE Court of Examiners reports to the Council that at the recent Final Examination for the Fellowship, 13 candidates presented themselves for the Examination in Ophthalmology, 3 of whom acquitted themselves satisfactorily; 25 candidates presented themselves for the Examination in Otolaryngology, 7 of whom acquitted themselves satisfactorily; and 315 candidates presented themselves for the Examination in General Surgery, 96 of whom acquitted themselves satisfactorily. Three of the successful candidates have not yet complied with the regulations.

The following are the names of the 6 candidates in Otolaryngology who are therefore entitled, subject to the approval of the Council, to the Diploma of Fellow:

Milner, George Algernon Webb	7 Haining Road, Cross Roads, Jamaica, W.I.
Rohan, Raymond France	2 Bickley House, Bickley Avenue, Four Oaks, Sutton Coldfield, Warwickshire.
Sardana, Dharmendra Singha	c/o Lloyd's Bank, 67 Kingsway, W.C.2.
Rousseaux, Georges Emile	44 Meadow Bank Avenue, Sheffield 7.
Fuller, Alan Pearce	11 Westbourne Terrace, W.2.
Kelham, Bernard Harold	74 Herne Hill, S.E.24.

THE INSTITUTE OF LARYNGOLOGY AND OTOLOGY

330-332 GRAY'S INN ROAD, LONDON, W.C.1.

The Academic Board announces the following

SPECIAL LECTURES AND DEMONSTRATIONS

to be given at the Institute—except where otherwise stated. These are open to all members of the Specialty and to postgraduate students. No ticket of admission is required, except in the case of the Reception on 11th July.

General Notes

Wednesday, 2nd July, 1958, at 5.30 p.m.

DR. ENRIQUE AGER MUGUERZA (Madrid)—“Carcinoma of the epiglottis.”

Thursday, 3rd July, 1958, at 5.30 p.m., at The Royal College of Surgeons.

MR. NORMAN TANNER—“Hæmorrhage from the œsophagus.”

Friday, 11th July, 1958, 4.0 to 7.30 p.m.

Reception and demonstrations in the Audiology Unit.

Friday, 8th August, 1958, at 5.30 p.m. (instead of 30th July as previously notified).

DR. BEN H. SENTURIA (St. Louis)—“Diseases of the external ear.”

Friday, 24th October, 1958, at 5.30 p.m.

PROFESSOR C. V. HARRISON (Postgraduate Medical School of London)—“The pathology of malignant lymphomas.”

Saturday, 8th November, 1958, at 11.30 a.m.

PROFESSOR LUCIUS RÜEDI (Zurich)—“The modern treatment of cholesteatoma of the middle-ear cleft.”

Friday, 14th November, 1958, at 4.30 p.m.

MR. T. G. WILSON (Dublin)—ANNUAL ADDRESS.

Friday, 12th December, 1958, at 5.30 p.m.

PROFESSOR W. ST. C. SYMMERS (Charing Cross Hospital Medical School)—“Mycotic diseases”.

PROVISIONAL LIST OF SHORT COURSES FOR CONSULTANTS AND SENIOR REGISTRARS

3rd and 4th October, 1958—Practical Aural Surgery Class.

17th, 18th and 19th February, 1959—Malignant diseases of the ear, nose and throat.

21st and 22nd February, 1959—Pathology of the ear, nose and throat.

10th, 11th and 12th March, 1959—Diagnosis and treatment of the deaf child.

13th and 14th March, 1959—Modern methods of acoustic and vestibular testing.

10th and 11th April, 1959—Practical Aural Surgery Class.

The number of entries is limited in each course.

A detailed syllabus of any of the above can be obtained on application to the Secretary.

POST-TONSILLECTOMY COMFORT

Immediate pain relief—Speedier Convalescence

The pain of traumatized tissues following tonsillectomy, demands its own relief—and points the need for analgesia that quickly reaches the irritated area.

ASPERGUM provides 'salivary analgesia' through the simple act of chewing—it brings pain-relieving acetylsalicylic acid into *intimate* and *prolonged* contact with the tonsillar

region, seldom reached even intermittently by gargling. The rhythmic stimulation of muscular action also aids in relieving local spasticity & stiffness: more rapid tissue repair is promoted. Each pleasantly flavoured chewing gum tablet provides $3\frac{1}{4}$ grains acetylsalicylic acid, permitting frequent use. Particularly suitable for children.

Aspergum (Category 3)

for more than two decades a dependable
and welcome aid to patient-comfort

Ethically promoted in packages of 16 tablets and moisture proof bottles of 36 and 250
