

## GENERAL NOTES

ROYAL SOCIETY OF MEDICINE,

1 Wimpole Street, London, W.1.

*Section of Laryngology*—President, A. Logan Turner, M.D. *Hon. Secretaries*, E. D. D. Davis, F.R.C.S., 46 Harley Street, London, W.1, and Philip Franklin, F.R.C.S., 27 Wimpole Street, London, W.1.

The next Meeting of the Section will be held on Friday, 5th December, at 5 P.M. Patients will be shown at 4 o'clock. A *précis* of cases and specimens stating the more important facts and drawing attention to the points upon which discussion is invited should be in the hands of the *Senior Hon. Secretary*, Mr E. D. D. Davis, at least twelve days before the Meeting.

*Section of Otology*—President, J. Kerr Love, M.D. *Hon. Secretaries*, T. H. Just, F.R.C.S., 16 Upper Wimpole Street, London, W.1, and F. W. Watkyn-Thomas, F.R.C.S., 14 Welbeck Street, London, W.1.

The next Meeting of the Section will be held on Saturday, 6th December, at 10 A.M. Patients, specimens, etc., must be in the meeting-room before 9.45 o'clock, and notice of the same along with a short description of the cases must be sent to the *Senior Hon. Secretary*, Mr T. H. Just, at least twelve days before the Meeting.

During the Session 1924-25, the Sections will meet on the following dates:—

*Section of Laryngology*, on Friday, 5th December, 6th February, 6th March, 3rd April, 1st May (Annual), and 5th June.

*Section of Otology*, on Saturday, 6th December, 7th February, 7th March, 2nd May (Annual), and 6th June.

Two special Discussions, in which the Sections of Laryngology and Otology will take part, have been arranged on the following dates:—

1. Focal Sepsis in Relation to Diseases of the Skin by the Sections of Dermatology, Laryngology, and Odontology, on *Thursday, 4th December*, at 8 P.M. The Chair will be taken by Dr Graham Little, M.P., the President of the Section of Dermatology. The attention of Members is drawn to the fact that this Discussion takes place on the evening prior to the Ordinary Meeting of the Section of Laryngology on 5th December.

2. The Causes, Early Recognition and Treatment of Non-Tuberculous Meningitis by the Sections of Otology, Laryngology, Medicine, and Neurology. The Discussion has been fixed for Wednesday, 10th December, at 5.30 o'clock. The Chair will be taken by Dr Robert Hutchison.

### THE SCOTTISH SOCIETY OF OTOTOLOGY AND LARYNGOLOGY.

The Twentieth Meeting of the Scottish Society of Otology and Laryngology will be held in the Victoria Infirmary, Glasgow, on the afternoon of Saturday, 13th December, at 3 o'clock.

## General Notes

### THE SEMON LECTURE, 1924.

On the afternoon of Thursday, 6th November, Dr Jean Guisez of Paris delivered, before a large audience assembled in the Hall of the Royal Society of Medicine, the Semon Lecture of the University of London. The Chair was occupied by Sir Wilmot Herringham, K.C.M.G., who, speaking in French, introduced the Lecturer.

As previously announced, Dr Guisez dealt with Malignant Disease of the Esophagus, a subject with which his name has been very prominently associated for many years. A translation of the address, which was delivered in French, will be published in a future number of the *Journal*.

In the evening a reception was held at 64 Wimpole Street, by Sir St Clair Thomson, President of the Royal Society of Medicine, to which the members of the Sections of Laryngology and Otology had been invited to meet the Semon Lecturer.

### INTERNATIONAL CLINIC OF OTO-RHINO-LARYNGOLOGY AND FACIO-MAXILLARY SURGERY.

This newly-formed International Clinic has recently published its programme of instruction for 1925. Recognising that a large number of specialists who visit Europe each year are handicapped by the necessity of travelling between different centres and by their want of familiarity with the various continental languages, the founders of the Clinic have organised two curricula in 1925, in which instruction will be given in English by teachers of recognised reputation.

Both courses will be given in Paris and will be taken part in by members of the staffs of the different hospitals in the City and by others who have been invited to lecture upon their particular specialties. The arrangements are under the direction of Dr Fernand Lemaître of the Hôpital St Louis, 40 rue Bichat. The Course of instruction in Oto-Rhino-Laryngology will extend from the 15th January to the 15th May, and that in Facio-Maxillary Surgery from the 15th May to the 30th June. The Courses will include lectures, clinical and operative work, and laboratory attendance. The teaching staff, in addition to those resident in Paris, will include Sir St Clair Thomson, Dr Cornelius Coakley, Dr Chevalier Jackson, Dr Greenfield Sluder, Dr George E. Shambaugh, Mr H. D. Gillies, Mr Ferris Smith, and Mr J. Eastman Sheehan.

The Secretary-Treasurer, Mdlle. Jeanne Gobreau, 120 Avenue Victor Hugo, Paris, XVI., will supply all the necessary information.

The Editors regret that owing to the great amount of material contained in the Proceedings of the Combined Meeting of the Sections of Laryngology and Otology, it has been found impossible to publish the usual Abstract literature in the present issue of the *Journal*.

\* \* \*

The Editors of the *Journal* desire to express their indebtedness to, and their appreciation of the work of, Dr Douglas Guthrie and the staff of collaborators, in the voluntary assistance which they have given throughout

the year, in abstracting the current medical literature bearing upon the specialty.
