

[Continued from p. iv of wrapper]

Effect of cortisone on toxicity of vitamin D ₂ in rats. By E. M. CRUICKSHANK and E. KODICEK	xiv
Vitamin D ₃ toxicity in calves. By P. S. BLACKBURN, K. L. BLAXTER and ELIZABETH J. CASTLE	xvi
The energetic efficiency of fat synthesis from mixtures of steam-volatile fatty acids in sheep. By D. G. ARMSTRONG, K. L. BLAXTER, N. McC. GRAHAM and F. W. WAINMAN	xvii
A study of the relationship between nutrition and reproduction in identical twin bulls. By T. MANN and L. E. A. ROWSON	xviii
Nutritive value of bread protein fortified with amino-acids. By A. E. BENDER	xviii
Flour and bread, prepared with or without treatment with chlorine dioxide, as long-term sources of vitamin E for rats. By T. MOORE, I. M. SHARMAN and R. J. WARD	xix
The fluid intake of children, adults and the elderly. By E. R. BRANSBY	xx
An enumeration of the 'cravings' of some pregnant women. By J. M. HARRIES and T. F. HUGHES	xx
A rachitogenic factor in pig's liver. By M. E. COATES and G. F. HARRISON	xxi
Nutritional fibrosis of the liver. By K. O. GODWIN	xxii
Chronic protein deficiency and some congenital abnormalities of the eye of the rat. By D. S. McLAREN	xxiii
The effects of low-protein diet and of methionine sulphoximine on the sulphhydryl content of the lens of the eyes of the rat. By K. BAGCHI	xxiv
Further studies on the effects of thiamine deficiency and of caloric deficiency on behaviour in the rat. By MELEK KHAIRY, R. W. RUSSELL and JOHN YUDKIN	xxv
The effect of pigeon-crop milk and dried egg on growth in chicks. By T. G. TAYLOR and J. H. MOORE	xxvi
The effect of implanting diethylstilboestrol and hexoestrol on the growth of fattening sheep and cattle. By G. E. LAMMING and A. J. W. BROOME	xxvii

FORTHCOMING ISSUE

It is hoped to publish in the next issue of the *Proceedings of The Nutrition Society* reports of symposia on Flour and Bread (5 and 6 July 1957), The Nutrition of the Very Young (21 September 1957) and The Nutritive Value of Proteins (12 October 1957) and abstracts of communications to be presented at the Open Scientific Meeting on 7 December 1957.

CONTENTS OF VOLUME 16, No. 2, 1957

(All rights reserved)

SYMPOSIUM PROCEEDINGS

One Hundred and Seventh Scientific Meeting

MAN'S NEED FOR WATER		PAGE
The water supplies and water requirements of the modern state. By H. W. CREMER	103	103
Functions of water in the body. By J. R. ROBINSON	108	108
The relationship of water and salt. By J. R. ELKINTON	113	113
Water equilibrium in health. By ELSIE M. WIDDOWSON	118	118
The breakdown of water equilibrium in disease. By D. A. K. BLACK	123	123
The restoration and maintenance of water equilibrium in disease. By WINIFRED F. YOUNG	128	128

One Hundred and Eighth Scientific Meeting

CLEAN FOOD		PAGE
Chairman's introductory remarks. By L. S. P. DAVIDSON	135	135
Public-health aspects of food poisoning. By KENNETH COWAN	136	136
The bacteriology of food poisoning. By J. W. HOWIE	141	141
Inspection of food. By H. B. PARRY	147	147
The viewpoint of catering management. By E. W. G. GUEST	152	152
Clinical consequences of food poisoning as illustrated by a recent outbreak. By A. W. WRIGHT	154	154
Protecting food at home and in the canteen. By LUCY C. CURRIE	157	157
Hygiene in restaurants and public houses. By T. S. WILSON	159	159
The effect of spoilage and handling on the bacterial flora of fish. By J. M. SHEWAN and D. L. GEORGALA	161	161

ABSTRACTS OF COMMUNICATIONS

One Hundred and Sixth Scientific Meeting

Anaemia in calves. By K. L. BLAXTER, M. K. HUTCHESON, G. A. M. SHARMAN and A. M. MACDONALD	i	i
A comparison of five levels of copper sulphate in rations for growing pigs. By I. A. M. LUCAS and A. F. C. CALDER	i	i
Energy retention of sheep in relation to environmental temperature. By K. L. BLAXTER, N. MCC. GRAHAM and F. W. WAINMAN	iii	iii
The effect of housing on the response of growing pigs to dietary supplements of antibiotic and of certain vitamins. By I. A. M. LUCAS and A. F. C. CALDER	iv	iv
The effect of maternal social class and stature upon the incidence of prematurity. By W. Z. BILLEWICZ and A. M. THOMSON	v	v
Rapid gastric emptying time as a cause of crying in breast-fed babies. By JESSIE C. YORSTON and F. E. HYTEN	vi	vi
Social differentials in the heights and weights of Edinburgh schoolchildren 1952-6. A preliminary communication. By J. G. THOMSON and W. N. BOOG WATSON	vi	vi

One Hundred and Ninth Scientific Meeting

The estimation of the dilution of tritium-labelled water of low activity in body fluids in man. By J. DONE and P. R. PAYNE	vii	vii
Chronic protein malnutrition in the rat: reproductive performance. By B. S. PLATT and P. JOAN MILLER	ix	ix
Protein malnutrition in the pig. By C. B. KNOWLES	ix	ix
Level of protein in the diet and apparent nitrogen digestibility in the pig. By P. L. PELLETT	x	x
Prolidase and nitrogen content of intestinal mucosa in normal and protein-deficient animals. By C. R. C. HEARD	xi	xi
The utilization of carbohydrates in the young pig. By A. M. DOLLAR, K. G. MITCHELL and J. W. G. PORTER	xii	xii
Biological activity for the rat of streptogenin-like peptides in partially hydrolysed proteins. By E. KODICEK and P. S. MISTRY	xiii	xiii
