Important and provocative

The Integrating Mind

AN EXPLORATION INTO WESTERN THOUGHT

WILLIAM F. LYNCH, S.J. "A scholarly, imaginative and provocative analysis. . . . This eloquent and learned plea for tolerance and the patient acceptance of variety for the sake of preserving all valid insights and conceptions of the meaning of human existence, deserves a wide reading."—REINHOLD NIEBUHR
\$3.95

German Catholics and Hitler's Wars

GORDON ZAHN. "A calm and compassionate treatment of whether Hitler's war was all or partially an unjust war. If so, how far could the hierarchy and the ordinary Christian endorse and actively support it? . . . The author passes no judgment, nowhere suggests that this could only happen in Germany. . . . This book will not be read by those whose loyalty is not first to truth, but to a country."—REV. H. A. REINHOLD
