

From Academic Press – Practical Information about Animal Health and Feeding...

A Volume in the ANIMAL FEEDING AND NUTRITION Series . . .

DAIRY CATTLE FEEDING AND NUTRITION

W. J. MILLER

"A very well-written, well-documented book. . . . Only one of its kind devoted exclusively to the dairy cow. It is excellent in terms of the scope of the contents and the style in which it is written. . . ."

—CHOICE

"Must be rated among the best available [books] on the subject. Scientific, but not overwhelmingly so, the book presents, in a readable form, both feeding theory and practice. . . ."

—DAIRY DIGEST

CONTENTS: Introduction and Utilization of Nutrients by Dairy Cattle. Energy Requirements of Dairy Cattle. Protein Requirements of Dairy Cattle. The Use of Nonprotein Nitrogen (NPN) for Dairy Cattle. Mineral and Trace Element Nutrition of Dairy Cattle. Vitamin Requirements of Dairy Cattle. Fat(Lipids) and Water Requirements and Utilization by Dairy Cattle. Fiber Utilization and Requirements of Dairy Cattle. Forages for Dairy Cattle. Concentrates, By-Products, and Other Supplements for Dairy Cattle. Evaluation of Feeds for Dairy Cattle. Feeding the Milking Herd. Feeding and Raising the Young Dairy Calf. Feeding and Management of Heifers, Dry Cows, and Bulls. Feeding and Nutrition of Veal Calves. Raising and Feeding Dairy Beef for Meat Production. Nutritional and Metabolic Disorders of Dairy Cattle. Integrating the Feeding and Nutrition of Dairy Cattle into Practical Feeding Programs for Individuals. Appendix. Index. 1979, 411 pp., \$36.50 ISBN: 0-12-497650-6

GOAT PRODUCTION

Edited by C. GALL

This comprehensive volume discusses the enhancement of goat production through improved management, feeding, and breeding practices. It features contributions by leading authorities who evaluate current knowledge in their fields and summarize their own research data, some of it previously unpublished.

CONTENTS: C. Gall, Goats in Agriculture: Distribution, Importance, and Development. I. L. Mason, Wild Goats and Their Domestication. I. L. Mason, Breeds. G. Ricordeau, Genetics, Breeding Plans. J. M. Corteel, Collection, Processing, and Artificial Insemination of Goat Semen. P. Morand-Fehr, Nutrition and Feeding of Goats: Application to Temperate Climatic Conditions. L. B. Merrill and C. A. Taylor, Jr., Diet Selection, Grazing Habits, and the Place of Goats in Range Management. P. Morand-Fehr, Growth. R. T. Naude and H. S. Hofmeyr, Meat Production. C. Gall, Milk Production. J. C. le Jaouen, Milking and the Technology of Milk and Milk Products. M. Shelton, Fibre Production. C. Gall, Husbandry. C. S. F. Williams, Diseases. S. Trodah, T. Skjevdal, and T. A. Steine, Goats in Cold and Temperate Climate. O. Garcia and B. and C. Gall, Goats in the Dry Tropics. C. Devendra, Goats in the Humid Tropics. C. Devendra, Socioeconomic Importance of Goat Production. P. Charlet, Needs and Possibilities for Future Research.

1981, 632 pp., \$99.50 ISBN: 0-12-273980-9

PATTERSON, D. C. and WALKER, N. Some factors affecting the voluntary intake by pigs of diets containing effluent from the ensilage of grass	123
BENJAMIN, L. R. A model to predict the effects of complex row spacings on the yields of root crops	131
ASHWORTH, J., WIDDOWSON, F. V., PENNY, A., GIBBS, A. J., HODGKINSON, R. A. and HEWITT, M. V. Results from an experiment on permanent grass evaluating the cumulative effects of aqueous urea, injected alone or with a nitrification inhibitor, with those of 'Nitro-Chalk'	141
SMITH, M. W. and JAMES, P. S. Sodium transport by lamb proximal colon measured during early postnatal development	155
SMITH, M. W. and JAMES, P. S. Absorption of glucose by lamb proximal colon measured during early postnatal development	161
NANDI, A. S., SENGUPTA, B. and SEN, S. P. Utility of <i>Rhizobium</i> in the phyllosphere of crop plants in nitrogen-free sand culture	167
NANDI, A. S., SENGUPTA, B. and SEN, S. P. Utility of <i>Rhizobium</i> in the phyllosphere of crop plants under field conditions	173
NANDI, A. S. and SEN, S. P. Utility of <i>Rhizobium</i> in the phyllosphere of crop plants: two-way exchange of metabolites between <i>Rhizobium</i> and the host plant	179
THOMSON, E. F., BICKEL, H. and SCHÜRCH, A. Growth performance and metabolic changes in lambs and steers after mild nutritional restriction	183
WATHES, C. M., SPECHTER, H. H. and BRAY, T. S. The effects of light illuminance and wavelength on the growth of broiler chickens	195
SINGH, S. P. Control of Zn, Cu and Mn activities in alkaline and calcareous soils equilibrated with EDTA	203
SEN, H. S., SURIYA RAO, A. V., MAHATA, K. R. and DAS, P. C. Water diffusivity of germinating soya-bean, cow-pea and blackgram seeds at both large and small times	209
GUIRGIS, R. A., ASHMAWY, G. and ABU EL-EZZ, S. S. Postnatal changes in some skin and wool characteristics associated with vitamin A blood concentration	215
SHORT NOTES	
ANTONIEWICZ, ANNA M. and PISULEWSKI, P. M. Measurement of endogenous allantoin excretion in sheep urine	221
MOHANTY, C. R. and GANGOPADHYAY, S. Variation of leaf angle and incidence of rice blast disease	225
ALAKU, O. and STEINBACH, J. A note on kidney weight in Large White pigs reared in the humid tropics of southern Nigeria	229
MORE, T. Effect of water deprivation on urinary concentrations of creatinine and nitrogen in sheep	233
FUJIHARA, T. and NAKAO, T. Eating and rumination behaviour in sheep given silage made from the fibrous residue of broad bean (<i>Vicia faba</i> L.)	237
