## WHOLE-TIME COURSES FOR POSTGRADUATE STUDENTS

*17 February–24 May 1969 and 5 August–1 November 1969*

BASIC SCIENCES CLASS for Part I D.L.O. students.

This consists of approximately 50 lecture/demonstrations on the anatomy of the head, neck, thorax and brain; 20 lectures covering the physiological aspects; 6 on applied pharmacology; and 8 on histological and pathological and bacteriological subjects. Facilities are also available for dissection of the relevant parts, and this occupies about 120 hours.

*6 January–15 February 1969 and 30 June–9 August 1969*

INTENSIVE CLINICAL LECTURE PERIOD for Part II D.L.O. and other students.

These periods are primarily designed to give a clinical survey of the whole field of the Specialty as a preliminary to practical clinical training. At the completion of the Intensive Lecture Period, selected students may be given the opportunity to serve as house surgeons in the associated hospitals.

*19 May–31 May 1969 and 5 November–18 November 1969*

PRACTICAL REVISION CLASS for Part II D.L.O. students.

This is intended for those students who are well advanced in preparation for the examination and need only the opportunity for a final review. The class includes demonstrations of selected clinical cases and viva voce examinations.

*17 March–29 March 1969 and 29 September–11 October 1969*

This is limited to senior students who are about to take the Final examination. In addition to a series of lecture/discussions at the appropriate level in the Specialty and in related branches of general surgery, there are a number of clinical and viva voce sessions and arrangements for a number of clinical and viva voce sessions and arrangements for the setting and correction of test papers.
