This eleventh volume of the *Annual Review of Applied Linguistics*, like the preceding volumes which were published beginning in 1981, is respectfully dedicated to the many professional Applied Linguists who were involved in helping to launch and sustain this publication; to those who have helped to formulate the framework for this and the previous volumes; to those who have generally contributed to the series, and to all Applied Linguists and their students who, hopefully, will reap some benefit from its existence.

**Annual Review of Applied Linguistics**  
**Vol. 11 • 1990**
