Essays on the Cultural History of Vienna and Budapest

Péter Hanák

With a preface by Carl E. Schorske

A century ago, Vienna and Budapest were the capital cities of the increasingly unstable Austro-Hungarian empire and scenes of intense cultural activity. However, as Péter Hanák shows in these vignettes of fin-de-siècle life, the intellectual and artistic vibrancy common to the two cities emerged from deeply different civic cultures.

Hanák surveys the urban development of the two cities and reviews the effects of modernization on their cultural lives. In so doing, he paints a remarkable portrait of turn-of-the-century life in Central Europe. His focus on mass culture and everyday life offers important new insights into the cultural currents that shaped the course of the twentieth century.

"Péter Hanák was one of Central Europe's most respected cultural historians, who in the course of his long academic career developed a marvelous sense of appreciation for Vienna and Budapest. [His essays are] erudite, charming, and witty. . ."—Istvan Deak, Columbia University

Exclusive Revolutionaries

Liberal Politics, Social Experience, and National Identity in the Austrian Empire, 1848–1914

Exclusive Revolutionaries traces the development of German liberal and later nationalist culture in imperial Austria from the revolutions of 1848 to the outbreak of World War I. Drawing on archival research from several regions of the former Habsburg Monarchy, Pieter M. Judson provides a clear, chronological political narrative that demonstrates the continuing influence of liberal ideas and values well after the defeat of liberal political parties.

ANNOUNCES A NEW SERIES:

Austrian History, Culture, and Society

In the past, Austria was the center of a large multinational and multiethnic empire, the second-largest state in Europe; it was also the heart of much cultural development, particularly in music. At the turn of the last century, it gave birth to modern psychology, philosophy, economics, and music. In the contemporary world, Austria has played a key role between Eastern and Western Europe; it has served as a model of a democratic society and of a successful economy; it participates fully in the new European Union and is active in working with its old dominions and neighbors in East-Central Europe helping them in their renaissance. In also faces many of the problems of the modern period: ethnic antagonisms, questions of women's and immigrants' rights, and the possible loss of economic and political sovereignty in the new unified Europe. This series presents studies drawn from many of these rich aspects of Austrian life and history.

Die Großglockner-Hochalpenstraße

Zur Geschichte eines österreichischen Monuments

WUV 1998. 460 Seiten, gebunden,
öS 498,- / DM 69,- / sFr 63,-
ISBN 3-85114-336-1

In den dreißiger Jahren baute die Republik Österreich Aussichtsstraßen in touristisch attraktive Landschaften, die im Ständestaat zu patriotischen Imageträgern wurden. Das berühmteste Beispiel ist die Großglockner-Hochalpenstraße. Ihre über die Jahrzehnte anhaltende Popularität liegt auch in der Bedeutung als nationales Symbol für die Selbstfindung der Republik.

Der Historiker Rigele erzählt ihre Baugeschichte. Die Analyse des umfangreichen historischen Materials ergibt die Geschichte eines Monuments, an dessen Entstehung sich die Züge der Zeit ablesen lassen.

Der Alpinismus

Kultur – Organisation – Politik

WUV 1996. 666 Seiten, gebunden,
öS 498,- / DM 69,- / sFr 63,-
ISBN 3-85114-273-X

Das Buch ist die erste umfassende Gesellschaftsgeschichte des österreichischen und deutschen Alpinismus von den Anfängen im 18. Jahrhundert bis zur Gegenwart. Es erzählt nicht nur die faszinierende Geschichte der Erschließung der Alpen im Kontext der Sportgeschichte, sondern auch deren dunkle Kapitel. Zentrale Abschnitte behandeln die Vereinsbildungen im Zeitalter von Liberalismus und Nationalismus im 19. Jahrhundert, die radikalkonservative und völkisch-antisemitische Orientierung der bürgerlichen alpinen Vereine seit der Jahrhundertwende, die Entwicklung des sozialdemokratischen Touristenvereins „Die Naturfreunde“, die willige Unterstützung der nationalsozialistischen Kriegsführung durch den Deutschen Alpenverein und die – versäumte? – Auseinandersetzung mit der Vergangenheit in der Nachkriegszeit.

The Challenge of Globalization and Institution Building

*Lessons from
Small European
States*

EDITED BY
RANDALL W. KINDLEY AND
DAVID F. GOOD

This volume breaks new ground in the study of the monetary and economic adaptations that have occurred and must continue to occur in the face of increasing international economic integration. It does so by drawing upon the rich experience of the small countries of Europe to address the issue. It examines the rapid pace of industrialization and its effect on neocorporatism and argues that this experience may help us see our own

future; it examines the tie between monetary policy and economic governance in the small European states; and it adopts a post-cold war perspective by comparing the experience of the transition economies of the former East Bloc with that of small states in Western Europe. The latter dimension is especially valuable, for this is one of the few available books to compare Eastern and Western European economies.

THE HABSBURG EMPIRE: From Dynasticism to Multinationalism

by Paula Sutter Fichtner

Orig. Ed. 1997 (Anvil Series) 236 pp.
ISBN 0-89464-896-9 Paper \$16.50

Dr. Fichtner presents a concise summary of the development and problems of the Habsburg Empire as a multiethnic state from the sixteenth century to the end of World War I. Twenty-six documents, some from local journals and periodicals of the era, illustrate the political, cultural, and economic relations of the Habsburg peoples, both with their rulers and with one another.

RISE OF THE HABSBURG EMPIRE 1526-1815

by Victor S. Mamatey

Orig. Ed. 1971, Reissue 1995 w/updated bibliographical essay 192 pp. ISBN 0-89464-920-5 Paper \$11.50

This is a general outline of the rise of the Habsburg empire from its formation after the Battle of Mohacs in 1526 to the Congress of Vienna in 1815, when for the first time it acted in a great international forum under its own identity as the empire of Austria.
