Many Oxford Books on Africa are well known to students of Africana. Teachers and others at work in areas of culture contact are also familiar with a wide range of vernacular books, books for teaching English and other school subjects, and other books for Africa published by the Oxford University Press. In particular *Oxford Progressive English* is an efficient series of carefully planned and graded text-books and readers for teaching English as a second language, based on the latest researches in the subject. And for African adults who wish to become literate and learn English, a new first course called *English Through Pictures* has been prepared. The Publisher will be glad to supply any further information that may be required.
