

# THE IMPOSSIBLE OFFICE?

## THE HISTORY OF THE BRITISH PRIME MINISTER

SIR ANTHONY SELDON

Assisted by Jonathan Meakin and Illias Thoms

Marking the third centenary of the office of Prime Minister, this book explains how and why it has endured longer than any other democratic political office. Sir Anthony Seldon, historian of Number 10 Downing Street, explores the lives and careers of our great Prime Ministers, discussing which have been most effective and why.

'A brilliant, panoramic survey of the fifty-five individuals who have been prime minister since Robert Walpole - and their families too... A must read.'

*Andrew Adonis, former transport minister, education minister and Head of No. 10 Policy Unit, and author of Ernest Bevin, Labour's Churchill*

'Three hundred years of one of the world's most difficult jobs is worth some reflection - and there is no better way to go about that than to read this excellent book... There is much here to inform everyone from the general reader to the political addict.'

*William Hague, former Leader of the Opposition, First Secretary of State, Foreign Secretary, and Leader of the House of Commons*
