The Jubilee Festival in celebration of the sixtieth birthday of Professor Ino Kubo was held on December 2nd, 1934, in the Rhinological Clinic of the Royal Kyushu University at Fukuoka. Nearly 300 professors and specialists from Japan, Korea, Manchukuo and other parts of the world were present. Professor Kubo gave a farewell lecture and a bust of him was unveiled in the garden of the Clinic.

The Annual General Meeting of the Shareholders of the *Journal of Laryngology and Otology* will be held at 1 Wimpole Street, on Friday, March 1st, at 6.30.

Peroral Endoscopy Table

Fitted with Head Rest for BRONCHOSCOPY, ŒSOPHAGOSCOPY,
NASAL OPERATIONS Etc.

Designed by V. E. NEGUS, M.B., B.S., F.R.C.S.

The head rest enables the operator himself to place the patient in the desired position for a variety of operations. All parts touched by the operator are sterilisable.

The apparatus is an elaboration of Haslinger's Bronchoscopic head rest, but its range of utility is extended to enable the patient to be supported with the shoulders beyond the end of the table for œsophagoscopy, and to be kept in the correct attitude during operations performed in the sitting or semi-sitting position.
