Meehan, Consultant in Mental Illness in Waltham Forest, Essex, 2 November 1987.</p> |
|---|--|

The Editors would welcome information about recent consultant appointments from other Regional Health Authorities.

New Publication

Behaviour Problems in Mental Handicap: An Annotated Bibliography 1970–1985. By Kenneth Day, Joyce Hamilton and Paul Smith. London: Gaskell (Royal College of Psychiatrists). 1988. Pp 144. £7.50.

The purpose of this bibliography is to present the literature in an orderly fashion, and in an annotated form, which will

be of use to practitioners, service planners, those running professional training courses, and researchers.

It is concerned only with behaviour problems: mental illness superimposed on mental handicap, and delinquency, are not covered. There is a brief list of recent reviews of autism: articles on that subject are included where there are associated mental handicap and behaviour problems.
