Alfred Russel Wallace

A Life
Peter Raby

This new biography of Alfred Russel Wallace traces the development of one of the most remarkable scientific travelers, naturalists, and thinkers of the nineteenth century. With vigor and sensitivity, Peter Raby reveals his subject as a courageous, unconventional explorer and a man of exceptional humanity. He draws more extensively on Wallace's correspondence than has any previous biographer and offers a revealing yet balanced account of the relationship between Wallace and Charles Darwin.

"An excellent and inspiring read."

Shopping for Pleasure

Women in the Making of London's West End
Erika Diane Rappaport

In *Shopping for Pleasure*, Erika Diane Rappaport reconstructs London's Victorian and Edwardian West End and shows how shopping came to be seen as the quintessential leisure activity for middle- and upper-class women.

"A fascinating as well as an erudite book."

—Elaine Showalter, *London Review of Books*

"A thoughtful and accessible study that illuminates the period in a new and colorful way."

WAR DIARIES 1939–1945

Field Marshal Lord Alanbrooke
Edited by Alex Danchev & Daniel Todman
For most of the Second World War Lord Alanbrooke, was Britain's Chief of the Imperial General Staff and Winston Churchill's principal military adviser, and antagonist, in the inner councils of war. His diaries—published here for the first time in complete and unexpurgated form—are one of the most important and the most controversial military diaries of the modern era.

The Chicago Guide to Your Academic Career

A Portable Mentor for Scholars
from Graduate School through Tenure

"Why wasn't *The Chicago Guide to Your Academic Career* around when I was first starting out? It could certainly have quickly cleared up a great deal of mystification—and saved me a lot of heartache. The authors, in no-nonsense readable prose, help hopefuls navigate what we know are the uncommonly treacherous (though deceptively calm) waters of academic careers. From the first glimmer of ambition to the all-important game plan for promotion and tenure, wise and compassionate colleagues use their own and others' experiences to help give neophytes their best shot at survival—and success."
