# Contents

## PART 1 (FEBRUARY 1965)

	PAGE
Obituary . . . . .	1
HAMMERTON, JOHN L. and EDWARDS, R. S. The yields of barley following leys based on different grass species. (With Five Text-figures) . . . . .	3
SABA, N. Plasma cortisol levels in pregnant ewes . . . . .	11
ENYI, B. A. C. Soil moisture as a factor influencing the degree of response of an upland rice plant to increasing supply of nitrogen and phosphorus. (With Two Text-figures). . . . .	15
SEEBECK, R. M. A comparison of the progeny of three breeds of fat lamb sires . . . . .	19
GORDON, JOHN G. The effect of water deprivation upon the rumination behaviour of housed sheep . . . . .	31
CLAPPERTON, J. L., JOYCE, J. P. and BLAXTER, K. L. Estimates of the contribution of solar radiation to the thermal exchanges of sheep at a latitude of 55° north. (With Fourteen Text-figures) . . . . .	37
GOUWS, L. and KISTNER, A. Bacteria of the ovine rumen. IV. Effect of change of diet on the predominant type of cellulose-digesting bacteria. (With Three Text-figures) . . . . .	51
ROBINSON, D. W., PRESCOTT, J. H. D. and LEWIS, D. The protein and energy nutrition of the bacon pig. IV. Digestible energy values of cereals in pig diets. (With One Text-figure) . . . . .	59
BATH, I. H. and ROOK, J. A. F. The evaluation of cattle foods and diets in terms of the ruminal concentration of volatile fatty acids. (With Three Text-figures) . . . . .	67
ZALESKI, A. White clover investigations. II. Effect of companion grasses and methods of sowing on seed production . . . . .	77
AMIR, D. and VOLCANI, R. The sexual season of the Awassi fat-tailed ewe. (With Two Text-figures) . . . . .	83
BRAUDE, R. and LYON, MARILYN R. Comparison of three practical rations for growing pigs . . . . .	87
WIDDOWSON, F. V., PENNY, A. and WILLIAMS, R. J. B. An experiment measuring effects of N, P and K fertilizers on yield and N, P and K contents of grass. (With Two Text-figures) . . . . .	93
DEVINE, J. R. and HOLMES, M. R. J. Field experiments comparing winter and spring applications of ammonium sulphate, ammonium nitrate, calcium nitrate and urea to grassland. (With Two Text-figures) . . . . .	101
HEMINGWAY, R. G., RITCHIE, N. S., BROWN, NOBA A. and PEART, J. N. Effects of grazing management on plasma calcium and magnesium concentrations of ewes in early lactation. (With Two Text-figures) . . . . .	109
AMIR, D. and VOLCANI, R. Seasonal fluctuations in the sexual activity of Awassi, German Mutton Merino, Corriedale, Border-Leicester and Dorset Horn rams. I. Seasonal changes in semen plasma volume and its fructose and citric acid concentrations. (With Two Text-figures) . . . . .	115

	PAGE
AMIR, D. and VOLCANI, R. Seasonal fluctuations in the sexual activity of Awassi, German Mutton Merino, Corriedale, Border-Leicester and Dorset Horn rams. II. Seasonal changes in semen characteristics. (With Four Text-figures) . . . . .	121
AMIR, D., GENIZI, A. and VOLCANI, R. Seasonal fluctuations in the sexual activity of Awassi, German Mutton Merino, Corriedale, Border-Leicester and Dorset Horn rams. (With Two Text-figures) . . . . .	127
AMIR, D. and VOLCANI, R. Seasonal fluctuations in the sexual activity of Awassi, German Mutton Merino, Corriedale, Border-Leicester and Dorset Horn rams. IV. Seasonal changes in the spermatogenic activity of Awassi rams and their relationship to the fructose and citric acid contents of semen. (With Two Text-figures) . . . . .	131
BROWN, W. O. and KERR, J. A. M. Losses in the conservation of grassland herbage in lined trench silos. I. A comparison of long and lacerated silages made by the warm fermentation process . . . . .	135
BROWN, W. O. and KERR, J. A. M. Losses in the conservation of grassland herbage in lined trench silos. II. Comparison of lacerated silages of low and high dry-matter content made by the cold fermentation process . . . . .	143

## PART 2 (APRIL 1965)

GORDON, J. G. The relationship between rumination and the amount of roughage eaten by sheep. (With One Text-figure) . . . . .	151
HAMILTON, HERMAN A. Influence of phosphorus and potassium on forage yields in relation to fertilization and stage of harvest of an oat companion crop . . . . .	157
HOLLIDAY, R., HARRIS, P. M. and BABA, M. R. Investigations into the mode of action of farmyard manure. I. The influence of soil moisture conditions on the response of main-crop potatoes to farmyard manure. (With One Text-figure). . . . .	161
FREE, J. B. The effect on pollen collection of feeding honey-bee colonies with sugar syrup. (With One Text-figure) . . . . .	167
BLAIR, R. and ENGLISH, P. R. The effect of sex on growth and carcass quality in the bacon pig	169
CASTLE, M. E., REID, D. and HEDDLE, R. G. The effect of varying the date of application of fertilizer nitrogen on the yield and seasonal productivity of grassland. (With Two Text-figures) . . . . .	177
REID, D. and CASTLE, M. E. The response of grass-clover and pure-grass leys to irrigation and fertilizer nitrogen treatment. (With Two Text-figures) . . . . .	185
BROWN, N. J., FOUNTAINE, E. R. and HOLDEN, M. R. The oxygen requirement of crop roots and soils under near field conditions. (With Eight Text-figures) . . . . .	195
EKPETE, D. M. and CORNFIELD, A. H. Effect of varying static and changing moisture levels during incubation on the mineralization of carbon in soil. (With Two Text-figures) . . . . .	205
JOHNSTON, MARGARET J. and WAITE, R. Studies in the lignification of grasses. I. Perennial rye-grass (S. 24) and cocksfoot (S. 37). (With Two Text-figures) . . . . .	211

	PAGE
BLIGH, J. and LAMPKIN, G. H. A comparison of the deep-body temperature of Hereford and zebu cows recorded continuously by radio-telemetry under similar field conditions. (With Six Text-figures) . . . . .	221
CUNNINGHAM, R. K. and KARIM, A. Cation-anion relationships in crop nutrition. IV. Maximum contents of cations and anions in Italian rye-grass. (With Two Text-figures)	229
OKORIE, I. I., HILL, D. H. and McILROY, R. J. The productivity and nutritive value of tropical grass/legume pastures rotationally grazed by N'Dama cattle at Ibadan, Nigeria. (With Eight Text-figures) . . . . .	235
PÁLSSON, H. and VERGÉS, JUAN B. The effect of the plane of nutrition on the shape of the ribs in lambs. (With Two Text-figures) . . . . .	247
AKKADA, A. R. ABOU and EL-SHAZLY, K. Effect of presence or absence of rumen ciliate protozoa on some blood components, nitrogen retention and digestibility of food constituents in lambs . . . . .	251
INNES, N. L. Inheritance of resistance to bacterial blight of cotton. I. Allen ( <i>Gossypium hirsutum</i> ) derivatives . . . . .	257
PATTERSON, D. S. P. The association between depot fat mobilization and the presence of xanthophyll in the plasma of normal sheep. (With Two Text-figures) . . . . .	273
WALKER, D. M. and CAMPBELL, M. K. The development of the digestive system of the young animal. VII. The total and partial apparent digestibility of a pelleted diet by lambs and adult sheep . . . . .	279
SPEDDING, C. R. W., LARGE, R. V., BROWN, T. H. and WILSON, I. A. N. The use of 'worm-free' sheep in grazing experiments. (With One Text-figure) . . . . .	283

PART 3 (JUNE 1965)

LANGER, R. H. M. and STEINKE, T. D. Growth of lucerne in response to height and frequency of defoliation. (With One Text-figure) . . . . .	291
SMITH, C. A. The grazing habits of African-owned, East African zebu cattle in Zambia (Northern Rhodesia). (With Two Plates and Two Text-figures) . . . . .	295
GASSER, J. K. R. Effects of 2-chloro-6-(trichloromethyl)-pyridine on the nitrification of ammonium sulphate and its recovery by rye-grass. (With One Text-figure) . . . . .	299
BROWN, W. O. and McCracken, K. J. The partition of certain mineral nutrients in the colostomised laying pullet and the determination of faecal endogenous calcium and phosphorus excretion by an isotopic dilution method . . . . .	305
GUNN, R. G. Levels of first winter feeding in relation to performance of Cheviot Hill ewes. III. Tissue and joint development to 12 and 18 months of age . . . . .	311
JONES, D. I. H., AP GRIFFITH, G. and WALTERS, R. J. K. The effect of nitrogen fertilizers on the water-soluble carbohydrate content of grasses. . . . .	323
HEARD, A. J. The effect of the nitrogen content of residues from leys on amounts of available soil nitrogen and on yields of wheat. (With One Text-figure) . . . . .	329

	PAGE
KYDD, D. D. Fertilizer and management responses on permanent downland pasture grazed by cattle. (With One Text-figure). . . . .	335
MORRIS, J. G. and O'BRYAN, M. S. Finishing cattle on sorghum grain and sorghum silage. Effect of hormone implantation and urea. (With Two Text-figures) . . . . .	343
FYFE, J. L. and ROGERS, H. H. Effects of varying variety and spacing on yields and composition of mixtures of lucerne and tall fescue . . . . .	351
BLEASDALE, J. K. A. Relationships between set characters and yield in maincrop potatoes. (With Six Text-figures). . . . .	361
BAYLEY, H. S. and LEWIS, D. The use of fats in pig feeding. I. Pig faecal fat not of immediate dietary origin. (With Two Text-figures) . . . . .	367
BAYLEY, H. S. and LEWIS, D. The use of fats in pig feeding. II. The digestibility of various fats and fatty acids . . . . .	373
CUNNINGHAM, R. K. and NIELSEN, K. F. Cation-anion relationships in crop nutrition. V. The effects of soil temperature, light intensity and soil-water tension. (With Five Text-figures)	379
ELLIOTT, R. C., REED, W. D. C., CMELIK, S. H. W. and TOPPS, J. H. The effect of season and of supplementary feeding on the rumen contents of African cattle grazing subtropical herbage. I. Distribution of nitrogen and dry matter. (With Four Text-figures) . . . .	387
TOPPS, J. H., REED, W. D. C. and ELLIOTT, R. C. The effect of season and of supplementary feeding on the rumen contents of African cattle grazing subtropical herbage. II. pH values and concentration and proportions of volatile fatty acids. (With Two Text-figures)	397
SMITH, C. A. Studies on the <i>Hyparrhenia</i> veld. VI. The fertilizer value of cattle excreta . . . .	403
LAMPKIN, G. H. and KENNEDY, J. F. Some observations on reproduction, weight change under lactation stress and the mothering ability of British and crossbred-Zebu cattle in the tropics . . . . .	407
HIGHT, G. K. and BARTON, R. A. The effects of undernutrition and re-alimentation on the Romney ewe. (With One Text-figure) . . . . .	413
MARTIN, I. C. A. Effects of rate of cooling to 5° C, storage at 5° C, glycerol concentration, sodium chloride, fructose and glycine on the revival of deep-frozen bull spermatozoa. (With Four Text-figures) . . . . .	425
INNES, N. L. Inheritance of resistance to bacterial blight of cotton. II. Intra-herbaceum crosses . . . . .	433
BARLOW, C. The use of special-purpose grasses for silage production. I. A comparison of varieties. (With Two Text-figures) . . . . .	439
GAILLARD, BLANCHE D. E., BAILEY, R. W. and CLARKE, R. T. J. The action of rumen bacterial hemicellulases on pasture plant hemicellulose fractions. (With One Text-figure) . . . .	449

# CONTENTS

	PAGE
LANGER, R. H. M. and STEINKE, T. D. Growth of lucerne in response to height and frequency of defoliation. (With One Text-figure)	291
SMITH, C. A. The grazing habits of African-owned, East African zebu cattle in Zambia (Northern Rhodesia). (With Two Plates and Two Text-figures)	295
GASSER, J. K. R. Effects of 2-chloro-6-(trichloromethyl)-pyridine on the nitrification of ammonium sulphate and its recovery by rye-grass. (With One Text-figure)	299
BROWN, W. O. and McCRACKEN, K. J. The partition of certain mineral nutrients in the colostomised laying pullet and the determination of faecal endogenous calcium and phosphorus excretion by an isotopic dilution method.	305
GUNN, R. G. Levels of first winter feeding in relation to performance of Cheviot hill ewes. III. Tissue and joint development to 12 and 18 months of age	311
JONES, D. I. H., AF GRIFFITH, G. and WALTERS, R. J. K. The effect of nitrogen fertilizers on the water-soluble carbohydrate content of grasses	323
HEARD, A. J. The effect of the nitrogen content of residues from leys on amounts of available soil nitrogen and on yields of wheat. (With One Text-figure)	329

*The Journal of Agricultural Science* is issued every other month in parts of about 150 pages with plates and figures, three parts constituting a volume. Two volumes yearly.

Quotations for available back volumes and parts may be obtained on application to the Cambridge University Press.

Papers for publication should be typewritten or written in a very legible hand, and may be sent to Dr G. D. H. BELL, Plant Breeding Institute, Maris Lane, Trumpington, Cambridge, or to the Associate Editors. Other communications should be addressed to the University Press, Cambridge.

If Plates in excess of one per 24 pages of text or coloured plates are submitted the author may be asked to bear the cost of such Plates.

The lettering on text figures should be clear of the illustration and indicating by blue pencilled lines the desired position.

Bibliography should be given in the form of 'References' in the following form:

Surname of authors (in alphabetical order), initials, date of publication (in brackets), title of Journal (abbreviated according to the *World List of Scientific Periodicals*), volume and page of reference. In the text a reference should be quoted by the author's name and date (in brackets).

All names of Journals and books are set in italics; they should be indicated on the typescript by underlining.

Contributors will receive twenty-five copies of their papers free.

The subscription price, payable in advance, is 75s. net per volume (post free); single numbers 32s. 6d. net. Subscriptions may be sent to any bookseller, or to The Cambridge University Press, Bentley House, 200 Euston Road, London, N.W. 1.

Subscription price in the U.S.A. is \$13.50 per volume; single numbers \$5.50. Enquiries should be addressed to the Cambridge University Press, American Branch, 32 East 57th Street, New York, N.Y. 10022.

*Printed in Great Britain at the University Printing House, Cambridge*
