

Announcement and Call for Abstracts **Fifth Asia-Pacific Conference on** **Disaster Medicine**

27th to 30th September, 2000

Vancouver, British Columbia, Canada

A Project of Asia-Pacific Conferences on Disaster Medicine

Mission

To provide a professional forum to explore disaster management techniques and to discuss emergency medical methods, models, and technologies.

Conference Focus

Facilitate mutual learning of Disaster Medicine by sharing ideas and developing new, unique, and optimal multi-disciplinary approaches to provide a better responses to and help mitigate against the effects of disasters

Conference Endorsed by:

Disaster Preparedness Resources Centre and Faculty of Medicine
of The University of British Columbia, The Province of British Columbia
and in cooperation with
The Government of Canada

Abstracts

Persons interested in preparing a paper or poster should submit an abstract for review by the Program Committee. Presentations of papers should be designed to not exceed 15 minutes. Format provided on Website: www.safety.ubc.ca/5APCDM

Deadline for submissions is 29th February 2000

- * Abstracts shall be reviewed by the Conference International Advisory Committee for acceptance.
- * Notification of abstract acceptance will not be later than 01 April 2000.
- * Papers at the plenary sessions and by invited speakers will be published as part of the conference proceedings.

Mail Abstracts to:

Asia Pacific Conference on Disaster Medicine
The University of British Columbia Disaster Preparedness Resources Centre
2206 East Mall, 4th Floor
Vancouver, BC. V6T 1Z3
E-mail: dprc@interchange.ubc.ca

Headquarters

c/o Department of Emergency & Critical Care Medicine
Nippon Medical School

Tel: +81-3-5814-6199; FAX: +81-3-3821-5102; E-mail: nino@nms.ac.jp

Announcement and Call for Abstracts
2nd Pan American Congress
Disaster and Emergency Medicine
(Medicina Catástrophes y de Emergencia)
Mexico City, Mexico
22-24 May 2000

In association with the
World Association for Disaster and Emergency Medicine (WADEM)
Pan-American Health Organization (PAHO)
Mexican Social Security Institute
Mexican Academy of Surgeons
Mexican Society of Emergency Medicine
Mexican Association of Trauma Surgery
Mexican Chapter of the American College of Physicians
Mexican Association of Critical Medicine and Intensive Care

Programme

Humanism in Disasters	Emergency and Critical Care
Preparedness	Medicine and Nursing
Terrorism	Evaluation in Disasters
Complex Emergencies	Economics
Legislation and Preparedness	Rehabilitation
Role of the Military	Relations with the Media
Assessments of Damage and Needs	Relief Activities
Public Health	Coordination and Control
Search and Rescue	Disaster Management
Prehospital Care	Vision into the Future
Management of Injuries	

Abstracts

not exceed 250 words in English or Spanish to:

Prehospital and Disaster Medicine
E5/613 Clinical Sciences Center
600 North Highland Avenue
Madison, WI 53792 USA

or

e-mail as an attachment to: mlb@medicine.wisc.edu

Discounted Fees for Preconference Courses and Congress for members of WADEM or associated organizations and for early registration (by 15 April 2000)

Annals of Burns and Fire Disasters
VOLUME XII, NUMBER 1, MARCH 1999

Official Publication of The Mediterranean Club for Burns and Fire Disasters (MBC). (Formerly The Mediterranean Burns Club)

Table of Contents

- 3 **A Study of Burns Among Workers in Assiut Cement Factory, Egypt, 1998**
(El-Megeed H.S.A., El-Din S.M.A., KOTB S.A., El-Oteify M.A.—Egypt)
- 8 **Brulures Graves Chez L'Adulte—A Propos De 600 Cas**
(Mitiche B., Behloul M., Hadjem K., Taibi S., Bouattou F., Oucherif H., Doukh A. Abchiche M.O.—Algérie)
- 11 **The Effect of Early Tube Feeding on Serum Copper and Zinc Level in Burned Children**
(Gümüs N., Dalay C., Arslan E., Uslular S., Kıvanc K.—Turkey)
- 14 **A New Delivery System of Antibiotics in the Treatment of Burn Wounds**
(Giannola L.I., De Caro V., Adragna E., Giandalia G., Giannola G., D'Arpa N., Napoli B., D'Amelio L.M., Genovese L.M., Lombardo C., Masellis M.—Italy)
- 20 **A Preliminary Clinical Study of Bifidobacteria Preparation in the Treatment of Post-Burn Diarrhoea in Children**
(Jun Chen, Ya Ping Zhang, Guang Xia Xiao—China)
- 23 **Utilisation des Membranes Amniotiques Chez Les Brulés—A Propos de 25 Cas**
(Mitiche D., Larbi-Dahou B.M., Bouatou F., Abichiche M.O., Djeflal A., Mahlous M.—Algérie)
- 25 **Total Burn Wound Excision of Massive Paediatric Burns in the First 24 Hours Post-Injury**
(Barret J.P., Wolf S.E., Desai M.H., Herndon D.N.—Texas)
- 28 **Classification of Pathological Burn Scars**
(Magliacani G., Stella M., Castagnoli C.—Italy)
- 32 **Tissue Expansion: A Possibly Valid Reconstructive Alternative in Electric Burns of the Mouth**
(Atiyeh B.S.—Lebanon)
- 36 **Reconstruction of the Vulva in a Female Patient Having Longstanding Genital Burn Contracture with Severe Web and Marjolin's Ulcer: A Case Report**
(Sönmez Ergün S., Iscen Cek D., Ulay M.—Turkey)
- 39 **Burn-like Syndromes**
(Atiyeh B.S., Kayle D.I., Nasser A.A.—Lebanon)
- 44 **Guidelines for Fire Disaster Medical Management in the Mediterranean Countries**
(Magliacani G., Masellis M.—Italy)

Editors **M. Masellis M.D.**
S.W.A. Gunn M.D.

Annals of Burns and Fire Disasters
VOLUME XII, NUMBER 2, JUNE 1999

Official Publication of The Mediterranean Club for Burns and Fire Disasters (MBC).
(Formerly The Mediterranean Burns Club)

Table of Contents

- 67 **Fire Disaster and Burn Disaster: Planning and Management**
Masellis M., Ferrara M.M., Gunn S.W.A.—Italy
- 77 **Epidemiological Survey of Children's Burns in Bulgaria and a Burn Prevention Programme**
(Hadjiiski O., Dyakov R., Atanassov N.—Bulgaria)
- 81 **Aetiologies and Outcomes of Burns in Infants Under One Year Old**
(Arslan E., Dalay C., Cinaroglu E., Aksoy M.K., Acartürk S.—Turkey)
- 84 **Gram-Negative Bacterial Surveillance in Burn Patients**
(Arslan E., Dalay C., Yavuz M., Göcenler L., Acartürk S.—Turkey)
- 88 **Acute Colonic Pseudo-Obstruction (Ogilvie's Syndrome)—A Rare Complication of Severe Thermal Injury. Report on Two Cases**
(Tsoutsos D., Tsakou E.G., Lykoudis E., Stamatopoulos C., tatoulis P, Ioannovich J.—Greece)
- 92 **Traitement Urgent et Intermediaire Des Lesions Provoquees Par Le Courant Electrique De Haut Voltage**
(Colic M., Jovanovic M., Beokovic M.—Yougoslavie)
- 99 **Modulation by Aspirin of Platelet Function in Burn Patients: Clinical and Laboratory Assessment**
(Kamel A.H., Ahmed Y.A.A., Thabet N.M., El-Haish M.K.—Egypt)
- 103 **Use of Mepitel on Grafted Areas in Burn Patients**
(Deveci M., Sengezer M., Kopal C.—Turkey)
- 107 **Expanded Supraclavicular Artery Island flap for Post-Burn Neck Reconstruction**
(Abdel-Razek E.M.—Egypt)
- 112 **Never Too Late? Burns and Fundamentalism**
(Raveh T., Eldad A.—Israel)

Editors **M. Masellis M.D.**

Annals of Burns and Fire Disasters
VOLUME XII, NUMBER 3, SEPTEMBER 1999

Official Publication of The Mediterranean Club for Burns and Fire Disasters (MBC).
(Formerly The Mediterranean Burns Club)

Table of Contents

- 131 **Burns: The Importance of the Domestic Environment.**
(Santos Heredero Ex., Jimenez Garcia R., Sanchez-Gabriel Lopez J., Marfinez Hernandez D., Arroyo Romo, Hamann C. – Spain)
- 139 **Survival in Paediatric Burns Involving 1100% Total Body Surface Area**
(Barrett J.P., Desai M.H., Herndon D.N. – USA)
- 142 **Examination of Serum Zinc, Copper, Magnesium, and Iron Levels in Patients with Electric and Flame/Scald Burns**
(Gumus N., Safran Z.B., Acarturk S., Abdulrezzak A. – Turkey)
- 146 **Antibiotic Salicylate Vaseline: A Topical Treatment of Choice In Burned Diabetic Patients?**
(Napoli B., D'Arpa N., Iaia A., Sferrazza G., Masellis M. – Italy)
- 150 **Subeschar Infiltration of Epinephrine Prior to Early Excision of Burn Wounds: Technical Refinements**
(Janezic T. – Slovenia)
- 154 **Adipofascial Turn-over Flap Combined With Nerve Reconstruction in Severe Injury of the Elbow**
(Calcagni M., Liguori G.C., Bollero D., Clemente A., Risso D., Stella M. – Italy)
- 158 **Free Arterialized Venous Flap**
(Ayad H.M. – Egypt)
- 164 **Superiorly Based Nipple-Areola Complex Flap: A Milestone For Reconstruction of the Post-Burn Deformed Breast**
(Elsayed M. Abdel-Razek – Egypt)
- 168 **Long-Term Psychological Effects of Burn Unit Admission Among Paediatric Patients with Minor Burns**
(Haddadin K.J., Kurdy K.A., Haddad A.I. – Jordan)
- 174 **Post-circumcision Keloid: A Case Report**
(Usama Saad Eldin – Egypt)

Editors **M. Masellis M.D.**

PREHOSPITAL and DISASTER MEDICINE

The Official Journal of
The World Association for Emergency and Disaster Medicine (WADEM)

NOW in its *Fifteenth* Volume
is the
ONLY Peer-Reviewed Medical Journal *DEVOTED*
to the publication of
Disaster and Humanitarian Medicine Research and Education

The principal mission of *Prehospital and Disaster Medicine* (PDM) is the distribution of information relevant to the practice of out-of-hospital and in-hospital emergency medical care, disaster medicine, and public health and safety. PDM provides an international forum for the reporting and discussion of scientific studies, both quantitative and qualitative, that have relevance to the above practices. Its major objectives are: 1) the improvement of the types and quality of the care delivered to patients with perceived medical emergencies and to victims of multi-casualty accidents or disasters, including the public health and safety aspects of such events; and 2) the prevention and/or mitigation of the occurrence of such events and of the effects of these events upon the human population and environment.

“By nature, people are pretty much the same, it is learning and practice that sets them apart.”

-Confucius

The World Association for Disaster and Emergency Medicine (WADEM) shares the common goal of improving and standardizing the quality of prehospital and emergency care that is available to citizens of all nations. WADEM is dedicated to the ideals of Learning and Practice through a commitment to publishing the journal, *Prehospital and Disaster Medicine*. WADEM also recognizes the organizations that have shown commitment and dedication in the fields of public education, continuing medical education, scientific research, and analyses of medical field practices.

Prehospital and Disaster Medicine (PDM)

PDM is the only internationally-focused, peer-reviewed journal that provides information about meeting the unforeseen challenges encountered in Prehospital Care and Disaster Management. Each issue contains scientific papers written by leading professionals and educators from around the world.

PDM Features:

- Original Research
- Special Reports
- Comprehensive Reviews
- Case Reports
- Calendar of International Congresses

International Quality Award for Disaster Management

WADEM promotes the worldwide development and improvement of Emergency and Disaster Medicine, though the:

INTERNATIONAL QUALITY AWARD FOR EXCELLENCE IN DISASTER MANAGEMENT

The Award recognizes organizations that are Committed to quality in Disaster Management.

POLYSAFE SAFETY BOX & INCINERATION CONTAINER

for safe and easy handling and destruction of used syringes and needles.

Shipping carton of 25 flat packed PolySafe 5 Safety Box and Incineration Container. Weight approximately 9 kg.

All major substances of *PolySafe* are chlorine free organic materials, such as recycled and virgin wood fibres derived from pulp obtained from fast growing Nordic forests. No harmful substances emitted into the air.

One *PolySafe 5* takes over 100 used syringes with needles and caps.

BIOHAZARD

3 minutes after ignition:
340 C/644 F

20 minutes after ignition:
618C/1144F

- Withstands rough handling in transit and in the field.
- The insides of the boxes absorb drops of fluid.
- To be ignited by match or cigarette lighter or burnt in an incinerator. Normal incineration time when individually burnt outdoors 20–45 minutes. Max. temperature at approx. 800° C/1472F ensures complete decontamination leaving a little ashes and metal only.
- Effective also in heavy rain, snow and on ice.
- Long shelf life proven in temperatures between -30° C/-86F to +40° C/104F.
- The middle of the front panel can be printed according to customer specifications, e.g. organization, sponsor and donor logos etc.
- Mill EN-ISO 9001 certified.
- Light weight/low volume logistics: 25 boxes of 5 ltr flat packed into a 22 ltr shipping carton, which can be used for the incineration of lightly soiled medical waste.

EQUIPMENT FOR FIELD HOSPITALS

Anaesthesia Machine MP-1

This model is designed for use with a "Draw-over" patient system. By using a resuscitator, ambient air is drawn through the vaporizer and to the patient. It also is possible to use oxygen from an oxygen concentrator.

Anaesthesia Machine MP-2

This is a MP-1 with flowmeters for O₂ and N₂O, as well as an O₂ flush value added. The MP-2 works on the same principles as anaesthesia machines found in most hospitals. It can be used as a "Draw-over" machine if the oxygen supply fails.

Anaesthesia Machine MP-3

This is a MP-2 with a ventilator, suction, and bag-in-a-bottle system added – a very sophisticated machine. The MP-3 also can be used as a "Draw-over" machine similar to the MP-1 and MP-2.

NorHosp Stretcher Racks

For use in aircraft, trains, buses, vans, and on-board ships. The rack system is manufactured from special aluminum profiles designed to provide maximum strength and a minimum weight. The rack system makes it possible to place up to 3 stretchers above each other.

NorHosp Stretcher System

The NorHosp stretchers are stable and easy to carry. The stretcher is made of aluminum sections and a tough tarpaulin material that allows passage of x-rays. The stretcher can be supplied with short or long legs, with or without wheels. The flexibility and high quality make the NorHosp stretcher unique.

Heatpac Heating System

Heatpac is a charcoal-based, hot-air generator that serves as a personal heater. The system has been purchased by military forces around the world. It also is well-suited for civil defence and rescue organizations. A rescue-bag, infusion sleeve, medical storage container, and thermal boots can be added to the system.

NORWEGIAN MOBILE HOSPITALS AND DISASTER UNITS

**For use in tents, containers,
or already existing buildings.
More information available
on request.**
